The Grassroots committee has the following events planned: June 11th will be the golf tournament at Highland Lake, and July 15th is the Pool Party at the Municipal Pool from 7:30-9:30 p.m. This is free to all RSH current and past employees and their families. We will be taking donations of non-perishable items to give to one of the local food pantries. August will be a back to school gift card drawing. September we are looking at a pizza fund raiser. More information about that will be forthcoming.

As we anticipate our budget for the next fiscal year, we are beginning to looking at items of major expense such as overtime costs, food, and drugs. You may well be hearing more about these areas as it is much better to be looking at these expenses early in the beginning of the fiscal year and to put appropriate measures in place to assure we stay within budget.

Leadership is also meeting with all departments this year to discuss their goals, challenges, and opportunities.

The new budget also calls for some capital projects for us, which will be very helpful. We currently have some plans for some work in building 417, RTC, and the Food Service building. DMHA also has capital funds for the Quadramed replacement project. I will be providing updates on all of these either through television or future newsletters.

Finally, we have been told by INDOT that they have some paving funds that will allow them to widen 5th street. That project is scheduled to be completed yet this spring.

Danny Lipps

By Mary Chaney

Dan Lipps began his career at RSH August 7, 1967 as a dairyman at the dairy barn; Dr. Klepfer was superintendent of RSH. At that time we had a herd of 80 dairy cows. Work began at

4:00 a.m. and ended at 5:00 p.m. The work day was ten hours long, four days a week. You were given an hour for breakfast and two hours for lunch. The milk was pasteurized, cream separated and placed in five gallon cans for hospital use. The dairy herd was sold in October, 1968, and Dan went to work in the laundry. September, 1969 Dan started working in the warehouse. Back then the warehouse kept all supplies, including food (except frozen) and housekeeping supplies. They also moved furniture. Kitchen orders were delivered every Monday, Wednesday and Friday. There were 1800 patients back then, and 40 units got supplies once a month. The warehouse would deliver 20 cases of orange juice a month to a unit. There were seven employees in the warehouse in 1968. In 1985 Dan became the warehouse supervisor. He enjoys his job and is proud to keep supplies in stock and make sure clients have what

they need on a daily basis.

Dan was born and raised in the New Paris, Ohio area and graduated in 1966 from New Paris Jefferson High School. He has one brother, David, and a sister, Kay. Dan has a daughter, Christina, and son in-law, Chad. He has three grandchildren, Kearstin age 14, Christian age 9, and Kassie Lynn age 8. They live in Pineville, Kentucky.

Dan is an avid gardener, and would put out 50 tomato plants, 12 bell pepper plants, 12 cabbages and so on in the garden plot at the corner of Indiana Avenue and 1st street. Back then employees could have an area to plant their gardens. Many employees benefited from Dan's garden - you see, he enjoyed growing it and giving it away. He enjoys fishing, tractor shows, and flea markets. You can always count on seeing him at the Preble County and Greenville Fairs. He has volunteered for over 30 years and the Preble County Pork Festival. He has helped cook the pork chops and also worked boning and grinding for that famous whole hog sausage.

Dan was an active member of the original Grassroots and participated in many Christmas dinners at the old employee dining room and helped with numerous cook-outs.

Congratulations to Our Graduates

Dr. Miller proudly announces that his daughter, Rebekah Miller, received a B.A. from Earlham College May 7th, 2011 with All College Honors and Department Honors in Biology.

Tim McDivitt is proud to say that he has earned his Master of Social Work degree from Indiana University 2011.

Wilma Paul proudly announces that her daughter-in-law, Neva Joy Paul, graduated from IU East with a Bachelor Degree in Nursing, May 13th, 2011.

Brenda Jeffries proudly announces that her daughter, Beth Jeffries, graduated from IUPUI with an Associate Degree in Continuing Studies, May 15, 2011. She has two children, Nick who is 8 and Riley who is 6 1/2, and works full-time for Purdue, and is married to Brian Via. This was a long time coming, and she did everything the hard way. But she did it!

Kathy Tuggle proudly announces that her daughter, Amanda

Tuggle, graduated May 11, 2011, from Ball State University with a Bachelor of Science in Psychology, Minor in Human Development. She has both her kids through college and is doing the high five dance! Kathy also went back to school and earned her Associate Degree in Applied Science Office Administration which she said only took her 30 years to get!

Elaine Marsh earned her Bachelor of Social Work Degree from IU East May 13th, 2011. She says she first began her degree in 1985, withdrew 3 times over the past 26 years, raised her family, tried to find out what to be when she grew up, and changed majors twice! Then in 2006 she went back to school and finished it this time. She wants to thank everyone for the encouragement, advice, support, friendship, and patience of family, friends, and co-workers and special thanks for the scheduling accommodations permitted by RSH.

Jeff Butler proudly announces that his son, Nathan Butler, graduated from I.U. Bloomington on May 7, 2011, with a Bachelor Degree in Sports Management.

Father's Day and June Wedding Traditions

Father's Day was the idea of Sonora Louise Smart Dodd of Spokane, Washington. Sonora, one of six children, wanted to pay tribute to her father, who after the death of her mother, raised Sonora and her five siblings on his own. After listening to a sermon on Mother's Day in 1910, Sonora approached the speaker in regards to a similar day to honor fathers. On June 6, 1910, during the meeting of local ministries at Spokane's YVCA building, Mrs. Dodd presented a petition that the third Sunday in June be set aside as a national Father's Day. The ministers endorsed the petition, and it soon gained the attention of many national figures including Woodrow Wilson. In 1914, Congress endorsed Father's Day. Then, in 1971, a proclamation by President Richard Nixon established Father's Day as an annual national observance.

June is the leading month for weddings. So, it is a good time to evaluate the phrase "A bride supposed to wear something old, something new, something borrowed and something blue." This wedding tradition comes from an English rhyme describing the custom of a bride to wear something old, something new, something borrowed and something blue. Something old signifies continuity and could be a piece of lace, jewelry or a handkerchief. Something new signifies optimism for the future and is often an article of clothing or the wedding rings. Something borrowed represents happiness, which is often a piece of jewelry from a happily married relative or friend. Something blue signifies fidelity, loyalty and love. In early biblical times, blue, not white symbolized purity. Both the bride and the groom usually wore a band of blue material around the bottom of their wedding attire. The six pence was originally presented to the bride's father who places a coin in the bride's shoe prior to leaving home for the church. In keeping with wedding traditions, here is something of interest. Why a best man?? In some societies a would-be groom had to abduct the bride of his choice. To make sure he would not be disturbed, while carrying her off the love of his life, a good friend accompanied him to fight off anyone who might attempt to try and stop him.
