

Draft Questions to Aid in the Development of a Stakeholder Survey

FSSA's ABD TaskForce is asking for your assistance in developing a survey for broad dissemination designed to gain input from individual stakeholders potentially impacted by a change in Medicaid Managed Care.

Please feel free to answer all, or some, of the questions below on an electronic copy. **Responses need to be submitted by July 19th to ABDTaskForce@fssa.in.gov.**

1. What goals and outcomes should a Medicaid managed care program for the aged, blind and disabled strive to achieve?
2. What barriers exist in achieving comprehensive coordinated care for aged, blind and disabled Medicaid enrollees?
3. What problems exist under the current program infrastructure and design that the State should strive to address?
4. What works today in the delivery and management of care for aged, blind and disabled enrollees that should be preserved?
5. Are there any populations which should be excluded from enrollment in a managed care model? Why?
6. Are there any services that should be carved-out from a managed care model? Why?
7. How should quality outcomes of a managed care program for the aged, blind and disabled be measured?
8. What are the advantages and disadvantages of a managed care model for the aged, blind and disabled?
9. What additional concerns do you have regarding management of these populations that the Task Force should take into consideration?
10. Do you have a proposal or ideas you would like to present to the Task Force? If yes, please provide your name and contact information.
