Please join us for the 9th annual Indiana Vision Expo! Brought to you by the Indiana Talking Book and Braille Library, this year's Expo will feature motivational speaker Craig MacFarlane, "The World's Most Celebrated Blind Athlete", who will be speaking at 10:30. Low vision specialists Dr. Richard Windsor and Dr. Laura Windsor of the Low Vision Centers of Indiana will be giving a presentation on the latest advancements in the treatment of eye diseases at 11:45.

The Expo will also feature our usual wide variety of vendors and non-profit agencies who provide the latest in adaptive technology, independent living aids, and other resources for all ages.

This year's event will again be held in conjunction with the annual Foundation Fighting Blindness VisionWalk, which will be held on the downtown canal adjoining the State Library prior to the start of the Expo.

This project is funded in part with a grant from the Institute of Museum and Library Services which administers the Library Services and Technology act.
