

Indiana's program to help low-income Hoosiers afford the cost of their employers' health insurance.

## Why participate?

Employers who employ Indiana residents

Who contribute at least 50% to employee premium costs

Who provide a federal Employer Identification Number

Who offer a health plan that meets the program's minimum benefits and affordability requirements

## How it works?

## What is HIP Employer Link?

Helps employees gain access to high quality, affordable health care

No cost to employers to participate

Helps recruit and retain staff

May help to lower insurance costs, including group premium rates

Does not disrupt your current health plan or the way you do business

## Who can participate?

### Easy Four-Step Process:

1. Complete a quick registration on our website and upload your insurance documents.
2. The state will determine if you are eligible.
3. HIP Employer Link staff will come to your work site and explain to employees how the program works (optional).
4. You verify employees once a month online.
