REPORT OF INDEPENDENT AUDITORS

Board of Trustees
Major Health Partners
Shelbyville, Indiana

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Major Health Partners (MHP), a component unit of Shelby County, which comprise the consolidated balance sheets as of December 31, 2015 and 2014, and the related consolidated statements of revenues, expenses and changes in net position, and cash flows, for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the Guidelines for Audits of County and City Hospitals by Independent Certified Public Accountants, issued by the Indiana State Board of Accounts. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to MHP's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MHP's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Board of Trustees
Major Health Partners
Shelbyville, Indiana

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of MHP as of December 31, 2015 and 2014, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis be presented to supplement the basic consolidated financial statements. Such information, although not a part of the basic consolidated financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic consolidated financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic consolidated financial statements, and other knowledge we obtained during our audit of the basic consolidated financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The supplementary information as listed in the accompanying table of contents is presented for purposes of additional analysis rather than to present the financial position, results of operations, and cash flows of the individual entities, and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The supplementary information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the consolidating information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

MAJOR HEALTH PARTNERS

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) DECEMBER 31, 2015 AND 2014

This section of Major Health Partners' (MHP) annual consolidated financial statements presents background information and management's discussion and analysis (MD&A) of MHP's financial performance. This MD&A does include a discussion and analysis of the activities and results of MHP which is the consolidated entity that consists of Major Hospital (the Hospital) and its blended component units, MedWorks, Inc. (MedWorks), Major Affiliates, Inc. (MAI), Major Hospital Foundation and MDSolutions, LLC. MAI and MDSolutions dissolved effective December 31, 2015. Please read it in conjunction with MHP's financial statements that follow this MD&A.

FINANCIAL HIGHLIGHTS

- MHP reported a positive change in net position for 2015 of approximately \$30.3 million compared to a positive change in net position of approximately \$25.5 million in 2014, representing an increase of approximately \$4.8 million in comparison to the 2014 results.
- During 2014, MHP issued Indiana Finance Authority Hospital Revenue Bonds, Series 2014A with a face amount of \$53,505,000 for construction of a replacement acute care hospital.
- MHP spent approximately \$33.2 million on equipment and capital projects in 2015 net of disposals. Included in capital expenditures is the construction in progress related to the construction of a replacement acute care hospital. Major capital equipment expenditures include the replacement of all IV Pumps, infant radiant warmers in OB, lab analyzer, surgery equipment, an ultrasound machine, respiratory therapy equipment, and equipment for the new cosmetics practice. Capital expenditures related to information technology include servers and equipment for the new Data Center that will support the replacement hospital, PC replacements, a radiology PACs upgrade, Home Health patient tablets, and a point of sale system for the Medworks Pharmacy. The Hospital spent money for ongoing building maintenance and improvements, including leasehold improvements to the new Medworks Pharmacy location and the new Center for Plastic and Cosmetic Surgery.

USING THIS ANNUAL REPORT

MHP's consolidated financial statements consist of three consolidated statements – a balance sheet; a statement of revenues, expenses and changes in net position; and a statement of cash flows. These financial statements and related notes provide information about the activities and the financial position of MHP.

The consolidated balance sheet includes all of MHP's assets, deferred outflows, and liabilities and provides information about the nature and amounts of investments in resources (assets) and the obligations to MHP creditors (liabilities).

All of the current year's revenue earned and expenses incurred are accounted for in the consolidated statement of revenues, expenses and changes in net position.

MAJOR HEALTH PARTNERS

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) DECEMBER 31, 2015 AND 2014

Finally, the consolidated statement of cash flows' purpose is to provide information about MHP's cash flows from operating activities, financing activities including capital additions, and investing activities. This statement provides information on the sources and uses of cash and the change in the cash balance during the year.

THE BALANCE SHEET AND STATEMENT OF REVENUES, EXPENSES AND CHANGES IN NET POSITION

The balance sheet and the statement of revenues, expenses and changes in net position report information about MHP's resources and its activities. These statements include all restricted and unrestricted assets and all liabilities using the accrual basis of accounting. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These statements report MHP's net position and changes in them. Think of MHP's net position—the difference between assets and liabilities—as one way to measure MHP's financial health, or financial position. Over time, increases or decreases in MHP's net position are one indicator of whether its financial health is improving or deteriorating. Consider other nonfinancial factors, however, such as changes in MHP's patient base and measures of the quality of service it provides to the community, as well as local economic factors to assess the overall health of MHP.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) DECEMBER 31, 2015 AND 2014

The significant changes in Major Health Partners' assets resulted from an increase in current assets of approximately \$11.4 million and an increase in capital assets of approximately \$43.4 million. The increase in current assets is due to operating additional long-term care facilities during 2015 which increased cash, inventories and other current assets. Capital assets increased as a result of additional construction in process related to the construction of the replacement hospital. Total liabilities increased in 2015 by approximately \$15.3 million in comparison to 2014. The increase is attributable to an increase in operating payables (including long-term care operations).

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) DECEMBER 31, 2015 AND 2014

SOURCES OF REVENUE

During 2015, Major Health Partners derived substantially all of its revenue from patient service and other related activities. A significant portion of the patient service revenue is from patients that are insured by government health programs, principally Medicare and Medicaid, which are highly regulated and subject to frequent and substantial changes. Revenues from the Medicare and Medicaid programs represented 54% of MHP's acute care gross revenues in 2015 but 48% of MHP's acute care net patient service revenues.

Major Health Partners' service mix remained relatively consistent between 2015 and 2014. Acute inpatient revenue accounted for 13% and 15% of gross revenue in 2015 and 2014, respectively. Acute outpatient revenue was 44% and 48% of total gross revenue in 2015 and 2014, respectively. Long-term care revenue was 43% and 37% of total gross revenue in 2015 and 2014, respectively.

Following is a table of major sources of acute care gross patient revenues for the past three years:

	2015	2014	2013
Medicare	44%	44%	43%
Medicaid	10%	14%	14%
Anthem	14%	15%	14%
Commercial	27%	17%	20%
Self Pay	5%	10%	9%
	<u>100%</u>	<u>100%</u>	<u>100%</u>

OPERATING AND FINANCIAL PERFORMANCE

Major Health Partners had income from operations of approximately \$27.6 million in 2015, which resulted in a return on equity of 16.6% compared to income from operations of approximately \$24.8 million in 2014 and return on equity of 18.2%.

This following section highlights the major financial factors for 2015 for MHP:

- The Hospital's discharges slightly decreased from 2,790 in 2014 to 2,722 in 2015. The Hospital's adjusted patient days increased to 38,830 in 2015 compared to 36,814 in 2014.
- Overall net patient service revenue increased approximately \$72.6 million in 2015. The increase was driven by long-term care operations as MHP operated more long-term care facilities in 2015 compared to 2014. Of the total increase in net patient service revenue, approximately \$67.7 million related to the increase in long-term care patient revenues. The Hospital received approximately \$3.5 million from the State for the Indiana Medicaid Municipal Hospital Payment Adjustment, which was an increase from the 2014 amount of approximately \$1.7 million.

MAJOR HEALTH PARTNERS

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) DECEMBER 31, 2015 AND 2014

- MAI's total operating revenue decreased approximately \$911,000 or 4% from year 2014 to year 2015. This is a result of Major Nursing Home Management Services, LLC, a long-term care service organization, ceasing operations during 2014.
- Other operating revenue for MHP remained consistent with the prior year with an increase of approximately \$98,000.
- Operating expenses increased by approximately \$69.9 million in 2015. This increase is result of an increase in salaries and wages, medical professional fees, supplies, and purchased services (including expenses associated with long-term care operations).
- Salaries and wages expense for the Hospital increased by approximately \$3.5 million between 2015 and 2014. The increase was primarily the result of additional FTEs hired during the year due to a new model of care that requires additional FTEs.
- Medical Professional fees for the Hospital increased by approximately \$453,000 between 2015 and 2014. The increase was the result of the Hospital entering into an agreement for medical professionals to provide services utilizing the newly purchased CT and MRI machines.
- Supplies increased by approximately \$635,000 between 2015 and 2014. The increase was the result of increased pharmaceutical expense.
- Purchased services increased approximately \$65.0 million or 35% in 2015. The majority of this increase relates to long-term care operations.

Table 3: Statements of Cash Flows

The final required statement is the statement of cash flows. The statement reports cash receipts, cash payments, and net changes in cash resulting from operations, investing, and financing activities. It provides answers to such questions as "Where did cash come from?", "What was cash used for?" and "What was the change in cash balance during the reporting period?" The following is a summary of cash flows:

	2015	2014	2013
Cash flows from			
Operating activities	\$ 42,156,833	\$ 34,238,940	\$ 18,946,341
Noncapital financing activities	2,686,567	2,255,944	1,810,071
Capital and related financing	(52,359,658)	39,497,197	(1,657,371)
Investing	(9,937,648)	1,168,658	(6,010,309)
Change in cash and cash equivalents	<u>\$ (17,453,906)</u>	<u>\$ 77,160,739</u>	<u>\$ 13,088,732</u>

Cash and cash equivalents decreased by approximately \$17.5 million in 2015 compared to an increase of approximately \$77.2 million in 2014. The majority of the 2015 decrease relates to cash used for capital asset acquisitions offset by cash generated from operations.

MAJOR HEALTH PARTNERS

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) DECEMBER 31, 2015 AND 2014

CAPITAL ASSETS

During 2015, Major Health Partners invested approximately \$50.9 million in capital assets along with retirements and transfers of approximately \$17.7 million. The change in capital assets is outlined in the following table:

	2015	2014	2013
Land and land improvements	\$ 8,436,964	\$ 8,485,889	\$ 11,581,078
Leasehold improvements	6,069,456	4,441,242	2,639,906
Buildings and improvements	39,392,657	49,854,703	52,238,324
Equipment	36,144,014	39,458,655	38,258,162
Construction in progress	50,468,863	5,056,023	940,307
Total property and equipment	<u>140,511,954</u>	<u>107,296,512</u>	<u>105,657,777</u>
Less accumulated depreciation	<u>54,042,433</u>	<u>64,217,320</u>	<u>59,527,432</u>
Capital assets, net	<u>\$ 86,469,521</u>	<u>\$ 43,079,192</u>	<u>\$ 46,130,345</u>

Capital assets have increased primarily due to construction in progress in 2015. This construction in progress primarily relates to the construction of the new replacement hospital facility. MHP strives to meet the needs of the community and provide high quality care by adding new equipment and facilities or by replacing or upgrading equipment as it becomes obsolete. More detailed information about MHP's capital assets is presented in the notes to the consolidated financial statements.

DEBT

MHP has debt outstanding in the Indiana Finance Authority Hospital Revenue Bonds, loans payable and notes payable. More detailed information about MHP's long-term debt is presented in the notes to the consolidated financial statements.

MAJOR HEALTH PARTNERS

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
DECEMBER 31, 2015 AND 2014

ECONOMIC OUTLOOK

Management believes that the health care industry's and MHP's operating margins will continue to be under pressure because of changes in payor mix and growth in operating expenses that are in excess of the increases in contractually arranged and legally established payments received for services rendered. Another factor that poses a challenge to management is the increasing competitive market for the delivery of health care services. The ongoing challenge facing MHP is to continue to provide quality patient care in this competitive environment, and to attain reasonable rates for the services that are provided while managing costs. The most significant cost factor affecting MHP is the increases in labor costs due to the increasing competition for quality health care workers.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Reporting Entity

The consolidated financial statements of Major Health Partners (MHP) refer to Major Hospital (the Hospital) and its subsidiaries.

The Hospital is an acute-care hospital located in Shelbyville, Indiana, organized for the purpose of providing healthcare services to the residents of Shelby County and the surrounding communities. The Hospital is a city-owned facility and operates under the Indiana County Hospital Law, Indiana Code (IC) 16-22. The Hospital provides short-term inpatient, outpatient and long-term health care.

A Hospital Appointing Board, consisting of one County Commissioner, one County Council person and the Mayor of the City of Shelbyville, appoints the Governing Board of the Hospital. The Hospital is considered a component unit of Shelby County.

Pursuant to the provision of long-term care, MHP owns the operations of certain long-term care facilities by way of an arrangement with managers of the facilities. These facilities provide inpatient and therapy services. Generally, gross revenues from the operation of the long-term care facilities are the property of MHP and MHP is responsible for the associated operating expenses and working capital requirements. While the management and related lease agreements are in effect, the performance of all activities of the managers shall be on behalf of MHP and MHP retains the authority and legal responsibility for the operation of the facilities.

Specifically, MHP entered into lease agreements with the long-term care facilities to lease the facilities managed by the respective managers. Concurrently, MHP entered into an agreement with the managers to manage the leased facilities. As part of the agreements, MHP will pay the managers a management fee to continue managing the facilities on behalf of MHP in accordance with the terms of the agreements. The agreements expire at various times. Generally, all parties involved can terminate the agreement without cause with 90 days written notice.

Accounting principles generally accepted in the United States require that these consolidated financial statements present the Hospital and its significant component units, collectively referred to as the "primary government." The blended component units discussed below are included in the Hospital's reporting entity because of the significance of their operational or financial relationships with the Hospital. Blended component units, although legally separate entities, are in substance part of the primary government's operations and exist solely to provide services for the primary government; data from these units is consolidated with data of the primary government.

MAJOR HEALTH PARTNERS

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

Blended Component Units

Major Hospital Foundation (the Foundation) is a blended component unit of the Hospital. The Foundation is a separate not-for-profit entity organized to support the operations of the Hospital.

Major Affiliates, Inc. (MAI) was a blended component unit of the Hospital. The Hospital was the sole corporate member of MAI. Although it was legally separate from the Hospital, MAI was reported as if it were a part of the Hospital because the two Governing Boards are substantially the same. MAI ceased operations effective December 31, 2015.

MAI's primary purpose was to further the mission of Major Hospital through recruiting physicians to the Shelbyville region and leasing office space to physicians.

MDSolutions, LLC was a blended component unit of the Hospital. The Hospital owned a 95% interest and MAI owned a 5% interest in MDSolutions, LLC, a management services organization for physicians. MDSolutions ceased operations effective December 31, 2015.

MAI owned 100% of MedWorks, Inc. (MedWorks), which operates a pharmacy located in Shelbyville, Indiana. MedWorks owns 100% of Major Multi Specialty Associates, LLC, Family Orthopedic and Rehabilitation Center, LLC, and Priority Care, LLC. MedWorks also owns a majority interest of Onsite Solutions, LLC and Major Medical Group, LLC. These practices generally provide health care services to the community. Following the dissolution of MAI, the Hospital became the 100% owner of MedWorks. As of December 31, 2015, MedWorks became a blended component unit of the Hospital. Although MedWorks is legally separate from the Hospital, MedWorks is reported as if it were a part of the Hospital because the two Governing Boards are substantially the same. These entities have been consolidated for financial statement presentation.

All significant intercompany transactions have been eliminated in the consolidated financial statements.

The separate financial statement for each of the entities discussed above may be obtained through contacting management of MHP.

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the consolidated financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

MAJOR HEALTH PARTNERS

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

Enterprise Fund Accounting

MHP uses the enterprise fund method of accounting whereby revenues and expenses are recognized on the accrual basis. Substantially all revenues and expenses are subject to accrual.

Cash and Cash Equivalents

Cash and cash equivalents include deposits and investments in highly liquid debt instruments with an original maturity date of 90 days or less from the date of purchase. MHP maintains its cash in accounts, which at times, may exceed federally insured limits. MHP has not experienced any losses in such accounts. MHP believes it is not exposed to any significant credit risk on cash and cash equivalents.

Assets Whose Use is Limited

Assets whose use is limited are stated at fair market value in the consolidated financial statements. These assets include investments designated by the Hospital Board for internal purposes, investments restricted by donors for a specific purpose and investments held by trustees for debt service.

These investments consist primarily of cash and cash equivalents, certificates of deposit, US government securities, mutual funds, corporate debt and equity securities. Investment interest, dividends, gains and losses, both realized and unrealized are included in nonoperating revenues (expenses) in the consolidated statements of revenues, expenses and changes in net position.

Nonparticipating certificates of deposit, demand deposits and similar negotiable instruments that are not reported as cash and cash equivalents are reported as investments at contract value.

Patient Accounts Receivable and Patient Service Revenues

Patient revenues and the related accounts receivable are recorded at the time services to patients are performed. MHP is a provider of services to patients entitled to coverage under Titles XVIII and XIX of the Health Insurance Act (Medicare and Medicaid). MHP is reimbursed for Medicare and Medicaid inpatient services based on a fixed price per discharge for each diagnosis related grouping (DRG).

MHP is reimbursed for Medicare and Medicaid outpatient services based on a fixed price per clinical unit of service. Differences between the total program billed charges and the payments received are reflected as deductions from revenue. At MHP's year-end, a cost report is filed with the Medicare program computing reimbursement amounts related to Medicare patients.

MAJOR HEALTH PARTNERS

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

These programs have audited the year-end cost report filed with the Medicare program through December 31, 2012 with differences reflected as deductions from revenue in 2015. Amounts for unresolved cost reports for 2013 through 2015 are reflected in estimated third-party settlements on the consolidated balance sheets. MHP did not recognize any change in net position in 2015 and 2014, due to the differences between original estimates and subsequent revisions for the final settlement of cost reports.

Laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretation. Although these audits may result in some changes in these amounts, they are not expected to have a material effect on the accompanying consolidated financial statements.

Accounts receivable for patients, insurance companies, and governmental agencies are based on gross charges less an allowance for contractual adjustments and interim payment advances. An allowance for contractual adjustments and interim payment advances is based on expected payment rates from payors based on current reimbursement methodologies. This amount also includes amounts received as interim payments against unpaid claims by certain payors.

An allowance for uncollectible accounts is established on an aggregate basis by using historical write-off rate factors applied to unpaid accounts based on aging. Loss rate factors are based on historical loss experience and adjusted for economic conditions and other trends affecting MHP's ability to collect outstanding amounts. Uncollectible amounts are written off against the allowance for doubtful accounts in the period they are determined to be uncollectible.

Grants and Contributions

MHP received grant funds from Shelby County and the City of Shelbyville, Indiana. Revenues from grants and contributions are recognized when all requirements are met. Grants may be restricted for either specific operation purposes or for capital purposes. Amounts that are unrestricted or that are restricted to a specific operating purpose are reported as nonoperating revenues.

Endowments

Endowments are provided to MHP through the Foundation on a voluntary basis by individuals and private organizations. Permanent endowments require that the principal or corpus of the endowment be retained in perpetuity. If a donor has not provided specific instructions, the Foundation's governing board is permitted to expend the net appreciation of the investments of endowment funds.

MAJOR HEALTH PARTNERS

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

Charity Care

MHP provides care without charge or at amounts less than its established rates to patients who meet certain criteria under its charity care policy on a sliding scale on the basis of financial need. Because MHP does not pursue collection of approved charity care balances, the charges are not reflected in net revenue. Rather, charges approved for charity are posted to gross revenue and subsequently written off as a charity adjustment before the resulting net patient service revenue.

Of MHP's total expenses reported within the consolidated statements of revenues, expenses and changes in net position; an estimated \$1,940,000 and \$2,504,000 arose from providing services to charity patients for 2015 and 2014, respectively. The estimated costs of providing charity services are based on a calculation which applies a ratio of costs to charges to the gross uncompensated charges associated with providing care to charity patients. The ratio of cost to charges is calculated based on MHP's total expenses to gross patient service revenue.

Inventory and Other Current Assets

Inventory is valued at the lower of cost or market with cost being determined on the first-in, first-out (FIFO) method. Inventory at year-end consists mainly of pharmaceuticals and medical supplies.

Other current assets consist of prepaid expenses, other reimbursement receivables related to long-term care services and various other current items. These assets are classified as current as they are expected to be utilized during 2016.

Capital Assets and Depreciation

Capital assets such as property and equipment are stated at cost and include expenditures for new additions and other costs added to existing facilities which exceed \$1,000 for the hospital, \$500 for other consolidated entities, and meet certain useful life thresholds. Maintenance, repairs and minor renewals are expensed as incurred.

MHP provides for depreciation of property and equipment using annual rates, which are sufficient to depreciate the cost of depreciable assets over their estimated useful lives using the straight-line method. The range of useful lives in computing depreciation is as follows:

<u>Description</u>	<u>Range of Useful Lives</u>
Land improvements	15 years
Leasehold improvements	15 years
Buildings and improvements	4-50 years
Equipment	5-15 years

MAJOR HEALTH PARTNERS

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

Classification of Net Position

Net position of MHP is classified in four components. (1) Net investment in capital assets consists of capital assets net of accumulated depreciation and reduced by the current balance of any outstanding borrowings used to finance the purchase or construction of those assets and increased by funds held by trustee for construction of the property and equipment related to the borrowings (2) Restricted expendable net position includes assets that must be used for a particular purpose, as specified by creditors, grantors, or contributors external to the Hospital, including amounts deposited with trustees as required by revenue note indentures. (3) Restricted non-expendable net position includes the principal portion of permanent endowments and noncontrolling interests owned by external investors. (4) Unrestricted net position is the remaining net position that does not meet the definition of invested in capital assets net of related debt or restricted.

Restricted Resources

When MHP has both restricted and unrestricted resources available to finance a particular program, it is MHP's policy to use restricted resources before unrestricted resources.

Consolidated Statements of Revenues, Expenses and Changes in Net Position

MHP's consolidated statements of revenues, expenses and changes in net position distinguishes between operating and nonoperating revenues and expenses. For purposes of display, transactions deemed by management to be ongoing, major or central to the provision of healthcare services are reported as revenues and expenses. Peripheral or incidental transactions such as investment activities are reported as nonoperating revenues or expenses.

Costs of Borrowing

Interest cost incurred on borrowed funds during the period of construction of capital assets is capitalized as a component of the cost of acquiring those assets. During 2015 and 2014, MHP capitalized interest, net of related income, of approximately \$2,450,000 and \$534,000, respectively.

Goodwill

During 2011, MHP acquired 100% of Major Medical Associates through an asset purchase. The acquisition price was approximately \$1,500,000. MHP recorded initial goodwill of approximately \$1,100,000. The remainder of the acquisition price was allocated at fair value to patient accounts receivable, inventory, capital assets and identifiable intangibles. Goodwill is included within other assets on the consolidated balance sheets and is amortized over an estimated life of approximately 10 years. Annual amortization expense related to goodwill is approximately \$100,000.

MAJOR HEALTH PARTNERS

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

During 2012, MHP acquired 100% of Westpark Rehabilitation Center (Westpark) through an asset purchase agreement. The acquisition price was \$7,000,000. MHP recorded initial goodwill of approximately \$2,750,000. During 2014, MHP sold Westpark which resulted in loss of approximately \$400,000 which is included in the other operating revenue (expense) line of the consolidated statements of revenues, expenses and changes in net position.

Income Taxes

The Hospital is a governmental instrumentality organized under Title 16, Article 12, of the Indiana statutes. The Hospital is exempt from Federal income tax under Section 115 of the Internal Revenue Code of 1986. As such, the Hospital is generally exempt from income taxes as a unit of local government. No income tax filings are required of the Hospital as it is a governmental instrumentality.

The blended component units of the Foundation and MAI are tax-exempt organizations under Internal Revenue Code 501(c)(3). As such, the Foundation and MAI are generally exempt from income taxes. However, the Foundation and MAI are required to file Federal Form 990 – Return of Organization Exempt from Income Tax, which is an informational return only.

The blended component unit of MDSolutions was organized as a limited liability company, whereby net taxable income is taxed directly to the members and not MDSolutions. Thus, the financial statements do not include any provision for Federal or State income taxes.

MedWorks is a corporation subject to Federal and State income taxes. Income taxes for these entities are provided for the tax effects of transactions reported in the consolidated financial statements and consist of taxes currently due plus deferred taxes. However, the effects of recording a deferred tax provision have been deemed immaterial and have not been recorded in the accompanying consolidated financial statements.

The remaining consolidated subsidiaries of MedWorks are organized as limited liability companies, whereby net taxable income is taxed directly to the members of the limited liability companies. Thus, the consolidated financial statements do not include any provision for Federal or State income taxes related to these entities.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by MHP (and their affiliates) and recognize a tax liability if MHP has taken an uncertain position that more likely than not would not be sustained upon examination by various Federal and State taxing authorities.

Management has analyzed the tax positions taken by MHP and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying consolidated financial statements. MHP is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

MAJOR HEALTH PARTNERS

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

These entities have filed their Federal and State income tax returns for periods through December 31, 2014. These income tax returns are generally open to examination by the relevant taxing authorities for a period of three years from the later of the date the return was filed or its due date (including approved extensions).

Compensated Absences

MHP's policy on compensated absences (which include vacation, sick leave and holidays) allows full time employees and regular part time employees to accrue days off, to a maximum hour as stated in the personnel policies. Compensated absences are accrued when incurred and reported as a liability on the consolidated balance sheets.

Advertising

MHP's policy is to expense advertising costs when the advertising first takes place. Advertising expense was approximately \$143,000 and \$154,000 for 2015 and 2014, respectively.

Electronic Health Records (EHR) Incentive Payments

MHP receives EHR incentive payments under the Medicare and Medicaid programs. To qualify for the EHR incentive payments, MHP must meet "meaningful use" criteria that become more stringent over time. MHP periodically submits and attests to its use of certified EHR technology, satisfaction of meaningful use objectives, and various patient data. These submissions generally include performance measures for each annual EHR reporting period (Federal fiscal year ending September 30).

The related EHR incentive payments are paid out over a four year transition schedule and are based upon data that is captured in MHP's cost reports. The payment calculation is based upon an initial amount as adjusted for discharges, Medicare and Medicaid utilization using inpatient days multiplied by a factor of total charges, excluding charity care to total charges, and a transitional factor that ranges from 100% in first payment year and thereby decreasing by 25% each payment year until it is completely phased out in the fifth year.

MHP recognizes EHR incentives as revenue when there is reasonable assurance that MHP will comply with the conditions of the meaningful use objectives and any other specific contract requirements. In addition, the consolidated financial statement effects of the revenue must be both recognizable and measurable. During 2015 and 2014, MHP recognized approximately \$114,000 and \$520,000, respectively, in EHR incentive payments as other revenue using the ratable recognition method. Under the ratable recognition method, MHP recognizes revenue ratably over the entire EHR reporting period when it is reasonably assured at the outset of the EHR reporting period that it will comply with the minimum requirements of the program.

MAJOR HEALTH PARTNERS

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

EHR incentive revenue is included in other revenue in the consolidated statements of revenues, expenses and changes in net position. EHR incentive income recognized is based on management's estimate and amounts are subject to change, with such changes impacting operations in the period the changes occur.

Receipt of these funds is subject to the fulfillment of certain obligations by MHP as prescribed by the programs, subject to future audits and may be subject to repayment upon a determination of noncompliance.

Litigation

MHP is involved in litigation arising in the normal course of business. After consultation with MHP's legal counsel, management estimates that these matters will be resolved without material adverse effect on MHP's future financial position, results from operations, and cash flows.

Risk Management

MHP is exposed to various risks of loss from torts; theft of, damage to, and destruction of assets; business interruption; errors and omissions; employee injuries and illnesses and natural disasters. Commercial insurance coverage is purchased for claims arising from such matters. Settled claims have not exceeded this commercial coverage in any of the three preceding years.

Subsequent Events

MHP evaluated events or transactions occurring subsequent to the consolidated balance sheet date for recognition and disclosure in the accompanying consolidated financial statements through the date the consolidated financial statements are issued which is May 20, 2016.

2. NET PATIENT SERVICE REVENUE

MHP has agreements with third-party payors that provide for reimbursement to MHP at amounts different from its established rates. Estimated contractual adjustments under third-party reimbursement programs represent the difference between the MHP's billings at standard rates and amounts reimbursed by third-party payors. They also include any differences between estimated third-party reimbursement settlements for prior years and subsequent final settlements. A summary of the reimbursement arrangements with major third-party payors is as follows:

MAJOR HEALTH PARTNERS

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

Medicare

Medicare inpatient services are reimbursed based on a predetermined amount for each case based on the diagnosis associated with the patient (Prospective Payment Hospital). These rates vary according to a patient classification system that is based on clinical, diagnostic and other factors. The prospectively determined rates are not subject to retroactive adjustment with the exception of a few select items, such as bad debts.

MHP's classification of patients under the Prospective Payment Hospital and the appropriateness of patient admissions are subject to validation reviews by the Medicare peer review organization which is under contract with MHP to perform such reviews. Medicare outpatient services are primarily reimbursed on predetermined rates based on the services provided.

Medicaid

MHP is reimbursed for Medicaid inpatient services under a prospectively determined rate-per-discharge and is not subject to retroactive adjustment. The differences between standard charges and reimbursement from these programs are recorded as contractual adjustments. Reimbursement for Medicaid outpatient services is based on predetermined rates, and is not subject to retroactive cost based settlements.

MHP is eligible for the Indiana Medicaid Supplemental programs including Medicaid Disproportionate Share Hospital and Municipal Upper Payment Limit programs. MHP recognized reimbursement from these programs within net patient revenue of approximately \$3,500,000 and \$1,700,000 for 2015 and 2014, respectively. These programs are Federal programs administered by the State of Indiana.

The Hospital participates in the Hospital Assessment Fee (HAF) Program. The purpose of the HAF Program is to fund the State share of enhanced Medicaid payments and Medicaid Disproportionate Share (DSH) payments for Indiana hospitals as reflected in the HAF Program expense reported in the consolidated statements of revenues, expenses and changes in net position. Previously, the State's share was funded by governmental entities through intergovernmental transfers.

The Medicaid enhanced payments relate to both fee for service and managed care claims. The Medicaid enhanced payments are designed to follow the patients and result in increased Medicaid rates. During 2015 and 2014, MHP recognized HAF Program expense of approximately \$2,100,000 and \$2,700,000, respectively. The Medicaid rate increases under the HAF Program are included in net patient service revenue in the consolidated statements of revenues, expenses and changes in net position.

MAJOR HEALTH PARTNERS

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

Other Payors

MHP also has entered into payment agreements with certain commercial insurance carriers and preferred provider organizations. The basis for payment to MHP under these agreements includes prospectively determined rates per discharge, discounts from established charges and prospectively determined daily rates.

The following is a summary of net patient service revenue for 2015 and 2014:

	2015	2014
Patient service revenue

3. ASSETS WHOSE USE IS LIMITED

The classification "Assets whose use is limited" includes:

Internally designated – Amounts transferred by MHP's Board of Trustees through funding depreciation expense. Such amounts are to be used for equipment and building, remodeling, repairing, replacing or making additions to MHP buildings as authorized by IC 16-22-3-13.

Held by trustee for construction – Amounts deposited with a trustee and limited to use in accordance with the requirements of a trust indenture and funds from long-term debt borrowings to be expended for capital.

Restricted – Amounts designated by outside parties for other specific purposes. Assets whose use is limited that are required for obligations classified as current liabilities are reported in current assets.

4. DEPOSITS AND INVESTMENTS

Deposits with financial institutions in the State of Indiana at year end were entirely insured by the Federal Depository Insurance Corporation or by the Indiana Deposit Insurance Fund. This includes any deposit accounts issued or offered by a qualifying financial institution.

Investments are carried at fair market value except for certificates of deposit and money market deposit funds which are carried at contract value. Net realized gains and losses on security transactions are determined on the specific identification cost basis.

Interest rate risk - MHP does have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from changing interest rates.

Credit risk - Statutes authorize MHP to invest in interest bearing deposit accounts, passbook savings accounts, certificates of deposit, money market deposit accounts, mutual funds, pooled fund investments, securities backed by the full faith and credit of the United States Treasury and repurchase agreements. The statutes require that repurchase agreements be fully collateralized by US Government or US Government Agency obligations.

Concentration of credit risk - MHP places no limit on the amount it may invest in any one issuer. MHP maintains its investments, which at times may exceed federally insured limits. MHP has not experienced any losses in such accounts. MHP believes that it is not exposed to any significant credit risk on investments.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that MHP has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

MAJOR HEALTH PARTNERS

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

- *Money market mutual funds:* Generally transact subscription and redemption activity at a \$1 stable net asset value (NAV); however, on a daily basis the funds are valued at their daily NAV calculated using the amortized cost of the securities held in the fund.
- *U.S. government securities:* Valued using pricing models maximizing the use of observable inputs for similar securities.
- *Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by MHP are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by MHP are deemed to be actively traded.
- *Corporate equity securities:* Valued at the closing price reported on the active market on which the individual securities are traded.
- *Corporate debt securities:* Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

MHP's policy is to recognize transfers between levels as of the end of the reporting period. There were no significant transfers between levels during 2015 and 2014.

During 2014, MHP had land held for investment appraised which resulted in an impairment loss of \$2,400,000. The fair value of the land held for investment was determined by reference to market prices and information for similar assets.

MAJOR HEALTH PARTNERS

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

The impairment loss was recorded as a separate line item within nonoperating revenues (expenses) in the consolidated statements of revenues, expenses and changes in net position. The impairment loss was considered a level 2 nonrecurring fair value measurement.

The following methods and assumptions were used by MHP in estimating the fair value of its financial instruments:

Cash and cash equivalents, accounts payable, other current liabilities, salaries, wages and related liabilities and estimated third-party settlements: The carrying amount reported in the consolidated balance sheets for cash and cash equivalents, accounts payable, other current liabilities, salaries, wages and related liabilities and estimated third-party settlements approximate fair value based on short-term maturity.

Long-term debt: The carrying value of MHP's variable rate revenue bonds approximates fair value based upon current traded value. The fair value of MHP's fixed rate revenue bonds approximated \$56,100,000 as of December 31, 2015 based on current traded value. The carrying value of loans payable and capital lease obligations approximates fair value based on current fixed rates available to similar entities with similar credit ratings.

6. RESTRICTED NON-EXPENDABLE NET POSITION

MHP, through the Foundation and noncontrolling interest, has restricted non-expendable net position. Unless a contributor provides specific instructions, the Foundation's governing board is permitted to expend the net appreciation (realized and unrealized) of the investments in its endowments. When administering its power to spend net appreciation, the governing board is required to consider the Foundation's and supported organization's long and short-term needs, present and anticipated financial requirements, expected total return on its investments, price-level trends, and general economic conditions. Any net appreciation that is spent is required to be spent for the purposes designated by the contributor. The Foundation's governing board chooses to spend the investment income (including changes in the value of investments) under the established investment policy.

Restricted non-expendable net position as of December 31, 2015 and 2014, represent the principal amounts of permanent endowments, restricted to investment in perpetuity, as well as the noncontrolling interest. Investment earnings from the Foundation's permanent endowments are expendable to support the programs as established by the contributors.

The capital leases expired in 2014.

Property Held for Investment

MHP currently holds approximately 40 acres of land available for sale. The land is located in the Intelliplex Park where the Hospital's Cancer Center is located. The land is valued at cost plus improvements and will be sold in lots in varying size. Land held for investment is included within the property held for investment section of the consolidated balance sheets. During 2015, a portion of the land was sold.

8. LONG TERM DEBT

A summary of long term debt as of December 31, 2015 is as follows:

- Indiana Finance Authority Hospital Revenue Bonds, Series 2009 in the original aggregate principal amount of \$30,000,000, were issued during 2009, to finance or refinance various health care facilities. On June 23, 2009, a financial institution purchased from the Indiana Finance Authority all of the Series 2009 Bonds in a private placement. On December 5, 2014, the Series 2009 Bonds were assigned to another financial institution. The Series 2009 Bonds bear interest at a variable rate, adjusted monthly, equal to the lesser of (a) 12% per annum or (b) a rate equal to the sum of (i) 67% of one month LIBOR plus (ii) 0.98% (rate as of December 31, 2015 – 1.092%). The Series 2009 Bonds may be, at the option of the Hospital, converted to another interest rate mode and remarketed to another bondholder or holders. The Series 2009 Bonds are subject to mandatory tender and purchase on December 1, 2024 (Tender Date). If the Series 2009 Bonds cannot be remarketed on the Tender Date, the Hospital would be required to purchase the Series 2009 Bonds at a price equal to the remaining principal amount of the Series 2009 Bonds. The Series 2009 Bonds are secured by certain revenues of the Hospital which approximated \$100,000,000. The Series 2009 Bonds mature in monthly installments through December 1, 2024 and on December 1, 2034 (final maturity).

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

- Indiana Finance Authority Hospital Revenue Bonds, Series 2014A, in the original principal amount of \$53,505,000, were issued during 2014 for construction of a replacement acute care hospital. The Series 2014A Bonds bear fixed interest at rates ranging from 3.50% to 5.00%, payable semiannually on April 1 and October 1 of each year. Principal payments due in annual installments on October 1 of each year, from October 1, 2017, through October 1, 2044 (final maturity). The Series 2014A Bonds are secured by certain revenues of the Hospital similar to the Series 2009 Bonds, as well as a mortgage on certain real estate, building and improvements comprising the replacement acute care hospital. The net book value of this collateral as of December 31, 2015 approximated \$50,000,000.
- The capital lease obligation with fixed interest of 4.5% executed for property and equipment was due in monthly installments of \$1,881 including interest. The capital lease obligation matured during 2014.
- Note payable with an original amount of \$7,000,000 with a local financial institution. This note was paid in full during 2014.
- Loans payable with an original amount of \$2,300,000 with a local financial institutions, due in monthly installments of approximately \$13,000 which included interest with a balloon payment in 2016 at an interest rate of the daily LIBOR plus 300 basis points as of December 31, 2014 (3.17%), was secured by certain assets of a subsidiary. This loan was paid in full during 2014.
- Loans payable with an original amount of \$628,000 with an unrelated third party is due in monthly installments of \$5,900 through 2022 at a fixed interest rate of 7.7% and is unsecured.

The revenue bonds require the Hospital to maintain certain financial ratios. As of December 31, 2015, the Hospital was in compliance with the financial ratios.

10. PENSION PLAN

Plan Description

MHP has a defined contribution pension plan as authorized by IC 16-22-3-11. The plan is administered by MHP and provides retirement, disability and death benefits to plan members and beneficiaries. The plan was established by written agreement between the Board of Trustees and the Plan Administrator. The Plan Administrator issues a publicly available financial report that includes financial statements and required supplementary information of the plan. The report is available by contacting MHP's accounting department.

Funding Policy

The contribution requirements of plan members are established by the written agreement between MHP's Board of Trustees and the plan administrator. The current employer contribution rate is 7% of annual covered payroll. Employer contributions to the plan for 2015 and 2014 were approximately \$2,476,000 and \$2,301,000, respectively. Employees are not permitted to contribute to the plan.

11. CONCENTRATIONS OF CREDIT RISK

MHP is located in Shelbyville, Indiana. MHP grants credit without collateral to its patients, most of who are local residents and are insured under third-party payor agreements. Concentrations of acute care accounts receivable and gross revenue from patients and third party payors are as follows as of December 31:

	Receivables		Revenues	
	2015	2014	2015	2014
Medicare	30%	33%	44%	44%
Medicaid	6%	8%	10%	14%
Anthem	18%	14%	14%	15%
Other third party payors	31%	25%	27%	20%
Self-pay	15%	20%	5%	7%
	<u>100%</u>	<u>100%</u>	<u>100%</u>	<u>100%</u>

Substantially all of the patient accounts receivables and related revenues from long-term care operations are concentrated in Medicare and Medicaid.

12. ESTIMATED MALPRACTICE COSTS

The Indiana Medical Malpractice Act, IC 27-12 (the Act), provides a recovery for an occurrence of malpractice and for any injury or death of a patient due to an act of malpractice in excess of certain thresholds. The Act provides for a maximum recovery of \$1,250,000 per occurrence (\$7,500,000 annual aggregate) with the first \$250,000 covered by MHP's insurance and the remainder by the State of Indiana Patient Compensation Fund. The Act requires MHP to maintain medical malpractice liability insurance on a per occurrence basis and in the annual aggregate for amounts below the thresholds of the Act. Management is not aware of any related material adverse effects to its financial position, results from operations, and cash flows.

13. RISK MANAGEMENT

Medical Benefits to Employees and Dependents

MHP is self-funded for medical and related health benefits provided to employees and their families. A stop/loss policy through commercial insurance covers individual claims in excess of \$200,000 per year. Provisions are also made for unexpected and unusual claims.

Claim expenditures and liabilities of the fund are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported. Self-funded health insurance and related expenses were approximately \$6,322,000 and \$7,006,000 in 2015 and 2014, respectively.

A progression of unpaid claims for 2015 and 2014 follows:

	<u>2015</u>	<u>2014</u>
Unpaid claims, beginning of year	\$ 1,495,000	\$ 1,295,000
Incurred claims and changes in estimates	6,321,919	7,005,683
Claim payments	<u>(6,321,919)</u>	<u>(6,805,683)</u>
Unpaid claims, end of year	<u>\$ 1,495,000</u>	<u>\$ 1,495,000</u>

14. RENTAL EXPENSE

MHP has leases expiring at various times through 2016. Leases that do not meet the criteria for capitalization are classified as operating leases with related rentals charged to operating as incurred. The majority of the leases are cancellable. Total rent expense for 2015 and 2014 was approximately \$13,000,000 and \$12,000,000, respectively.

15. COMMITMENTS AND CONTINGENCIES

The Shelby County Council and City of Shelbyville Common Council each passed an ordinance pledging a portion of their share of economic development income tax (EDIT) for the purpose of land acquisition, construction and installation of public infrastructure improvements at the Shelbyville/Shelby County Advanced Technological Industrial Park. Shelby County, the City of Shelbyville, and the Hospital (a component unit of Shelby County) share administrative and financial responsibility for this project. The County and City have each pledged \$125,000 each calendar year through 2028 (or such earlier date as all outstanding bonds issued to finance or refinance the projects are defeased). The Hospital recognizes the amounts as revenue when received. A schedule of expected payments is as follows:

Years Ending December 31,		
2016	\$	250,000
