# TITLE 410 INDIANA DEPARTMENT OF HEALTH

## **Readoption Review**

# Hospital Financial Reporting LSA Document #23-655

#### I. Continued Need for the Rule

IC 16-21-6-9 requires the Indiana Department of Health (IDOH) to adopt rules governing hospital reporting of fiscal and patient data, so this rule is required.. The provisions of the existing rules have been superseded by changes to IC 16-21-6, and the rules no longer reflect the current requirements or reporting process.

IDOH is readopting 410 IAC 15-3-2, which requires that hospitals file reports under a previous statute. This section is being readopted so that it can be amended to reflect the current statute. The other sections of 410 IAC 15-3 are no longer needed and are not consistent with the current statute. They will be allowed to expire. IC 16-21-6 sets out detailed requirements for filing reports, and it is not necessary to duplicate these requirements in a rule. IDOH has provided guidance to hospitals to assist them in complying with the statutory reporting requirements until the rule can be amended.

The section that is being readopted does not impose any requirements beyond those required by statute. It rule does not duplicate or conflict with standards in state, federal, or local laws.

## II. Analysis of fees, fines, and civil penalties under IC 4-22-2-19.6

The section that is being readopted does not include any fees, fines, or civil penalties.

## **III.** Complaints and Comments

There have been no complaints or comments received from the public concerning the implementation of this rule. IDOH has provided guidance to hospitals to assist them in complying with the statutory reporting requirements.

# IV. Difficulties Encountered

As explained above, the rule no longer reflects the statutory requirements or the current reporting process. IDOH has provided guidance to hospitals to assist them in complying with the statutory reporting requirements.

# V. Changes in Technology, Economic Conditions, or Other Factors

The rule no longer reflects the current reporting process which now uses an online portal.

## VI. Revised Regulatory Analysis

The rule no longer reflects the current reporting process which now uses an online portal.
