

EARN Indiana

Employment Aid Readiness Network

Testimonials

From Employer Surveys:

“This program has been a great way for the interns to gain valuable work experience in a professional environment.”

“This has been an amazing program that lets us not only provide interns with work experience to help them with their futures, but lets us find quality employees we can recruit once they finish their degrees. Without the help of EARN Indiana, we would NOT be able to hire interns at all due to our limited resources. THANK YOU!”

From Student Surveys:

“I learned more effective methods of communication, both within the office and when addressing clients. Acquired experience in public speaking, both English and Spanish. Also gained factual knowledge over legal matters and solutions to legal issues.”

“The experience operated as a efficient learning experience. I worked under a mentor that was able to assist me in learning the rights and wrongs of working with the customer. Along with this I was able to build a stronger network with the employers of this non-profit.”

“What a great experience!”

EARN Indiana provides students with financial need access to resume-building, experiential paid internships, while employers receive state matching funds to exchange for hiring these students. **EARN Indiana** has partnered with Indiana INTERNnet to better match students and employers to maximize each student's academic success and career achievement and to assist employers in finding the perfect fit for their team. **EARN Indiana** positions give students professional experience and networking opportunities, readying them for a career after graduation.
