## Directory of Women's Organization in Indiana

The Indiana Commission for Women (ICW) is currently collecting information concerning organizations and governmental agencies serving Indiana women and their families so that we can connect women to resources and opportunities available to them. It is our hope that we can help to keep *moving Indiana women forward* and knowledge is critical to building a network of resources that can help women to succeed.

The directory will be published electronically later this year. We hope that it can serve as a valuable resource -- both for groups offering their services and those needing the services of others -- by building on our knowledge and strengthening our networks.

*ICW is compiling this directory of women's organizations as a public service, and does not necessarily endorse the views or practices of any listed organization. ICW reserves the right to edit submissions and/or reject listings of any organization.*
