Re: Supplement to the Indiana Regional Haze
State Implementation Plan (SIP) submittal

Dear Ms. Hedman:

Enclosed is a supplement to Indiana's Regional Haze SIP submittal, dated January 14, 2011. These materials include documentation of the public involvement process. There were no public comments received by IDEM, however comments from the National Park Service and United States Forest Service are included.

IDEM has worked closely with the Lake Michigan Air Directors Consortium (LADCO), other regional planning organizations, Federal Land Managers (FLMs), the United States Environmental Protection Agency (U.S. EPA), and other states to address the requirements of the Regional Haze rule.

IDEM requests that the U.S. EPA proceed with review and approval of this submittal. The complete Regional Haze SIP document has been provided for your convenience. If you have any questions or need additional information, please contact Scott Deloney, Chief, Air Programs Branch, at (317) 233-5694.

Sincerely,

Keith Baugues
Assistant Commissioner
Office of Air Quality
