Dear Mr. Yarkie:

Re: New NPDES General
Permit No. ING490143
Singleton Stone, LLC
18900 Clay St.
Hebron, IN
Lake County

Our office has received your Notice of Intent (NOI) submittal for the above-referenced facility. We are pleased to inform you that the submittal is sufficient to comply with the NOI requirements in 327 IAC 15-12, Wastewater Discharge Associated with Facilities Engaged in Sand, Gravel, Dimension Stone, or Crushed Stone Operations. The permit rule requirements are contained in 327 IAC 15-1 through 15-4 and 15-12.

The permit number assigned to your project will be used as an identification number and should be included on all correspondence submitted to IDEM in relation to this NPDES general permit. The NPDES general permit number which has been assigned to this facility is

ING490143.

Due to the fact that 327 IAC 15-12 is a permit by rule, you will NOT be receiving an actual permit. General permit rule 327 IAC 15-12 requires periodic reporting of several effluent parameters. Reporting is to be done using the enclosed state monthly discharge monitoring report (MMR) form. We have included enough forms to establish a supply several months of reporting. You should duplicate this form as needed for further reporting. This form is also available on the internet at the following web site:

<http://www.in.gov/idem/5104.htm>

327 IAC 15 is also available on the internet at the following website:

<http://www.in.gov/idem/4087.htm>

Mr. Eugene Yarkie
Page 2

Additionally, you will soon be receiving a supply of preprinted federal NPDES Discharge Monitoring Forms (DMR) forms. Both the state and federal forms need to be completed and submitted on a routine basis. If you do not receive the preprinted DMR forms in a timely manner, please call this office at (317) 232-8670.

Coverage for the facility will include all outfalls listed on Attachment 1 of this correspondence. To coincide with quarterly reporting requirements and fees, coverage under 327 IAC 15-12 shall be effective on July 1, 2015, unless a person aggrieved or adversely affected by the acceptance appeals this decision. Coverage under this general permit rule will expire on June 30, 2020. As you are hopefully already aware, IDEM is in the process of developing a new administrative general permit for this category of dischargers. We hope to have the new general permit issued later this calendar year. The draft general permit is posted on IDEM's website at <http://www.in.gov/idem/5338.htm>.

This facility will also require additional permits for the proposed industrial activities. Based on a description of the operations, it was determined that the facility will be required to obtain permit coverage under 327 IAC 15-5 (Construction Storm Water) and 327 IAC 15-6 (Industrial Storm Water). These permits must be obtained prior to the mining the stone. In addition, there are several stream crossings proposed. These crossings will require a 401 Water Quality Certification. Marty Maupin, IDEM Wetlands Project Manager is currently coordinating this activity of behalf of the agency, and may be reached at (317) 233-2471.

Please note that any person who is adversely affected or aggrieved by this acceptance for coverage under the cited NPDES general permit rule may, within eighteen (18) days of the mailing date of this notification, appeal this acceptance by filing a written petition for administrative review with the Office of Environmental Adjudication, in accordance with IC 4-21.5-3-7. This petition constitutes a request for an adjudicatory hearing.

The Office of Environmental Adjudication will provide parties who request review of this acceptance for coverage with notice of prehearing conferences, preliminary hearings, hearing, and stays or orders disposing of all proceedings. Nonparties may receive such notices without intervening and formally becoming parties in the proceeding by requesting copies of such notices from the Office of Environmental Adjudication.

Mr. Eugene Yarkie

Please note that in accordance with 327 IAC 15-12-5(c), IDEM shall public notice its decision to accept your facility for coverage under the general permit rule. If you have any questions regarding this letter, please contact Ms. C. Anne Burget of our staff at (317) 234-8745.

Sincerely,

Catherine Hess, Chief

DATE OF NOTICE: May 15, 2015

The Office of Water Quality issues the following **NPDES GENERAL PERMIT**.

NEW

SINGLETON STONE, LLC, Permit No. ING490143, LAKE COUNTY, Hebron, IN. This facility will discharge non-process wastewater to Singleton Ditch. The Notice of Intent (NOI) letter submitted complies with the requirements in 327 IAC 15-12, Facilities Engaged in Sand, Gravel, Dimension Stone, or Crushed Stone Operations. Permit Writer: Anne Burget at 317/234-8745.

PROCEDURES TO APPEAL

General Permit documents are available for inspection at IDEM, Office of Water Quality/Permit Section, IGCN, 100 N Senate Ave, Indianapolis, IN, Room 1203, from 9 - 4, Monday-Friday (copies 10¢ per page). The General Permit is also available at the local Health Department. Please tell others you think would be interested in this matter.

Appeal Procedure: Any person affected by the issuance of the Final Permit may appeal by filing a Petition for Administrative Review with the Office of Environmental Adjudication within eighteen (18) days of the date of this Public Notice. Any appeal request must be filed in accordance with IC 4-21.5-3-7 and must include facts demonstrating that the party requesting appeal is the applicant; a person aggrieved or adversely affected or is otherwise entitled to review by law.

Timely filing: The Petition for Administrative Review must be received by the Office of Environmental Adjudication (OEA) within 18 days of the date of this Public Notice; either by U.S. Mail postmark or by private carrier with dated receipt. This Petition for Administrative Review represents a request for an Adjudicatory Hearing, therefore must:

- state the name and address of the person making the request;
- identify the interest of the person making the request;
- identify any persons represented by the person making the request;
- state specifically the reasons for the request;
- state specifically the issues proposed for consideration at the hearing;
- identify the Final Permit Rule terms and conditions which, in the judgment of the person making the request, would be appropriate to satisfy the requirements of the law governing this NPDES Permit rule.

If the person filing the Petition for Administrative Review desires any part of the NPDES Final Permit Rule to be stayed pending the outcome of the appeal, a Petition for Stay must be included in the appeal request, identifying those parts to be stayed. Both Petitions shall be mailed or delivered to the address here:
Phone: 317/232-8591.

Re:

Singleton Stone, LLC
Rule 12 General Permit NOI
Lake County

Singleton Stone, LLC is planning to construct a new stone quarry in 2015. Enclosed is a completed Notice of Intent for a Rule 12 NPDES General Permit for the above referenced facility, a completed Form 49401 with a check for the Application Fee, a Topographical Map, a signed Proof of Publication for the Legal Notice from the Northwest Indiana Times, and a completed Form 49635 identifying Potentially Affected Persons. The Rule 5 Construction Permit NOI was submitted in September 2014.

The Potentially Affected Persons listed on Form 49635 are the listed legal owners of adjacent parcels of property, and the Lake County Executive. Through previous permitting processes for the Singleton Stone, LLC site, IDEM may have identified other interested persons who may or may not be known to Singleton Stone. In addition to the adjacent owners identified here, Singleton Stone respectfully requests that IDEM send notice of this NOI to any person who has requested notice from IDEM of permitting decisions relating to this project.

V. RULE QUALIFICATION:
<p>The purpose of this rule is to regulate wastewater discharges from sand, gravel, dimension stone, and crushed stone operations which utilize sedimentation basin treatment for: 1) pit dewatering; 2) channel machines; 3) broaching; 4) jet piercing; 5) scrubber water from wet scrubbers used for air pollution control; 6) dust suppression spray water; 7) wash water from spray bars for final screening operations; and 8) noncontact cooling water for cooling of crusher bearings; drills; saws; dryers; pumps; and air compressors. Is this consistent with the facility's operation and discharges?</p> <p>(please check one) YES <input checked="" type="checkbox"/> X NO <input type="checkbox"/></p>
<p>Please provide a brief description of the facility operation that results in the discharge if the answer to the above question is no or if you feel that further explanation is needed. You may attach additional sheets. This operation will produce crushed stone and all storm water from the plant and the pit area and ground water from the pit will be directed into a sedimentation basin (settling pond) for treatment. From the pond, the water will be discharged into the receiving stream. This facility will <u>not</u> use any floatation agents. The only water to be discharged will be rain or ground water.</p>

VI. TOPOGRAPHICAL MAP
<p>A topographical map must be submitted with this application. The map must include the following items:</p> <ul style="list-style-type: none"> (A) the location of the operation shown clearly and identified by name and by mark; (B) the location of each numbered outfall shown clearly and identified by number and by mark; (C) the receiving streams that each outfall discharges to shown clearly and identified by name; (D) any existing permanent structures or roads in the area shown clearly and identified by name. <p>Please attach this completed map to the application and submit both together.</p>

The Administrative Orders and Procedures Act (AOPA) IC 4-21.5-3-5(b), requires that the Indiana Department of Environmental Management (IDEM) give notice of its decision on your application to the following persons:

- a) Each person to whom the decision is specifically directed;
- b) Each person to whom a law requires notice to be given;
- c) Each competitor who has applied to the IDEM for a mutually exclusive license, if issuance is the subject of the decision and the competitor's application has not been denied in an order for which all rights to judicial review have been waived or exhausted;
- d) Each person who has provided the IDEM with a written request for notification of the decision;
- e) Each person who has a substantial and direct proprietary interest in the issuance of the (permit/variance);
- f) Each person whose absence as a party in the proceeding concerning the (permit/variance) decision would deny another party complete relief in the proceeding or who claims an interest related to the issuance of the (permit/variance) and is so situated that the disposition of the matter, in the person's absence may:
 - 1) As a practical matter impair or impede the person's ability to protect that interest, or
 - 2) Leave any other person who is a party to a proceeding concerning the permit subject to a substantial risk of incurring multiple or otherwise an inconsistent obligation by reason of the person's claimed interest.

IC 4-21.5-3-5(f) provides that we may request your assistance in identifying these people.

Additionally, IC 13-15-3-1 requires IDEM to send notice that the permit application has been received by the department to the following:

- a) The board of county commissioners of a county affected by the permit application and
- b) The mayor of a city that is affected by the permit application, or
- c) The president of a town council of a town affected by the permit application.

Please provide on the following form the names of those persons affected by these statutes, and include mailing labels with your application. These mailing labels should have the names and addresses of the affected parties along with our mailing code (65-42PS) listed above each affected party listing.

I. Identification of Potentially Affected Persons

Please list here any and all persons whom you have reason to believe have a substantial or proprietary interest in this matter, or could otherwise be considered to be potentially affected under the law. Failure to notify any person who is later determined to be potentially affected could result in voiding our decision on procedural grounds. To ensure conformance with AOPA and to avoid reversal of a decision, please list all such parties. The letter attached to this form will further explain the requirements under the AOPA. Attach additional names and addresses on a separate sheet of paper, as needed. Please indicate below the type of action you are requesting.

**NOTICE OF DECISION TO ISSUE A
GENERAL PERMIT**

PUBLIC NOTICE NO: 2015- 5D-GP

To Whom It May Concern:

Please read the following information carefully and bring this matter to the attention of persons you believe may be interested.

This Notice is merely to inform you that the facility below has been issued a permit to discharge water. And because you may have an interest in this matter, you have been identified as a Potentially Affected Party. If you are aggrieved or adversely affected by this action, you have a right to appeal the Decision as outlined on the reverse page.

SINGLETON STONE, LLC, Permit No. ING490143, LAKE COUNTY, Hebron, IN. This facility will discharge non- process wastewater to Singleton Ditch. The Notice of Intent (NOI) letter submitted complies with the requirements in 327 IAC 15-12, Facilities Engaged in Sand, Gravel, Dimension Stone, or Crushed Stone Operations.

For information regarding this permit, please contact Permit Writer: Anne Burget at 317/234-8745.

Thank you for your interest in this matter.

PROCEDURES TO APPEAL

General Permit documents are available for inspection at IDEM, Office of Water Quality/Permit Section, IGCN, 100 N Senate Ave, Indianapolis, IN, Room 1203, from 9 - 4, Monday-Friday (copies 10¢ per page). The General Permit is also available at the local Health Department. Please tell others you think would be interested in this matter.

Appeal Procedure: Any person affected by the issuance of the Final Permit may appeal by filing a Petition for Administrative Review with the Office of Environmental Adjudication within eighteen (18) days of the date of this Public Notice. Any appeal request must be filed in accordance with IC 4-21.5-3-7 and must include facts demonstrating that the party requesting appeal is the applicant; a person aggrieved or adversely affected or is otherwise entitled to review by law.

Timely filing: The Petition for Administrative Review must be received by the Office of Environmental Adjudication (OEA) within 18 days of the date of this Public Notice; either by U.S. Mail postmark or by private carrier with dated receipt. This Petition for Administrative Review represents a request for an Adjudicatory Hearing, therefore must:

- state the name and address of the person making the request;
- identify the interest of the person making the request;
- identify any persons represented by the person making the request;
- state specifically the reasons for the request;
- state specifically the issues proposed for consideration at the hearing;
- identify the Final Permit Rule terms and conditions which, in the judgment of the person making the request, would be appropriate to satisfy the requirements of the law governing this NPDES Permit rule.

If the person filing the Petition for Administrative Review desires any part of the NPDES Final Permit Rule to be stayed pending the outcome of the appeal, a Petition for Stay must be included in the appeal request, identifying those parts to be stayed. Both Petitions shall be mailed or delivered to the address here:
Phone: 317/232-8591.

Stay Time frame: If the Petition (s) is filed within eighteen (18) days of the mailing of this Public Notice, the effective date of any part of the permit, within the scope of the Petition for Stay is suspended for fifteen (15) days. The Permit will become effective again upon expiration of the fifteen (15) days, unless or until an Environmental Law Judge stays the permit action in whole or in part.

Hearing Notification: Pursuant to Indiana Code, when a written request is submitted, the OEA will provide the petitioner or any person wanting notification, with the Notice of pre-hearing conferences, preliminary hearings, hearing stays or orders disposing of the Petition for Administrative Review. Petition for Administrative Review must be filed in compliance with the procedures and time frames outlined above. Procedural or scheduling questions should be directed to the OEA at the phone listed above.
