

## **RSD/RWD Mission Statements**

\_\_\_\_\_ RSD aids the community by providing wastewater treatment and collection system services to the community at a reasonable cost with community-wide accessibility.

\_\_\_\_\_ RWD is a community-based organization [or non-profit/ 501c3] that seeks to ensure the community has safe, clean, and reasonable access to drinking water.

## **RSD/RWD Goal Statement**

To provide high quality, cost-effective sanitary sewer (water) service to our community. This goal is accomplished by: providing equipment and facilities that are safe, environmentally sound, and up-to-date; creating and maintaining an environment for employees that promotes individual and team development and health; continuously evaluating and improving structures, systems and methodologies; and diligently collaborating and cooperating with community planners, developers and the public.

## **RSD/RWD Vision statements**

\_\_\_\_\_ RSD looks forward to a time when the community will have everyone connected to a wastewater treatment system that adequately treats wastewater and releases treated effluent the best methods and practices.

\_\_\_\_\_ RWD foresees a time when the entire community has drinking water that is free of pollutants, safeguarded by knowledgeable treatment system professionals, and can be easily accessed by everyone's home.

## **RSD/RWD Values statement**

\_\_\_\_\_ RSD/ RWD values:

- Community awareness
- Community collaboration
- Public health and welfare
- Safety
- Local control and ownership
- The possibilities for future growth within the community and business
- Acknowledges and values the properties of the community, knowing that with improved sewer, water, and trash systems is a high correlation with improved property values
- Community social networking and community members getting to know one another and come together.
- The right to clean drinking water
- The right to sewer systems which adequately clean water and keep sewage out of the streets, open air, residences, and community areas
- Acknowledging and exhibiting care and concern for those with less resources within the community
