# Partners for Pollution Prevention

Partners for Pollution Prevention is an organization comprised of Indiana industries, businesses, nonprofit organizations and governmental entities that are interested in pollution prevention and the financial and environmental benefits that P2 projects can bring.

## Partners Mission

The Partners for Pollution Prevention champion P2 and environmental stewardship programs in businesses and organizations by promoting successful practices and approaches to achieve measurable reduction of pollution in Indiana.

# Membership

- Approximately 93 businesses, organizations, and service providers have taken the Partners' pollution prevention pledge
- Membership is free, voluntary, and contingent on accepting the pledge and having a good environmental compliance record

## Partners Pledge

- Ensure employees are aware of the commitment to pollution prevention and understand their role in implementing pollution prevention objectives and goals
- Incorporate pollution prevention planning in the development of new products, processes, and/or services
- Establish a mechanism to monitor waste generation and identify realistic pollution prevention goals
- Establish a process to listen and respond to stakeholder concerns

## Partners Pledge (continued)

- Make available your general waste reduction and pollution prevention information to members of our community, IDEM, and the Partners, if requested
- Establish an outreach program for promoting and supporting pollution prevention efforts
- Participate in two or more Partners meetings annually
- Support the annual Pollution Prevention Conference and Trade Show
- Submit an annual pollution prevention activity certification

## Partner Benefits

- Statewide recognition by IDEM and others for pollution prevention efforts
- Promotion of your facility's P2 projects
- Quarterly networking opportunities with IDEM representatives and leading P2 advocates
- Partner Pledge certificate from the Partners signed by IDEM's Commissioner
- Use of the Partners logo on environmental reports and other company literature
