

Hoosier Riverwatch Volunteer Stream Monitoring

2017 Basic Training Workshop Schedule

A Hoosier Riverwatch Basic Training workshop will introduce you to hands-on water quality monitoring methods. You will learn about aquatic habitat, chemical and biological assessment techniques. Sessions are held both in- and out-of-doors. All interested persons age 18 and over are welcome to attend. Once trained, certified educators are qualified to teach these methods and topics to their students.

Although Volunteer Stream Monitoring training workshops are free, you must contact the local host in advance to register. Training does come at a cost to the program, as well as to the host and/or instructor. Please be considerate and, once confirmed, contact your instructor if you will not be able to attend the workshop you have signed up for.

- Saturday, June 3** Indianapolis, IN – Paramount School of Excellence, 3020 Nowland Ave., (9 AM – 4 PM). Workshop is being planned for those involved with ROW (Reconnecting to Our Waterways), although vacant spots may be open to others, if available.
