Subject: Ozone Attainment Demonstration Plan for Lawrenceburg Township, Dearborn County.

On April 15, 2004, the United States Environmental Protection Agency (U.S. EPA) designated Lawrenceburg Township, Dearborn County, IN a nonattainment area, as part of the Cincinnati-Hamilton OH-KY-IN Basic Ozone Nonattainment Area.

The Clean Air Act Amendments of 1990 (CAAA) required areas designated nonattainment for the ozone air quality standard to develop State Implementation Plans (SIPs) to expeditiously attain and maintain the standard. Section 172 (c) of the Clean Air Act (CAA) stipulates the requirements that nonattainment areas must meet, including the development of a plan to demonstrate that the area will meet the ambient air quality standard by its assigned deadline (June 15, 2009).

Therefore, in accordance with the CAA, the Indiana Department of Environmental Management (IDEM) has prepared a draft attainment demonstration plan for submittal to the U.S. EPA. IDEM is making available this draft document for public review and comment beginning May 11, 2007.

Notice is hereby given under 40 CFR 51.102 that IDEM will hold a public hearing on Monday, June 11, 2007. The meeting will convene at 6:00 p.m. (local time) in Lawrenceburg Public Library, Meeting Room Number One, 150 Mary Street, Lawrenceburg, Indiana. All interested persons are invited and will be given opportunity to express their views concerning the draft document.

Upon request, copies of the draft documents will be available on or before May 11, 2007. The draft document is also available for review and download on IDEM's web site located at <http://www.in.gov/ide/air/redesignations/index.html>, or may be reviewed and copied at the following locations:
