Date**PROJECT INFORMATION**

Project Number, County, Route	LA 3395, Parcel 144, near US 231, Warrick County, Indiana	Des Number	923136
Project Description	LA 33957, Excess Parcel 144, is located at the on the northwest corner of the intersection of US 231 and East CR 1250 North in Warrick County, Indiana. This parcel of land has been declared as excess property by the State of Indiana, owner. The location has been reviewed to identify any potential sources of risk or liability on the subject property regarding environmental issues, hazardous materials, and archeological resources. <i>Attachment 1 – Project Location Map</i>		
Purpose and Need for Action:	The purpose of this categorical exclusion document is to clear the excess right-of-way parcel in preparation for sale. LA 3395, Parcel 144, is located on the northwest corner of the intersection of US 231 and East CR 1250 North in Warrick County, Indiana. The sale of the excess land would relieve INDOT of the cost for maintaining the parcels and provide funds from the sale for INDOT use.		
Alternatives Considered:	The do-nothing alternative was considered, but rejected since it would not meet the purpose and need of the projects.		
Project Termini:

SCOPE OF THE PROPOSED ACTION		
Public Involvement	No: <input checked="" type="checkbox"/>	Possible:
Comments:	No public controversy is expected. Any applicable public involvement procedures will be followed.	
Relocation of residences/businesses/etc.*	No: <input checked="" type="checkbox"/>	Possible:
Comments:	No structures will be acquired under this project. No relocations will be necessary.	
Right-of-way in acres (permanent and temporary)*	No: <input checked="" type="checkbox"/>	Possible:
Comments:	No new right-of-way will be acquired as part of this project.	
Added through-traffic lanes – length*	No: <input checked="" type="checkbox"/>	Possible:
Comments:	No through-lanes will be added.	
Permanent alteration of local traffic pattern*	No: <input checked="" type="checkbox"/>	Possible:
Comments:	There will be no alteration of local traffic patterns.	
Facility on new location or realignment*	No: <input checked="" type="checkbox"/>	Possible:
Comments:	There will be no new alignment or realignment of existing roads.	
Disruption to public facilities/services (such as schools, emergency service)	No: <input checked="" type="checkbox"/>	Possible:
Comments:	There will be no disruption of public facilities or services.	
Involvement with existing bridge(s) (Include structure number(s))	No: <input checked="" type="checkbox"/>	Possible:
Comments:	There are no existing bridges.	
INVOLVEMENT WITH RESOURCES		
Watercourses Impacted (linear feet)	No: <input checked="" type="checkbox"/>	Possible:
Comments:	There will be no construction in waterways as part of this project	
Other Surface Waters (such as ponds, lakes, reservoirs, in acres)	No: <input checked="" type="checkbox"/>	Possible:
Comments:	Three (3) lakes are located within the ½ mile radius. The nearest lake/pond is approximately 0.33 mile southwest of the subject parcel. These water features are listed as perennial lakes/ponds and should not be impacted by the sale of the parcel. <i>The Red Flag Investigation was completed June 14, 2012 by Marlene Mathas, CHMM, INDOT Environmental Services Hazardous Materials Unit.</i> Attachment 2: Red Flag Investigation Report	
Wetlands (acres)*	No: <input checked="" type="checkbox"/>	Possible:
Comments:	One (1) NWI Wetland Line is located within ½ mile of the subject parcel. The closest wetland line is located approximately 0.29 mile northeast of the subject parcel and should not be impacted by the sale of the parcel. Attachment 2: Red Flag Investigation Report	

Disturbance of Terrestrial Habitat (acres)	No: X	Possible:
Comments:	No disturbance will be made to terrestrial habitat from the sale of this parcel.	
Karst Features	No: X	Possible:
Comments:	There are no karst features present in Spencer County nor is it part of the Karst MOU.	
Threatened and Endangered Species Present/Impacted*	No: X	Possible:
Comments:	The Indiana Heritage Data Base, Warrick County, reveals no state or federal ETR species within the one half mile radius of the subject parcel. Selling the subject property is not expected to impact ETR species or high quality natural communities. Attachment 2: Red Flag Investigation Report	
Impacts to Sole Source Aquifer*	No: X	Possible:
Comments:	There is no known Sole Source Aquifer located in Spencer County Indiana.	
Flood Plains (note transverse or longitudinal impact)	No: X	Possible:
Comments:	Five (5) floodplains are located within the ½ mile buffer of the subject parcel. The subject parcel is not in or adjacent to any of the floodplains. The floodplain areas should not be impacted by the sale of the subject parcel. Attachment 2: Red Flag Investigation Report	
Farmland (acres)	No: X	Possible:
Comments:	The sale of this parcel will have no impact on farmland.	
Cultural Resources (Section 106)*	No: X	Possible:
Comments:	Excess right-of-way parcels are cleared under state law, not Federal 106. The archeological survey has been completed for all parcels. The project has been determined to be of a nature which has no potential to adversely affect resources protected by Section 106 of the Historic Preservation Act. This parcel was reviewed by Historian James A. Glass, Ph.D. No historic properties were identified near this parcel. Attachment 3: Indiana Archeological Short Report Attachment 4: Letter of concurrence from Indiana Department of Natural Resources.	
Section 4(f) and Section 6(f) Resources *	No: X	Possible:
Comments:	Although there may be Section 4(f) or 6(f) resources near the project, none of the resources will be adversely affected.	
Air Quality Non-attainment Area	No: X	Possible:
Comments:	This project is exempt from air quality analysis and therefore will have no significant impact on air quality.	
Noise Analysis Required*	No: X	Possible:
Comments:	This project is exempt from noise quality analysis and therefore will have no significant impact on noise levels.	
Community/Economic Impacts	No: X	Possible:
Comments:	No negative impacts are anticipated for the established communities.	

Categorical Exclusion Level Thresholds

	Level 1	Level 2	Level 3	Level 4
Relocations	None	≤ 2	> 2	> 10
Right of way ¹	< 0.5 acres	< 10 acres	≥ 10 acres	≥ 10 acres

Re: RED FLAG INVESTIGATION
LA 3395, Parcel 144
Excess Parcel
SR 62
Boonville, Warrick County, Indiana

NARRATIVE

This RFI is being performed for the sale of an excess parcel. The subject parcel was acquired by INDOT for right-of-way purposes for DES 88231455/292 and is located on the northwest corner of the intersection of US 231 and East CR 1250 North. INDOT has decided that this surplus land will not be needed for right-of-way or other transportation purposes within the foreseeable future. A legal description of the parcel is as follows:

Part of the Southeast Quarter of Section 28, Township 5 South, Range 8 West, Warrick County, Indiana, described as follows: Commencing at a point on the North right-of-way line of Indiana State Road # 62 on the East line of said Southeast Quarter fifty (50) feet North 0 degrees 08 minutes 27 seconds East of the Southeast corner of said Southeast Quarter; thence Westerly along the North right-of-way line of Indiana State Road # 62 one hundred eighty (180) feet; thence North 0 degrees 08 minutes 27 seconds East one hundred fifty (150) feet; thence Easterly one hundred eighty (180) feet to the east line of said quarter section; thence South along said east line one hundred fifty (150) feet to the point of beginning (the foregoing description is taken from Document number 1996R-011891 in the Office of the Recorder of Warrick County, Indiana); EXCEPTING therefrom the land conveyed to the State of Indiana recorded as Document number 2000R-000643 in the Office of said Recorder, more particularly described as follows: a part of the Southeast Quarter of Section 28, Township 5 South, Range 8 West, Warrick County, Indiana, described as follows: Commencing at the southeast corner of said section; thence North 1 degree 04 minutes 29 seconds East 15.240 meters (50.00 feet) along the east line of said section to the prolonged north boundary of S.R. 62; thence North 88 degrees 33

An Equal Opportunity Employer

minutes 06 seconds West 9.144 meters (30.00 feet) along the prolonged boundary of said S.R. 62 to the west boundary of Eskew Road and the point of beginning of this description: thence North 88 degrees 33 minutes 06 seconds West 45.720 meters (150.00 feet) along the boundary of said S.R. 62 to the west line of the grantor's land; thence North 1 degree 04 minutes 29 seconds East 14.422 meters (47.32 feet) along said west line; thence South 88 degrees 44 minutes 42 seconds East 42.253 meters (138.63 feet); thence North 35 degrees 40 minutes 19 seconds East 6.105 meters (20.03 feet) to the west boundary of said Eskew Road; thence South 1 degree 04 minutes 29 seconds West 19.612 meters (64.34 feet) along the boundary of said Eskew Road to the point of beginning and containing 0.0672 hectares (0.166 acres), more or less;

[The entirety of the above description was quoted from, and intends to be the same property purchased by the State of Indiana from Elsie Hess and Betty Bradley in Document number 2001R-010015.]

[ALSO EXCEPTING 30 feet of even width off of the entire east side of the above described one hundred eighty (180) feet by one hundred fifty (150) feet parcel which is currently used as Right-of-Way for Eskew Road]; and containing after said exceptions; 0.351 acres, more or less.

This description is subject to any and all easements, rights of way, covenants, or restrictions; recorded or observable.

SUMMARY

Infrastructure			
Indicate the number of items of concern found within ½ mile, including an explanation why each item within the ½ mile radius will/will not impact the project. If there are no items, please indicate N/A:			
Other road projects	18	Airports	N/A
Cemeteries	N/A	Hospitals	N/A
Railroads	1	Recreational Facilities	N/A
Religious Facilities	N/A	Schools	N/A
Trails	N/A	Pipelines	1
Managed Lands	N/A		

EXPLANATION:

Other road projects: Eighteen (18) projects were listed within ½ mile of the subject parcel; however, these projects are either historical or not located so as to impact the subject parcel.

Railroads: The Norfolk Southern Railroad runs east-west approximately 0.31 mile south of the parcel and should not be impacted by the sale of the subject parcel.

Pipelines: Texas Gas Transmission has a natural gas pipeline that runs east-west approximate 0.12 mile south of the parcel and should not be impacted by the sale of the subject parcel.

Water Resources			
Indicate the number of items of concern found within ½ mile, including an explanation why each item within the ½ mile radius will/will not impact the project. If there are no items, please indicate N/A:			
Canal Routes – Historic	N/A	Canal Structures – Historic	N/A
NWI Wetland Lines	3	Floodplain-DFIRM	5
NWI Wetland Polygons	6	NWI Wetland Points	1
Rivers & Streams	2	Lakes	3

IDEM 303d Listed Rivers and Streams	N/A	IDEM 303d Listed Lakes	N/A
Cave Entrance Density	N/A	Sinkhole Areas	N/A
Karst Springs	N/A	Sinking-Stream Basins	N/A

EXPLANATION:

NWI Wetland Line: Three (3) NWI Wetland Lines are located within ½ mile of the subject parcel. The closest wetland line is located approximately 0.29 mile northeast of the subject parcel and should not be impacted by the sale of the parcel.

Floodplains-DFIRM: Five (5) floodplains are located within the ½ mile buffer of the subject parcel. The subject parcel is not in or adjacent to any of the floodplains, and the floodplains should not be impacted by the sale of the subject parcel.

NWI Wetland Polygons: Six (6) wetlands are located within the ½ mile radius of the parcel. The nearest wetland is approximately 0.16 mile southwest of the subject parcel, and none of the wetlands should be impacted by the sale of the parcel.

NWI Wetland Points: One (1) NWI Wetland Point is located approximately 0.28 mile east-northeast of the subject parcel and should not be impacted by the sale of the parcel.

Rivers & Streams: One (1) intermittent stream is located almost ½ mile to the southwest of the subject property. Carter Traylor Ditch is associated with the wetland line approximately 0.29 mile northeast of the subject parcel and should not be impacted by the sale of the property.

Lakes: Three (3) lakes are located within the ½ mile radius. The nearest lake/pond is approximately 0.33 mile southwest of the subject parcel. These water features are listed as perennial lakes/ponds and should not be impacted by the sale of the parcel.

Mining/Mineral Exploration			
Indicate the number of items of concern found within ½ mile, including an explanation why each item within the ½ mile radius will/will not impact the project. If there are no items, please indicate N/A:			
Petroleum Wells	2	Petroleum Fields	N/A
Mines – Surface	N/A	Mines – Underground	N/A

EXPLANATION:

Petroleum Wells: Two (2) petroleum wells are located within the ½ mile buffer of the subject parcel. The closest well is less than 0.1 mile from the subject parcel. Both wells are listed as “presumed plugged”. Sale of the subject property should not impact the wells.

Ecological Information

The Warrick County listing of the Indiana Natural Heritage Data Center information on endangered, threatened, or rare (ETR) species and high quality natural communities is attached with ETR species highlighted.

Research into the Indiana Heritage database revealed one (1) state endangered vertebrate animal sighted within a ½ mile radius of the subject parcel. Sale of the subject parcel is not expected to impact ETR species or high quality natural communities.

Cultural Resources

The Cultural Resources review is pending and will be submitted separately.

Hazmat Concerns			
Indicate the number of items of concern found within ½ mile, including an explanation why each item within the ½ mile radius will/will not impact the project. If there are no items, please indicate N/A:			
Brownfield Sites	N/A	Corrective Action Sites (RCRA)	N/A
State Cleanup Sites	N/A	Superfund Sites	N/A
Voluntary Remediation Program	N/A	Institutional Control Sites	N/A
Manufactured Gas Plant Sites	N/A	Industrial Waste Sites	N/A
Underground Storage Tanks (USTs)	1	Leaking Underground Storage Tanks (LUSTs)	N/A
Confined Feeding Operations	N/A	Septage Waste Sites	N/A
Construction Demolition Waste	N/A	Infectious/Medical Waste Sites	N/A
Lagoon/Surface Impoundments	N/A	Open Dump Sites	N/A
Restricted Waste Sites	N/A	Solid Waste Landfills	N/A
Tire Waste Sites	N/A	Waste Transfer Stations	N/A
Waste Treatment, Storage, and Disposal Sites (TSDs)	N/A	NPDES Facilities	N/A
NPDES Pipe Locations	N/A		

EXPLANATION:

UST: One (1) UST was removed from Family Ford Mercury, which is approximately 0.04 mile to the west, in 1993. A review of the Indiana Department of Environmental Management (IDEM) Virtual File Cabinet indicated that no contamination was found when the tank was closed. No further investigation is recommended.

RECOMMENDATIONS

Include recommendations from each section. If there are no recommendations, please indicate N/A:

LEGAL DESCRIPTION OF ACQUISITION, Parcel 42H

EXHIBIT "A"

Project: 0901970
 Code: 5353
 Form: WD-1
 Key No.: 14-02-02-600-012.000-003
 Parcel: 42H Fee

A part of the Northwest Quarter of the Southwest Quarter of Section 2, Township 5 North, Range 6 West, Daviess County, Indiana, and being that part of the grantor's land lying within the right of way lines depicted on the attached Right of Way Parcel Plat, marked EXHIBIT "B", described as follows: Commencing at the northwest corner of said quarter-quarter section, designated as point "336" on said plat; thence South 0 degrees 42 minutes 18 seconds West 769.65 feet along the west line of said quarter-quarter section to the southwest corner of the 2.08-acre exception described in Instrument No. 98-2338, in the Office of the Recorder of Daviess County, Indiana; thence South 87 degrees 28 minutes 00 seconds East 401.52 feet along the south line of said 2.08-acre exception to the southeast corner of said exception and the point of beginning of this description, which point of beginning is designated as point "2009" on said plat; thence North 73 degrees 46 minutes 37 seconds East 235.20 feet to point "2007" designated on said plat; thence South 88 degrees 35 minutes 34 seconds East 242.57 feet to point "2008" designated on said plat; thence South 2 degrees 07 minutes 47 seconds West 80.40 feet to the south line of the grantor's land, designated as point "2010" on said plat; thence North 87 degrees 28 minutes 00 seconds West 465.80 feet along said south line to the point of beginning and containing 0.628 acres, more or less.

This description was prepared for the Indiana Department of Transportation by

Timothy J. Coomes, Indiana Registered Land Surveyor, License Number 20600004, on the

30th day of October, 2009.

(SHAARD 2012)

- Cultural Resource Management reports, other research reports, grant reports on file at DHPA or other institutions

Previous Archaeological Studies within One Mile of the Project (include citations):

In total, 11 archaeological investigations have been completed within 1.6 km (1 mile) of the project area (Figure 2). All of these investigations were Phase Ia reconnaissances (Beard 1993, 2010; BHE Environmental 2002; Cantin 2000; Carmany 2002; Carson 2007; DeRegnaucourt 1979; Landers and Cookenham-Glenn 1995; Lange 2012; Pace 1987; Snyder & Snell 2009).

List other institutions:

- Cemetery Records

Results: There are two cemeteries within 1.6 km (1 mile) of the project area: Harpole and Day (SHAARD 2012).

- McGregor Industrial Site records (in applicable counties)

Results: No McGregor Files within a mile.

- County Interim Report

Results: There are three residences circa early 20th-century within a mile of the project area (Historic Landmarks Foundation of Indiana 1984).

- Historic Maps

Results: The County Fairgrounds were located within 1.6 km (1 mile) of the project (Andreas 1968).

Known Cultural Manifestations and/or Additional Information:

Prehistoric cultural manifestations near the project area reflect the general cultural sequence of the state from Paleoindian through Euroamerican contact. Paleoindian sites are more common on the terraces and floodplains of the Ohio River drainage system (Tankersley et al. 1990). Projectile points diagnostic of the Early Archaic are more common in the uplands in this area than other Archaic periods (Stafford et al. 2000). Specific cultures include the Late Archaic French Lick Phase, the Early Woodland Adena or Crab Orchard, the Middle Woodland Allison-LaMotte, Late Woodland Albee Phase, and the Late Prehistoric Middle Mississippian.

Warrick County was established in 1813 and was reduced to its present boundaries in 1818. Boone Township is one of the ten townships in Warrick County. The county seat was moved to Boonville in 1818 developing the town into a central location. In 1873 the railroad was constructed in Warrick County starting at the city of Boonville, traveling all the way to Evansville increasing industry and commerce (Historic Landmarks Foundation of Indiana 1984).

FIELD INVESTIGATION: (check all that apply) Field Investigation Dates (month, day, year): June 21, 2012

Field Supervisor: David Moffatt

Field Crew: Shaun Miller, Jeffrey Laswell, Matthew Coon, Erin Gould, Katie Lange

Surface Visibility: 0%

Factors Affecting Visibility: grass and weeds

Visual Walkover Pedestrian Survey Shovel Test Screened Mesh Size 1/4 in

Interval 5 m 10 m 15 m Other (describe below)

Number of Shovel Test Units Excavated: Eight shovel tests were completed at this site at regular intervals.

Describe Methods: The entire project area was examined through shovel tests at 15 m intervals. Shovel tests were at least 30 cm in diameter and 30 cm deep placed at 15 m or smaller intervals. All st's were excavated to sterile soil and the sediment screened through 1/4" hardware cloth.

Attach photographs documenting disturbances below

Describe Disturbances: Parcel 144 - This parcel was disturbed (Figure 4). There is a utilities connection box, indicating buried utility lines, on the east half of the site, and there is a highway ditch that disturbed the south part of the site. There was also previously a structure in the northwest corner of the site area that was razed.

Comments: No artifactual evidence of a structure was identified through shovel probes in the parcel to indicate their presence in the past. There were structures on the Topographic map.

Results

- Archaeological records check has determined that the project area does not have the potential to contain archaeological resources.
- Archaeological records check has determined that the project area has the potential to contain archaeological resources.
- Phase Ia reconnaissance has located no archaeological resources in the project area.
- Phase Ia reconnaissance has identified landforms conducive to buried archaeological deposits.

Actual Area Surveyed hectares: 00.2 acres: 00.6

Comments:

Recommendation

- The archaeological records check has determined that the project area has the potential to contain archaeological resources and a Phase Ia archaeological reconnaissance is recommended.
- The archaeological records check has determined that the project area does not have the potential to contain archaeological resources and no further work is recommended before the project is allowed to proceed.
- The Phase Ia archaeological reconnaissance has located no archaeological sites within the project area and it is recommended that the project be allowed to proceed as planned.

The Phase Ia archaeological reconnaissance has determined that the project area includes landforms which have the potential to contain buried archaeological deposits. It is recommended that Phase Ic archaeological subsurface reconnaissance be conducted before the project is allowed to proceed.

The Phase Ia archaeological reconnaissance has determined that the project area is within 100 feet of a cemetery and a Cemetery Development Plan is required per IC-14-21-1-26.5.

Cemetery Name:

Other Recommendations/Commitments:

Pursuant to IC-14-21-1, if any archaeological artifacts or human remains are uncovered during construction, demolition, or earthmoving activities, state law (Indiana Code 14-21-1-27 and 29) requires that the discovery must be reported to the Department of Natural Resources within two (2) business days. In that event, please call (317) 232-1646.

Re: The Disposal of INDOT Excess Parcel #144 along SR 62 (LA 3395) in Warrick County, Indiana.

Dear Dr. Glass

Indiana Department of Transportation, Cultural Resources Office (CRO) personnel who meet the Secretary of Interior's Professional Qualification Standards as per 36 CFR Part 61 completed a Phase Ia archaeological investigation for the above references project (Gould August 3, 2012). The archaeological records check found that no archaeological sites had been recorded within the excess parcel. The Archaeological reconnaissance found no cultural material. No additional archaeological investigation is recommended.

With regard to above-ground resources, no buildings are located on LA 3395 Excess Parcel 144. Nonetheless, the State and National Register of Historic Places lists for Warrick County were checked by an INDOT- CRO historian who meets the Secretary of the Interior's Professional Qualification Standards per 36 CFR Part 61. No properties on these lists are located on or adjacent to the parcel. The *Warrick County Interim Report* (1984) of the Indiana Historic Sites and Structures Inventory (IHSSI) was referenced (Boone Township). Additionally, the updated IHSSI entries for Warrick County (2010) in the State Historic Architectural and Archaeological Research Database (SHAARD) were checked. No properties are recorded on or adjacent to the parcel. The parcel is immediately surrounded by mid-late 20th century residences, late 20th century commercial development, and pasture land. INDOT does not think that the sale of this parcel is an activity that has the potential to cause effects on any above-ground resources eligible for or listed in the National Register.

Please review the enclosed archaeological report and advise us of its acceptability and recommendations. If there are any questions or concerns regarding this project, please contact Mr. David Moffatt of this section at (317)-233-3703.

Sincerely,

A handwritten signature in black ink that reads 'Patrick Carpenter'.

Re: Indiana archaeological short report (Gould, 8/3/12) regarding the disposal of INDOT excess parcel
#144 along SR 62 (LA 3395; DHPA No. 13830)

Dear Mr. Carpenter:

Pursuant to Indiana Code 14-21-1-14, the Indiana Department of Natural Resources, Division of Historic Preservation and Archaeology ("DHPA") has conducted a review of the materials submitted with your cover letter dated August 13, 2012, and received on August 14, 2012, for the aforementioned disposal of property within Boone Township, Warrick County, Indiana.

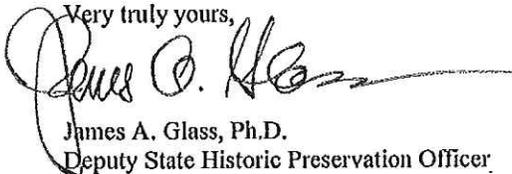

Based on our analysis, we concur with the archaeological report, and no currently known archaeological sites listed in or eligible for inclusion in the National Register of Historic Places or the Indiana Register of Historic Sites and Structures exist within the named parcels.

If any archaeological artifacts, features, or human remains are uncovered during construction, state law (Indiana Code 14-21-1-27 & 29) requires that the discovery must be reported to the Department of Natural Resources within two (2) business days. In that event, please call (317) 232-1646.

In regard to buildings and structures, we do not believe that any above-ground properties listed in or eligible for inclusion in the National Register of Historic Places or the Indiana Register of Historic Sites and Structures exist within the named parcels.

If you have questions about archaeological issues, please contact Wade Tharp at (317) 232-1650 or wtharp1@dnr.IN.gov. If you have questions about buildings or structures, please contact Chad Slider at (317) 234-5366 or cslider@dnr.IN.gov. In any future correspondence regarding this project, please refer to DHPA No. 13830.

Very truly yours,

James A. Glass, Ph.D.
Deputy State Historic Preservation Officer
