ESRI MPA PRICE LIST
(E417M 1Q09)

General Information and Disclaimers

1. The following Software items and related products are offered to Licensee and its qualified agencies for use only within the United States of America, its possessions, and territories.
2. The listed prices are exclusive of shipping, handling, and any applicable taxes. Delivery terms are FOB Redlands, California. Shipping and handling will be prepaid and charged back, i.e., included in the invoice as a separate item. If desired, shipping and handling charges can be quoted to the customer prior to the placement of the order. Your ESRI Sales Representative can provide a specific quote including applicable shipping and handling charges.
3. Eligible customers may at any time request a specific quote based on this contract from an ESRI sales representative. When selecting items from this contract without assistance from an ESRI sales representative, be aware of the following general rules:
 - (a) Volume pricing applies on a per-order and per-item basis unless otherwise indicated. The listed prices must be multiplied by the order quantity to determine the total price for any given order.
 - (b) Some products have prerequisites and interdependencies so that one may not be purchased, or may not be functional, without prior or simultaneous purchase of another product. For example, Software upgrades can only be licensed by customers who have already acquired the corresponding earlier version of the Software, and extension Software is only functional in combination with the corresponding core Software. If you have questions regarding your configuration, please contact your ESRI representative for additional information.
 - (c) System requirements and platform support vary from item to item. If in doubt whether your system will support a desired item, please contact your ESRI sales representative for additional information.
 - (d) Some items are not offered to all potential customers. For example, certain Software upgrades are only offered to customers who have acquired the most recent versions of the Software, and local government licenses are only offered to local government customers.
 - (e) Customer must provide adequate facilities for client site training. Certain other restrictions apply. See the Learning Center On-Site training information at ESRI's Web site (www.esri.com/training/site_training.html) for details.
 - (f) ESRI Site Training (i.e., Training at one of ESRI's Training Centers) requires a completed registration application form from each student. Registrations are processed on a first-come, first-served basis. We recommend that you submit this registration information at least one month prior to the start date of your class. See the Learning Center registration information at ESRI's Web site (www.esri.com/training/register.html) for details.
4. Support services are defined at ESRI's Web site (www.esri.com) within the user support section. Particular attention should be paid to the fact that some ESRI Software comes with complimentary maintenance for the first year and other Software features different support plans.
5. New Software releases for most Software products are provided exclusively through maintenance programs. In these cases, Software upgrades are not sold separately.

Section Description	Amount
1 ArcGIS Concurrent Use Licenses	
ArcInfo Concurrent Use License	\$8,910.00
ArcInfo Concurrent Use License Annual Maintenance (Primary 1st, 11th, 21st, 31st...)	\$3,000.00
ArcInfo Concurrent Use License Annual Maintenance (Secondary 2-10, 12-20...)	\$1,200.00
ArcEditor Concurrent Use License	\$6,300.00
ArcView Concurrent Use License	\$3,150.00
ArcGIS Spatial Analyst Concurrent Use License	\$2,250.00
ArcGIS 3D Analyst Concurrent Use License	\$2,250.00
ArcGIS Geostatistical Analyst Concurrent Use License	\$2,250.00
ArcGIS Publisher Concurrent Use License	\$2,250.00
ArcGIS Survey Analyst Concurrent Use License	\$2,250.00
ArcGIS Tracking Analyst Concurrent Use License	\$2,250.00
ArcGIS ArcScan Concurrent Use License	\$2,250.00
ArcGIS Maplex Concurrent Use License	\$2,250.00
ArcGIS Data Interoperability Concurrent Use License	\$2,250.00
ArcGIS Network Analyst Concurrent Use License	\$2,250.00
ArcGIS Schematics Concurrent Use License	\$2,250.00
Job Tracking for ArcGIS (JTX) Concurrent Use License	\$2,250.00
Primary Maintenance for ArcView Concurrent Use License	\$700.00
Secondary Maintenance for ArcView Concurrent Use License	\$500.00
Primary Maintenance for ArcGIS Spatial Analyst Concurrent Use License	\$500.00
Secondary Maintenance for ArcGIS Spatial Analyst Concurrent Use License	\$200.00
Primary Maintenance for ArcGIS 3D Analyst Concurrent Use License	\$500.00
Secondary Maintenance for ArcGIS 3D Analyst Concurrent Use License	\$200.00
Primary Maintenance for ArcGIS Geostatistical Analyst Concurrent Use License	\$500.00
Secondary Maintenance for ArcGIS Geostatistical Analyst Concurrent Use License	\$200.00
Primary Maintenance for ArcGIS Publisher Concurrent Use License	\$500.00
Secondary Maintenance for ArcGIS Publisher Concurrent Use License	\$200.00
Primary Maintenance for ArcGIS Survey Analyst Concurrent Use License	\$500.00

TIME AND MATERIALS RATE SCHEDULE

Effective January 1, 2009

Hourly time and materials labor rates have been provided for each labor category for calendar year 2009. The hourly labor rates for services that are performed after 2009 may be escalated in an amount not to exceed seven and one-half percent (7.5%) each year. Other direct costs, such as travel, reproduction, subcontractor, telecommunication/freight, or materials, will be charged a material handling fee and invoiced.

ESRI reserves the right to provide fixed price quotations for professional services requests that require deliverables other than hours and/or are more than twenty-five thousand dollars (\$25,000). Work performed under fixed price orders will require additional terms and conditions and will be invoiced monthly based on percent complete.

Principal GIS Consultant/Program Manager

Hourly Rate: \$349/Hour

Staff in this labor category work as Program Directors or Project Advisors providing project vision, strategic consulting, and program management activities for Geographic Information Systems (GIS) and Information Technology (IT) projects. These staff members apply market/application domain expertise using extensive experience in GIS and related geo-spatial technologies to support the successful completion of the program. Consulting activities may include strategic planning, review and oversight of requirements definition, application and database design, and system integration consulting. Management activities may include defining program requirements and objectives, establishing budgets and schedules, allocating staff and other resources, and managing and overseeing subcontractor activities. Staff in this labor category work with senior client staff in coordination with ESRI senior management to resolve issues and support successful project completion.

Senior GIS Consultant/Project Manager

Hourly Rate: \$264/Hour

Staff in this labor category work as Project Managers or Project Advisors providing strategic consulting and project management activities for GIS and IT projects. These staff members have market/application domain expertise using extensive experience in GIS and related geo-spatial technologies to support the successful completion of a project. Consulting activities may include strategic planning, GIS workshops and seminars, requirements definition, application and database design and system integration consulting. Management activities may include defining project requirements and objectives, establishing budgets and schedules, allocating staff and other resources, and managing and overseeing subcontractor activities. These individuals may also design comprehensive work plans that employ standard system methodologies that define project deliverables and milestones and realistic schedules.

GIS Consultant/Project Manager

Hourly Rate: \$210/Hour

Staff in this labor category provides day-to-day consulting and management for contracted projects within ESRI. These individuals work under guidance of senior ESRI managers described above and support the design and implementation of project work plans. These staff members may provide consulting services and design and management support to software application development projects and database conversion projects. They may also conduct detailed requirements interviews, document application requirements, develop logical and physical database designs using standard engineering diagramming methodologies, design software and database QA/QC programs, and provide management oversight of daily technical activities. These staff members work with senior consulting and technical staff to design comprehensive work plans that employ standard system methodologies that define project deliverables, milestones and realistic schedules. These individuals work with ESRI administrative staff to ensure that progress and financial reporting are provided according to contract requirements.

Senior GIS System/Software Architect

Hourly Rate: \$272/Hour

Staff in this labor category provides the overall technical vision and system architecture for large, complex systems. They support the application of sound software engineering principles and life-cycle methodologies to programs/projects. This staff is actively involved in systems architecture design, application software design, database process design, and the directing of coding development, including the supervision of design and code reviews. These staff may serve as the Principal Investigator in focused studies or research and development projects. Individuals in this labor category have broad technical knowledge of GIS applications and related information technologies, and they may also provide specific expertise in areas such as web-based software applications, services oriented architectures, data warehousing, spatial analysis, and modeling. As a group, these staff members are proficient with ESRI Commercial Off the Shelf (COTS) software products, software and database design methodologies, web, desktop and server software development languages, geospatial data formats, and other technologies.

GIS System/Software Developer

Hourly Rate: \$221/Hour

Staff in this labor category supports the design of technical project specifications for the implementation of application software projects and database development projects. They support the day-to-day technical activities of the project team and ensure that standard system methodologies are employed. They also perform detailed software design and detailed database conversion design, and are directly involved in the coding and implementation of complex and strategic portions of application software and database conversion projects. As a group, these staff members are proficient in ESRI Commercial Off the Shelf (COTS) software products, web, desktop and server software development languages, geospatial data formats and other technologies. These staff members design and develop QA/QC programs and support design and code reviews, database reviews, and other QA/QC activities throughout the project life cycle.

GIS Technical Specialist/Engineer

Hourly Rate: \$171/Hour

Staff in this labor category work collaboratively with software designers to perform software coding and writing software documentation according to design specifications developed by senior technical staff described above. As a group, these staff members are experienced in the coding of software, the creation of digital databases, and in software development associated with ESRI's Commercial Off the Shelf (COTS) software products, web, desktop or server software development languages, geospatial data formats and other technologies. This staff also develops effective database designs, implement data conversion processes and procedures, and perform software and database quality control.

GIS Database Specialist/Analyst

Hourly Rate: \$145/Hour

Staff in this labor category provides database development support in creating cartographic and digital data products. These staff members have expertise that includes the performance of hard copy to digital data conversion tasks, data migration, and translation activities utilizing advanced processing techniques in ArcGIS. These individuals design, develop, and implement efficient production tools and work flows in accordance with approved project plans and design parameters.

TRAINING TERMS AND CONDITIONS

ESRI, 380 New York St., Redlands, CA 92373-8100 USA • TEL 909-793-2853 • FAX 909-793-5953

Whereas, the Client wishes to arrange for training of its employees, the following terms shall be followed as applicable:

I. SCOPE

ESRI agrees to conduct training courses pursuant to the terms contained herein. Training may be conducted at Client's site or at an ESRI learning center.

Course Description: The ESRI Software training course(s) to be conducted, the location, the dates during which the course(s) is to be conducted, the number of participants, and the prices to be paid to ESRI are as set forth in the *ESRI Course Catalog* or at ESRI's training Web site (<http://training.esri.com>). Client Site pricing and schedule information are available on request. All courses shall be conducted in substantial conformity with course descriptions outlined on the ESRI training Web site (<http://training.esri.com>). ESRI reserves the right to modify course content when necessary due to Software technical capabilities or limitations.

ESRI's Responsibilities:

- ESRI shall provide an instructor qualified to conduct the course(s) as well as all necessary training materials sufficient for the number of registered participants. ESRI will provide each student with a course manual.
- ESRI's Training Event Assistant, through whom all course(s), dates, and locations shall be confirmed, can be reached via the contact information as listed in the Client Site Training Request Form, found at <http://downloads2.esri.com/Campus/documents/regapp.pdf>.
- Learning center training class scheduled dates are confirmed by the Training Event Assistant approximately ten (10) business days prior to the start date.
- Client Site classes are confirmed by the Training Event Assistant upon receipt of payment/order information and completed Client Site Training Request Form.

Client's Responsibilities:

- Client must ensure that ESRI copyrights are observed and that neither Client nor any third party copies or distributes any training materials provided for training purposes.
- Client is not authorized to resell ESRI training seats, unless explicitly authorized by ESRI in writing.
- Client is responsible for confirming that all registered students meet the applicable minimum prerequisites for the applicable class set forth on ESRI's training Web site.
- Client shall submit to the Training Event Assistant a list of student names at least three (3) business days before the class start date for export license compliancy check purposes.
- Travel is Client's responsibility. ESRI assumes no responsibility for nonrefundable travel arrangement losses resulting from denial of a student's(s') participation due to U.S. government export licensing requirements, course scheduling changes, or cancellations. Even though ESRI strives to confirm all classes, class cancellations are sometimes unavoidable.
- Client must notify the Training Event Assistant of any cancellation, rescheduling, or participant substitution requirements and receive confirmation of change(s) prior to the class start date.

IIA. UNIQUE LEARNING CENTER TERMS

Where courses are to be conducted at an ESRI learning center, the following apply:

- Seating is limited in some classes. Registrations are always processed, using a standard student registration application, on a first-come, first-served basis. Waiting lists are used when necessary. Class schedules and registration applications are attached to every course catalog and are available on the Web at <http://training.esri.com>. Registrations must be submitted in advance and require a payment commitment within seven (7) business days of the class start date.
- Sales tax will be charged where applicable. Some states have enacted an E-Procurement fee for state government customers. ESRI may also add the E-Procurement fee to the cost of training classes where applicable.

IIB. UNIQUE CLIENT SITE TERMS

Client's Responsibilities: Where courses are to be conducted at Client's facilities, Client shall provide physical training facilities that meet the following minimum requirements or modifications as mutually agreed to by both parties:

- Client shall, where possible, provide a one (1)-room facility, sufficient for a training course for up to twelve (12) persons (or such other number as may be agreed to by ESRI's Training Event Assistant). The facility shall have appropriate climate control and lighting as well as sufficient power and number of outlets to accommodate the required number of computers and other equipment to be used.
- Where the ESRI Mobile Lab is utilized for a scheduled class:
 - Client shall be responsible for any and all loss, damage, or theft to the Mobile Lab while in Client's possession. Client should immediately report any damage or missing items, upon receipt, to the Training Event Assistant.
 - Client shall keep the Mobile Lab equipment in a secure, locked area between class sessions.
 - Client shall sign release form at completion of course that outlines status of Mobile Lab and makes the Mobile Lab equipment available for freight pickup immediately on conclusion of the ESRI course(s).
 - Client shall ensure no one except registered students uses the Mobile Lab equipment.
 - Client warrants that it shall maintain sufficient insurance coverage to enable it to meet its obligations created by this agreement and by law.
- Where the ESRI Mobile Lab is not utilized for a scheduled class:
 - Client shall supply all computer hardware for the training course(s). Computers must be platforms fully supported by ESRI. All computer hardware shall be configured with an appropriate release of an operating system to run the current release version of the ESRI required Software.
 - There shall be a minimum of one (1) computer and color monitor for every participant.
 - ESRI will not be liable for any damage or loss to Client computer hardware or software where ESRI has provided telephone support to Client for its computer hardware configuration for the scheduled class.
- Client shall provide other peripheral devices including, but not limited to, digitizers and plotters/printers, as required by the training course being conducted, and they should be fully supported by Client.
- Client shall be responsible for providing one (1) high-resolution PC projector and screen as well as one (1) large writing board. Where Client cannot make a PC projector available, it must contact the Training Event Assistant no fewer than ten (10) business days prior to start date.
- Client shall limit the number of course participants to twelve (12) students per course. Additional students, up to a maximum of fifteen (15), may be added to some classes for an additional fee.
- Client shall complete and submit an ESRI Client Site Training Request Form, as provided by the Training Event Assistant, no less than four (4) weeks prior to the start of any course. Final schedule is subject to mutual agreement. Thereafter, Client shall issue payment no less than four (4) weeks prior to the start of the course.

III. SOFTWARE LICENSES

The terms of the ESRI license agreement shall be applicable to all Client course participants and for all Software and Documentation licensed for use in any training course to be conducted. For Client Site training, temporary Software licenses may be issued by ESRI where there is an insufficient number of Software licenses available at the training facility. Client shall uninstall the temporary Software licenses at the conclusion of the training course.

IV. EXPORT CONTROL REGULATIONS

ESRI's technology is subject to U.S. export control laws and regulations—ESRI's Software, Data, Documentation, training materials, and any underlying information or technology may not be exported, reexported, or provided in whole or in part to (i) any country to which the United States has embargoed goods; (ii) any person on the U.S. Treasury Department's list of Specially Designated Nationals; (iii) any person or entity on the U.S. Commerce Department's Table of Denial Orders; or (iv) any person or entity where such export, reexport, or provision violates any U.S. export control law or regulation.

V. CANCELLATION AND RESCHEDULING POLICY

Client may cancel or reschedule student attendance in a learning center class or a Client Site class up to three (3) working days before the scheduled class start date. In such event, Client will be responsible for any reasonable travel and shipping expenses incurred by ESRI. Where Client does not notify ESRI at least three (3) days prior to the scheduled training date for a student or Client Site class, Client will be liable for the full payment of the student enrollment or the entire Client Site training class.

In the event that ESRI is unable to conduct the training on the scheduled date, Client will be notified at least three (3) business days before the scheduled date. ESRI will either reschedule the training or cancel the order without ESRI incurring any liability.

Class participants may transfer to another class up to two (2) times at no additional charge. Subsequent transfers will be assessed an additional nonrefundable transfer fee. Student substitutions, when a student's place in class is filled by another person from the same organization, is allowed provided that the ESRI Training Event Assistant is notified three (3) business days in advance of class start date.

VI. PAYMENT

Clients within the United States:

- Credit cards are accepted when training is ordered online.
- A purchase order or government requisition is accepted when ordered online or by fax.
 - Purchase orders for less than eight hundred dollars (\$800) are accepted only from United States federal, state, and local government agencies; United States educational institutions; and Fortune 500 companies.
 - Where payment is made in the form of a purchase order, ESRI shall invoice Client upon completion of each training course.
 - Client shall pay said invoice within thirty (30) days of receipt thereof.
- A check or money order payable to ESRI is accepted when training is ordered online, by fax, or by mail.

Clients outside the United States:

- Credit cards are accepted when training is ordered online.
- A check or money order payable to ESRI in U.S. dollars is accepted when ordering online, by fax, or by mail.
- A wire transfer payable to ESRI in U.S. dollars is accepted when ordering online, by fax, or by mail.
