

Unity Opening Screen

These screen shots are being offered as a tool for vendors to evaluate the size and complexity of this project. These screen shots are not necessarily a screen template for the new Unity project screens. We expect to modernize the look and feel, re-organize how the data is presented in some cases and to use the screen real estate more effectively and efficiently.

Rolodex

The screenshot shows a window titled "Rolodex Maintenance" with standard Windows window controls (minimize, maximize, close). The window is divided into three main sections: Organizations, Locations, and Contacts. Each section has a "Reset" button, a "Merge" button, and an "Edit" button. The Organizations section has a "Name" field and an "Edit Organization" button. The Locations section has "Address" and "Zipcode" fields, a "Delete Location" button, and a "Merge Location" button. The Contacts section has a "Name ID" field, "Last Name" and "First Name" fields, a "Delete Contact" button, and a "Merge Contact" button. An "Exit" button is located at the bottom right of the window.

	Source / Destination	Delete Location / Merge Location
Contacts	Name ID / Last Name / First Name	Edit Contact
	Source / Destination	Delete Contact / Merge Contact

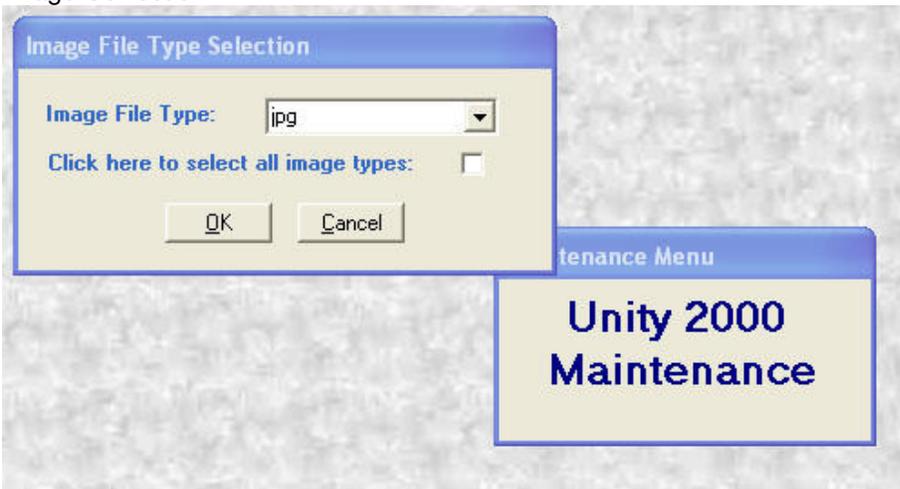

Water body maintenance

The "Water Body ID Fix" dialog box is used for updating water body information. It features a "Water Body" section with fields for "Old Water Body Id" and "New Water Body Id". Below this are fields for "Name" and "Basin" (a dropdown menu). There are also fields for "Recipient Water Body" and "Recipient Stream Mile". A table of checkboxes allows users to select "Lake", "Stream", "Valid", "Official", and "PGP Eligible". A "Comment:" text area is provided for additional notes. The "Lake Information" section includes a "Control Type Comment" text area, "Lake Location" and "Lake Origin" fields, and a table of fields: "Maximum Depth", "Surface Area", "Max Surface Area", "Drainage Area", and "Lake Owner Cd". At the bottom, there are buttons for "Update", "Undo", "Find", "Results", and "Exit".

Lake	Stream	Valid	Official	PGP Eligible
<input type="checkbox"/>				

Image Correction

The "Image File Type Selection" dialog box allows users to choose an image file type. The "Image File Type:" dropdown menu is currently set to "jpg". There is a checkbox labeled "Click here to select all image types:" which is currently unchecked. The dialog includes "OK" and "Cancel" buttons. In the background, a "Maintenance Menu" is visible with the text "Unity 2000 Maintenance".
