RE: Letter of Support

Dear Katherine:

Valle Vista Health System continues to collaborate with communities and other mental health and addiction treatment providers on Substance Use Disorder prevention and treatment. By joining efforts with other community partners it works more effectively to reduce overdose and death rates related to substance abuse. Valle Vista has a 35 year history in serving Indiana in providing Mental Health and Addiction treatment services.

Valle Vista Health System will endeavor to make the ability to receive treatment easier and streamlined to the general population. The Hamilton County Board of Commissioners understand that we can be more successful at our shared mission if we work together with community resources and health providers, leaders and patient advocates to reduce overdose numbers.

The Hamilton County Board of Commissioners support Valle Vista Health System in providing more inclusive support and treatment services in Hamilton County, such as Outpatient Treatment services.

The Hamilton County Board of Commissioners look forward to working together to reduce the high numbers of overdose rates to help the individuals that need treatment as well as the community at large.

Sincerely,

Mark Heirbrandt  
President  
Hamilton County Board  
of Commissioners
