As a Community Correction Board member for many years and a supervisor of community correction workers for 20+ years now, I see the need for a complete comprehensive drug rehabilitation facility here in Martinsville.

I have seen grown men crying and scared to death, scheduled to be released from jail the next day, knowing that they are not strong enough and not prepared to go back to the streets again. They understand that without support they will go right back to the drugs and will just keep this cycle going on in and out of jail all over again. When I listen to them, I hear a cry for help, a buffer, for someone who wants to change and break free of this cycle. We truly need Pinnacle in our community to be able to offer more than just jail or the streets.

I really appreciate your time,
Kenneth Hale
Morgan County Commissioner
