Letters of Support

THE CITY OF
Martinsville
INDIANA

January 22, 2021

To whom it may concern:

The City of Martinsville is extremely pleased to give our support of Pinnacle Treatment Centers establishing a center here in Martinsville.

With the continued number of addictions to drugs in the country, Martinsville and Morgan County has a very large percentage of additions on the local level. It is our hope that through Pinnacle's "step process" this center and its clinic, we can reduce this number and provide rehabilitation services to those in need.

We look forward to welcoming Pinnacle Treatment Centers to Martinsville.

Sincerely,
