

## **Carline Inc. DBA Playground Executive Summary**

### *Summary of Ability and Desire to Supply the Required Products or Services*

Playground is an app and a website to manage the operational and financial needs for early childhood education providers. Playground is a fully featured CCIMS with all of the functionality the State is looking for, and more. The Playground team is excited at the idea of working with the State of Indiana on this project.

### *Signature of Authorized Representative*

Daniel Andrews, CEO, confirms that the information offered in the proposal meets all general conditions including the information requested in Section 2.3.4.
