PRODUCT DESCRIPTION

Arrow's Steramine Tablets are concentrated, multi-purpose quaternary based sanitizing tablets. Tablets dissolve in water, producing a distinct, pale blue sanitizing solution which tells operators and inspectors at a glance that this sanitizer is present. Gentle to use, Steramine Tablets won't irritate hands, are non-corrosive to metals, non-staining and odorless. Kills infectious microorganisms including HIV-1 when used as directed for sanitizing. Meets all public health regulatory criteria for safety and effectiveness: EPA, FDA, USDA and Public Health & Service.

DIRECTIONS

Fill tank with water to proper level. Add 1 tablet per 1.5 gallons of water.

See original container for contact times, efficacy and full directions for use.
