### 1.3 Purpose of the Solicitation

The purpose of this solicitation is to select a respondent(s) that can satisfy the State's need for cost information to be used as source data for developing cost tables in the State's existing table format, which can be used by computer programs for the assessment of real property improvements. It is the intent of Department of Local Government Finance (DLGF) to contract with a respondent(s) that provides quality annual public standard cost information and data (the Contractor's intellectual property) for developing cost tables consistent with the cost models specified in the Real Property Assessment Guidelines for the cyclical reassessment of real property in the State of Indiana, including the annual update of the cost tables for DLGF/ License to Use Construction Cost Data.

### 1.4 Summary Scope of Work

#### A. Introduction

The State, through the DLGF, is requesting from interested parties both of the following:

- 1) A license for the right to use cost data and information that may be intellectual property owned by the parties. As part of the assessment of real property in the State of Indiana, including a cyclical reassessment and annual adjustments, the local assessing official is responsible for assessing the real property (land and improvements) in accordance with the rules and regulations of the DLGF. It is the intent of the DLGF to use the vendor's construction cost source data to update the cost tables published in the Real Property Assessment Guidelines. The rights granted by the construction cost source data vendor must include the right for the derived Indiana Cost Tables to be converted into the existing DLGF table format and used by computer assisted mass appraisal ("CAMA") software systems in all 92 Indiana counties. Although the cost information will be used in the development of the cost and depreciation tables for the assessment process, the intent of the DLGF is to have the capability to update the cost tables each year, if needed.
- 2) Turnkey construction cost conversion services of the data and information provided above into the DLGF's table formats as contained in the Real Property Assessment Guidelines. Conversion will be done for the existing table formats but may potentially involve updating table formats due to changes in building trends, including materials and preferences. Derivatives of this service will be

included in county CAMA software systems described above. Vendor should also provide technical and training services to DLGF staff to review work methodology and progress, toward the goal of developing an in-house capability at DLGF to use the construction cost source data to maintain future cost tables after publication of the Guidelines.

Respondents may offer to provide one or both services above. However, the turnkey construction conversion service described in #2 is contingent on the DLGF receiving a license to use construction data as described in #1 above.

#### B. Background Information

The DLGF, established under Ind. Code Sec. 6-1.1-30-1.1, is required to interpret the property tax laws of the state, instruct property tax officials about their taxation and assessment duties, and ensure that the county assessors, township assessors, and assessing officials are in compliance with the laws of the state of Indiana, among many other property tax related duties.

#### C. DLGF Statutory Duties

As the oversight agency responsible for ensuring the fair and equitable taxation of property in the state, the DLGF promulgates rules and regulations in accordance with the Indiana Code. This includes the promulgation of the Real Property Manual and Guidelines to be used by the local assessing officials throughout the state in the assessment of property. Traditionally, the appraisal profession has used three approaches, or three methods, in determining the value of real property. They are the cost approach, the sales comparison approach, and the income approach. The cost approach has historically been used in mass appraisal by assessing officials since data are available to apply it to all properties within a jurisdiction. The cost approach also lends itself to mass appraisal because it is easily adapted to computer systems.

#### D. Reassessment Guidelines References

In the Real Property Assessment Guidelines, the DLGF provides detailed cost tables, valuing improvements to real estate as of the valuation date. These tables are developed from objectively verifiable data by drawing cost information from valuation services. In the Real Property Assessment Guidelines, for example, cost tables were provided to each county for inclusion in their software. For reference, applicable portions of the Guidelines can be found with the following links:

#### E. Proposed Scope of Work

1. The scope of work consists of granting the right to use the respondent's published real property construction cost source information by the Department of Local Government Finance in the development of cost depreciation tables as derivative

products for publication and use by the 92 Indiana counties copied onto their computer systems to perform local property assessment functions. The construction cost data should contain the following information:

- a. Market segmentation analysis.
- b. Assembly data.
- c. Component data.
- d. Unit-in-place data.
- e. Direct labor and material costs.
- f. Indirect expenses required to construct an improvement (e.g., architectural design, permits, and builder profit).
- g. Trends in housing development (e.g., tiny homes, living spaces in pole barns, Quonsets with tarp roofs, home generators, solar options, mixed use properties)

The cost information shall be deliverable in its original print media published form (two complete sets of source publications) and in an electronic format no later than September 1 of each year. It should include cost information required to calculate the construction cost for the improvements on all classes of property using the cost model specifications and grade ratings in the Real Property Assessment Guideline references. The cost tables to be utilized in the Real Property Assessment Guidelines will represent typical, or average, building costs, including labor costs in the Indianapolis, Indiana area. Any updates to the cost tables shall be provided to the DLGF, when available, in an electronic format.

Although the cost information will be used in the development of the cost and depreciation tables for the cyclical reassessment, the intent of the DLGF is to have the capability to update the cost tables each year, if needed. Hence, the proposed scope of work should also address providing updated cost information on an annual, or more frequent, basis.

2. Respondents may submit a proposal to provide construction cost schedule conversion services, including technical and training assistance, to the DLGF staff in utilizing the cost source information in the development of the derivative cost and depreciation tables to be used by the local assessing officials. Although DLGF staff will be involved in the annual update of the cost information, it is anticipated that the vendor will be ultimately responsible for producing the final product. Hence, there will be significant amount of interaction and on-site and/or virtual vendor participation with the DLGF staff.

Respondents will submit a proposal to provide a turnkey solution of the cost and depreciation tables in final form ready to use, both hard copy and electronic, for publication and distribution to the counties by the DLGF. All work products and documentation of the selected vendor, including notes and spreadsheets used in developing the cost tables shall become part of the vendor deliverables. The documentation shall be such that it is reasonably usable by the DLGF as a guide in performing future maintenance of the cost and depreciation tables as an in-house task.

All work products, including notes and spreadsheets used in developing the cost tables shall become part of the vendor deliverables.

This proposal may be submitted along with the proposal to provide construction cost data or separately. Such services should be completed by December 1, 2025. The cost and depreciation tables will be delivered to the local officials in both electronic and hard formats by the DLGF. The proposal must include the following:

- a. The capacity to update the DLGF’s table formats due to changes in building trends, including materials and preferences.
- b. The capacity to provide technical and training assistance in using the real property construction cost information.
- c. The capacity to provide a formula or process for updating cost information on an annual basis.
- d. For each of the three items above, the work expected to be performed, the number of hours projected, how the hours will be tracked, and the per hour cost for any justified additional hours beyond the original estimate.

F. Current Contract Information

The current contract (Contract # 0000000000000027156) for these services may be viewed on the State of Indiana Public Contract Portal (<https://www.in.gov/itp/917.htm>).

Interested parties may submit any questions they have to be addressed during the written Question/Inquiry process, as further instructed in Section 1.7.

The pre-proposal conference provides an opportunity for potential Prime Contractors and potential Subcontractors to connect. The State strongly encourages potential Prime Contractors and potential Subcontractors to complete and submit **Attachment I** directly to [rfp@idoa.in.gov](mailto:rfp@idoa.in.gov) no later than the time and date outlined in Section 1.24. Compiled company contact information will be posted to the solicitation website to allow networking to take place among the vendor community. Though **Attachment I** is not required, the State encourages its use.

## 1.7 Question/Inquiry Process

All questions/inquiries regarding this solicitation must be submitted by the date and time outlined in [Section 1.24](#). Questions/Inquiries may be submitted in **Attachment G**, Q&A Template, via email to [rfp@idoa.IN.gov](mailto:rfp@idoa.IN.gov) and must be received by the time and date indicated in [Section 1.24](#).

The subject line of the email submissions must clearly state the following:  
“**RFP 215-24-77471 Questions/Inquiries – [INSERT COMPANY NAME]**”.

Following the question/inquiry due date, Procurement Division personnel will compile a list of the questions/inquiries submitted by all Respondents, redacting the name of the company who submitted the question. The responses will be posted to the IDOA website according to the timetable established in [Section 1.24](#). Only answers posted on the IDOA website will be considered binding and valid by the State. No Respondent shall rely upon, take any action, or make any decision based upon any verbal communication with any State employee.

If it becomes necessary to revise any part of this solicitation, or if additional information is necessary for a clearer interpretation of provisions of this solicitation prior to the due date for proposals, an Addendum will be posted on the IDOA website. Important notes:

Remember that you cannot update the primary contact's email address and use it to sign into the Supplier Portal on the same day.

No more than one proposal per Respondent may be submitted.

Responses may no longer be sent in on flash drives.

The State encourages Respondents to break down their proposals into small file sizes and use compressed zip files, where possible. Uploading large files may lengthen the time to successfully submit your proposal. Checking file sizes of the proposal documents by viewing file properties is also recommended to reduce risks when uploading files.

A bidder ID and password are required to submit a response. For more information on that process, visit: <https://www.in.gov/idoa/wbt/SupplierPortal/index.html>. Bidder ID and password issues are handled by submitting a request for assistance to the State of Indiana Office of Technology and are handled in the order in which they are received. IDOA is not able to assist with these types of issues and they are not justification to miss the submission deadline.

The State strongly encourages Respondents to allow plenty of time when electronically submitting their proposals. Waiting until the last day is not recommended. The Supplier Portal allows documents to be edited until the proposal due date. Therefore, documents could be loaded over several days. The Supplier Portal will not accept proposals once the proposal due date and time has expired, even if a Respondent has already begun uploading bid documents.

The State accepts no obligations for costs incurred by Respondents in anticipation of being awarded a contract.

### **1.9 Modification or Withdrawal of Offers<sup>1</sup>**

Responses may be modified by Respondents until the time and date the response is due. The Respondent's authorized representative may withdraw the proposal prior to the due date by sending notice to the address listed above in Section 1.8.

### **1.10 Pricing**

Pricing on this solicitation must be firm and remain open for a period of not less than one hundred eighty (180 days) from the date of award issuance. Any attempt to manipulate the format of the document, attach caveats to pricing, or submit pricing that

---

<sup>1</sup> Please note if the State elects to cancel the solicitation, all submitted responses would remain confidential, until the replacement solicitation is concluded, and an Award Recommendation made.

deviates from the current format will put your proposal at risk of being removed from consideration.<sup>2</sup>

Please refer to the Cost Proposal sub-section under [Section Two](#) for a detailed discussion of the proposal pricing format and requirements.

### 1.11 **Proposal Clarifications**

The State may request clarifications, in writing, on proposals submitted. These clarifications could include, but are not limited to, request for additional information, or request for Cost or Technical proposal revision. Additionally, in conducting clarifications, the State may use information derived from proposals submitted by competing Respondents only if the identity of the Respondent providing the information is not disclosed to others. The State will provide equivalent information to all Respondents which have been chosen for clarifications.

A sample contract is provided in **Attachment B**. Any requested changes to the sample contract must be submitted with your response (See [Section 2.3.6](#) for details). The State may reject any of these requested changes. It is the State's expectation that any material elements of the contract will be substantially finalized prior to contract award.

### 1.12 **Best and Final Offer (BAFO)**

The State may request best and final offers from those Respondents determined by the State to be reasonably viable for contract award. However, the State reserves the right to award a contract based on initial proposals received. Therefore, each proposal should contain the Respondent's best terms from a price and technical standpoint.

Following evaluation of the best and final offers, the State may select for final contract negotiations/execution the offer(s) that are most advantageous to the State.

### 1.13 **Reference Site Visits**

The State may request a site visit to a Respondent's working support center to aid in the evaluation of the Respondent's proposal. Site visits, if required will be discussed in the technical proposal.

### 1.14 **Type and Term of Contract**

The State intends to sign a contract with one or more Respondent(s) to fulfill the requirements in this solicitation.

The initial term of the contract(s) shall be for two (2) years. The term of the contract(s) may be extended and/or renewed for a period not to exceed four (4) years from the date of contract execution.

---

<sup>2</sup> Making modifications to the Cost Proposal could result in the proposal being removed from consideration.

### 1.15 Confidential Information

Respondents are advised that materials contained in proposals are subject to the Access to Public Records Act (APRA), IC 5-14-3 *et seq.*, and, after the contract award, the entire solicitation file will be posted on the IDOA website and may be viewed and copied by any member of the public, including news agencies and competitors. The responses are deemed to be “public records” unless a specific provision of IC 5-14-3 protects it from disclosure. Respondents claiming a statutory exception to the APRA **must indicate so per Attachment J** which specific provision applies to which specific part of the response.

Please note citing “Confidential” on an entire section is not sufficient or acceptable.

The Public Access Counselor (PAC) provides guidance on APRA. Respondents are encouraged to read guidance from the PAC on this topic as this is the guidance IDOA follows:

- [18-INF-06; Redaction of Public Procurement Documents Informal Inquiry](#)

If the Respondent does not identify the statutory exception, the Procurement Division will not consider the submission confidential. The State also may seek the opinion of the PAC for guidance.

### 1.16 Taxes

Proposals should not include any tax from which the State is exempt.

### 1.17 Procurement Division Registration

In order to submit a proposal per [Section 1.8](#), Respondents must be registered as a bidder with the Department of Administration, Procurement Division.

- To register, follow instructions provided in Section 2.3.8.
- If registered, a Bidder ID # list is available to complete the Submission Form per Section 2.1.

### 1.18 Secretary of State Registration

If awarded the contract, the Respondent will be required to register, and be in good standing, with the Secretary of State. The registration requirement is applicable to all limited liability partnerships, limited partnerships, corporations, S-corporations, nonprofit

corporations, and limited liability companies. Information concerning registration with the Secretary of State may be obtained by contacting:

### 1.19 **Compliance Certification**

Responses to this solicitation serve as a representation that the Respondent has no current or outstanding criminal, civil, or enforcement actions initiated by the State, and it agrees that it will immediately notify the State of any such actions. The Respondent also certifies that neither it nor its principals are presently in arrears in payment of its taxes, permit fees or other statutory, regulatory, or judicially required payments to the State. The Respondent agrees that the State may confirm, at any time, that no such liabilities exist, and, if such liabilities are discovered, that State may bar the Respondent from contracting with the State, cancel existing contracts, withhold payments to setoff such obligations, and withhold further payments or purchases until the entity is current in its payments on its liability to the State and has submitted proof of such payment to the State.

### 1.20 **Equal Opportunity Commitment**

It has been determined that there is a reasonable expectation of minority, woman, and Indiana veteran business enterprises subcontracting opportunities on a contract awarded under this solicitation. Therefore, a contract goal of 8% for Minority Business Enterprises, 11% for Woman Business Enterprises, and 3% for Indiana Veteran Owned Small Businesses has been established.

Failure to address these requirements may impact the evaluation of your proposal.

### 1.21 **Minority & Women Business Enterprises Subcontractor Commitment (MWBE)**

Indiana Code 4-13-16.5 and 25 IAC 5 governs the Division of Supplier Diversity program as it relates to the certification, oversight, and responsibilities around the certified Indiana Minority and/or Women Business Enterprises (MWBE). As stated in [Section 1.20](#), there is a commitment goal for this solicitation. The MWBE Subcontractor Commitment form is **Attachment A**. The MWBE Subcontractor Commitment Form is to be submitted as a part of the Respondent's proposal. In order for the Subcontractor commitment to result in evaluation points for the Respondent, the entity must be on the State of Indiana Certified M/W/IVOSB list at <https://www.in.gov/idoa/mwbe>.

If participation is met through the use of Subcontractors, the Respondent must provide the scope of work of the products and/or services to be provided by the Subcontractor(s). This must include explanation of whether the products and/or services are to be utilized directly by the Respondent and/or directly by the State, a description of the process through which the products/services will be received and applied to the benefit of the award, the deliverable requirements as agreed upon between the Contractor and Subcontractor, the certified UNSPSC that applies to the award, and the cost of supplies being utilized by the Respondent for this proposal. Respondents must complete the Subcontractor Commitment Form in its entirety. The amount entered in “**TOTAL BID AMOUNT**” should match the amount entered in the **Attachment D**, Cost Proposal. The MBE and/or WBE Subcontractor amount and Subcontractor percentage is based on the initial term of the contract for scoring purposes only. The overall committed Subcontractor percentage shall be sustained throughout the life of the contract including any time after the initial term.

Failure to meet these goals will affect the evaluation of your Proposal. The Department will verify all information included on the MWBE Subcontractor Commitment Form.

**Prime Contractors must ensure that the proposed Subcontractors meet the following criteria:**

- Must be on the State of Indiana Certified M/W/IVOSB list at <https://www.in.gov/idoa/mwbe>, **on or before** the proposal due date.
- Prime Contractor must include with their proposal the Subcontractor’s M/WBE Certification Letter provided by IDOA to show current status of certification.
- Each firm may only serve as one classification – MBE, WBE, or IVOSB (see Section 1.22).
- A Prime Contractor who is an MBE or WBE must meet Subcontractor goals by using other listed certified firms. Certified Prime Contractors cannot count their own workforce or companies to meet this requirement. See 25 IAC 5-6-2(d))
- **Must serve a Valuable Scope Contribution (VSC). The firm must serve a value-added purpose on the engagement, as confirmed by the State.**
- Must provide goods or services only in the industry area for which it is certified.
- Must be used to provide the goods or services specific to the contract.
- National Diversity Plans are generally not acceptable.

This assurance in no way relieves the Respondent of any responsibilities in responding to this solicitation or in completing the commitments documented in the proposal. The Respondent must indicate which, if any, subcontractors qualify as a Minority Business Enterprise, Women's Business Enterprise, or Veteran Owned Small Business under IC 4-13-16.5-1 and IC 5-22-14-3.5. See [Section 1.21](#), [Section 1.22](#) and **Attachments A/A1** for Minority, Women, and Veteran Business information.

IVOSB entities (whether a prime or subcontractor) must have a Bidder ID. If registered with IDOA, this should have already been provided (as with MWBEs). IVOSBs that are only registered with the Federal Center for Veterans Business Enterprise will need to ensure that they also have a Bidder ID provided by IDOA (please see [Section 2.3.8](#) for details).

## **Section Three Proposal Evaluation**

### **3.1 Proposal Evaluation Procedure**

The State has selected a group of personnel to act as a proposal evaluation team. Subgroups of this team, consisting of one or more team members, will be responsible for evaluating proposals with regard to compliance with solicitation requirements. All evaluation personnel will use the evaluation criteria stated in [Section 3.2](#).

The procedure for evaluating the proposals against the evaluation criteria will be as follows:

- 3.1.1 Each proposal will be evaluated for adherence to mandatory requirements, per Section 3.2, Step 1, on a pass/fail basis. Proposals that are incomplete or otherwise do not conform to proposal submission requirements may be eliminated from consideration. Further any proposals not meeting the Mandatory Requirements listed in [Section 3.2](#), Step 1 and noted in **Attachment J** will be disqualified.
- 3.1.2 Each proposal will be evaluated based on the categories included in [Section 3.2](#). A point score has been established for each category.
- 3.1.3 Based on the results of this evaluation, the qualifying proposal determined to be the most advantageous to the State may be selected by IDOA and DLGF for further action, such as contract negotiations. If, however, IDOA and DLGF decide that no proposal is sufficiently advantageous to the State, the State may take whatever further action is deemed necessary to fulfill its needs. If, for any reason, a proposal is selected and it is not possible to consummate a contract with the Respondent, the State may begin contract preparation with another Respondent or determine that no such alternate proposal exists.

### **3.2 Evaluation Criteria**

Proposals will be evaluated based upon the proven ability of the Respondent to satisfy the requirements of the solicitation in a cost-effective manner. Each of the evaluation criteria categories is described below with a brief explanation of the basis for evaluation in that category. The points associated with each category are indicated following the category name (total maximum points = 103). Negative points may be assigned in the cost score.

Additionally, there is an opportunity for a bonus of three points if certain criteria are met. For further information, please reference [Section 3.2.3](#). If any one or more of the listed criteria on which the responses to this solicitation will be evaluated are found to be inconsistent or incompatible with applicable federal laws, regulations or policies, the

specific criterion or criteria will be disregarded, and the responses will be evaluated and scored without considering such criterion or criteria.

**Summary of Evaluation Criteria:**

<b>Criteria</b>	<b>Points</b>
1. Adherence to Mandatory Requirements	Pass/Fail
2. Management Assessment/Quality (Business and Technical Proposal)	<b>50 available points</b>
3. Cost (Cost Proposal)	<b>30 available points</b>
4. Buy Indiana	5
5. Minority Business Enterprise Subcontractor Commitment	5 (1 bonus points are available, see Section 3.2.5)
6. Women Business Enterprise Subcontractor Commitment	5 (1 bonus points are available, see Section 3.2.5)
7. Indiana Veteran Owned Small Business Subcontractor Commitment	5 (1bonus points are available, see Section 3.2.6)
<b>Total</b>	<b>100 (103 if bonus awarded)</b>

All proposals will be evaluated using the following approach.

**Step 1**

In this step proposals will be evaluated only against Criteria 1 to ensure that they adhere to Mandatory Requirements. The Mandatory Requirements are:

- Executive Summary and required content
- **Attachment C** Indiana Economic Impact Form, completed;
- **Attachment D** Cost Proposal, **Attachment E** Business Proposal, **Attachment F** Technical Proposal, unaltered and complete with all requested supporting documents.
- **Attachment J** Attestation Form, complete with all requested supporting documents

Any proposals not meeting the Mandatory Requirements will be disqualified.

**Step 2**

The proposals that fulfill the Step 1 Mandatory Requirements will then be scored based on Criteria 2 and 3 ONLY. All proposals will be ranked based on their combined scores

for Criteria 2 and 3 ONLY. This ranking will be used to create a “short list”. Any proposal not making the “short list” will not be further evaluated.

Step 2 may include one or more rounds of proposal discussions, oral presentations, clarifications, and/or demonstrations focused on cost and other proposal elements. Step 2 may include additional “short lists” at the State’s sole discretion.

### **Step 3**

The short-listed proposals will then be evaluated based on the entire evaluation criteria outlined in the table above.

If the State conducts additional rounds of discussions and a BAFO round which lead to changes in either the technical or cost proposal for the short-listed Respondents, their scores will be recomputed.

The section below describes the different evaluation criteria.

- 3.2.1 **Adherence to Requirements** – Pass/Fail  
Respondents passing this category move to Phase 2

**The following 2 categories cannot exceed 80 points.**

- 3.2.2 **Management Assessment/Quality**  
50 available points

- 3.2.3 **Price**  
30 available points

Cost scores will then be normalized to one another, based on the lowest cost proposal evaluated. The lowest cost proposal receives a total of 30 points. The normalization formula is as follows:

- *Respondent’s Cost Score = (Lowest Cost Proposal / Total Cost of Proposal) X 30*

- 3.2.4 **Buy Indiana Initiative** – 5 points

Respondents qualifying, and documenting per **Attachment J**, as an Indiana Company as defined in [Section 2.6.2](#) will receive 5 points in this category.

- 3.2.5 **Minority Business Subcontractor Commitment** – 5 points<sup>5</sup>

The following formula will be used to determine points to be awarded

---

<sup>5</sup> Required documentation must, of course, be provided to receive points as described.

based on the MBE goals listed in [Section 1.20](#) of this solicitation. Scoring is conducted based on an assigned 5-point, plus possible 1 bonus-points, scale. Points are assigned for respective MBE participation based upon the BAFO meeting or exceeding the established goals.

If the respondent’s commitment percentage is less than the established MBE goal, the maximum points achieved will be awarded according to the following schedule:

%	1%	2%	3%	4%	5%	6%	7%	8%
Pts.	.625	1.25	1.875	2.5	3.125	3.75	4.375	5.0

*NOTE: Fractional percentages will be rounded up or down to the nearest whole percentage. (e.g. 7.49% will be rounded down to 7% = 4.375 pts., 7.50% will be rounded up to 8% = 5.00 pts. Rounding will be calculated based on the Sub-Contract Amount, divided by the Total Bid Amount.)*

If the respondent’s commitment amount is greater than \$0 but the commitment percentage is rounded down to 0% for MBE participation the respondent will receive 0 points.

If the respondent’s commitment amount is \$0 and thus the commitment percentage is 0% for MBE participation, a deduction of 1 point will be discounted on the respective MBE score.

The respondent with the greatest applicable VSC participation which exceeds the stated goal (“exceeds” defined herein as a commitment percentage that is equal to or greater than 9% before rounding) for the respective MBE category will be awarded 6 points (5 points plus 1 bonus point). In cases where there is a tie for the greatest applicable VSC participation and both firms exceed the goal for the respective MBE category both firms will receive 6 points.

**3.2.6 Women Business Subcontractor Commitment - 5 points <sup>6</sup>**

The following formula will be used to determine points to be awarded based on the WBE goals listed in [Section 1.20](#) of this solicitation.

Scoring is conducted based on an assigned 5-point, plus possible 1 bonus-point, scale. Points are assigned for WBE participation based upon the BAFO meeting or exceeding the established goals.

If the Respondent’s commitment percentage is less than the established WBE goal, the maximum points achieved will be awarded according to the following schedule:

---

<sup>6</sup> Required documentation must, of course, be provided to receive points as described.

%	1%	2%	3%	4%	5%	6%	7%	8%	9%	10%	11%
Pts	0.45	0.9	1.3	1.8	2.2	2.7	3.1	3.6	4.0	4.5	5.0
.			5		5		5		5		

*NOTE: Fractional percentages will be rounded up or down to the nearest whole percentage. (e.g. 7.49% will be rounded down to 7% = 3.15 pts., 7.50% will be rounded up to 8% = 3.6 pts. Rounding will be calculated based on the Sub-Contract Amount, divided by the Administrative Bid Amount.)*

If the Respondent's commitment amount is greater than \$0 but the commitment percentage is rounded down to 0% for WBE participation the Respondent will receive 0 points.

If the Respondent's commitment amount is \$0 and thus the commitment percentage is 0% for WBE participation, a deduction of 1 point will be discounted on the WBE score.

The Respondent with the greatest applicable VSC participation which exceeds the stated goal ("exceeds" defined herein as a commitment percentage that is equal to or greater than 12% before rounding) for the WBE category will be awarded 6 points (5 points plus 1 bonus point). In cases where there is a tie for the greatest applicable VSC participation and both firms exceed the goal for the WBE category both firms will receive 6 points.

### 3.2.7 **Indiana Veteran Owned Small Business Subcontractor Commitment - 5 points** <sup>7</sup>

The following formula will be used to determine points to be awarded based on the IVOSB goal listed in [Section 1.20](#) of this solicitation. Scoring is conducted based on an assigned 5-point, plus possible 1 bonus-point, scale. Points are assigned for IVOSB participation based upon the BAFO meeting or exceeding the established goals.

If the respondent's commitment percentage is less than the established IVOSB goal, the maximum points achieved will be awarded according to the following schedule:

%	0%	0.6%	1.2%	1.8%	2.4%	3%
Pts.	-1	1	2	3	4	5

<sup>7</sup> Required documentation must, of course, be provided to receive points as described.

*NOTE: Fractional points will be awarded based upon a graduated scale between whole points. (e.g., a 0.3% commitment will receive .5 points and a 1.5% commitment will receive 2.5 points)*

If the respondent's commitment percentage is 0% for IVOSB participation, a deduction of 1 point will be assessed.

The IVOSB prime respondent commitment will be 3% and will receive 5 points. Any additional IVOSB subcontractor commitments will be added to the 3%.

The respondent with the greatest applicable VSC participation which exceeds the stated goal for the IVOSB category will be awarded 6 points (5 points plus 1 bonus point). In cases where there is a tie for the greatest applicable VSC participation and both firms exceed the goal for the IVOSB category both firms will receive 6 points.

### **3.2.8 Qualified State Agency Preference Scoring**

When applicable, pursuant to Indiana Code 5-22-13, a qualified State Agency submitting a response to this solicitation will be awarded preference points for Minority, Women's, and Indiana Veteran Business Enterprise equal to the Respondent awarded the highest combined points awarded for such preferences in the scoring of this solicitation.
