BUY AMERICA CERTIFICATION

[attached]

FORM G

BUY AMERICA CERTIFICATION

(To be signed by authorized signatory(ies) of Proposer)

The undersigned Proposer hereby certifies on behalf of itself and all contractors (at all tiers) the following with regard to the Project:

- a. Proposer shall comply with the Federal Highway Administration ("FHWA") Buy America Requirements of 23 CFR 635.410, which permits FHWA participation in the Agreement only if domestic steel and iron will be used on the Project. To be considered domestic, all steel and iron used and all products manufactured from steel and iron must be produced in the United States and all manufacturing processes, including application of a coating, for these materials must occur in the United States. Coating includes all processes that protect or enhance the value of the material to which the coating is applied. This requirement does not preclude a minimal use of foreign steel and iron materials, provided the cost of such materials does not exceed 0.1% of the design-build contract price.
- b. A false certification is a criminal act in violation of 18 U.S.C. 1001. Should this Agreement be investigated, Proposer has the burden of proof to establish that it is in compliance.
- c. At Proposer's request, IFA may, but is not obligated to, seek a waiver of Buy America requirements if grounds for the waiver exist. However, Proposer certifies that it will comply with the applicable Buy America requirements if a waiver of those requirements is not available or not pursued by IFA.
