

State Revolving Fund Loan Programs FACT SHEET

Drinking Water, Wastewater, Nonpoint Source *October 2015*

SUMMARY OF CURRENT INTEREST RATES

Indiana’s Drinking Water and Wastewater State Revolving Fund Programs use a Base SRF Program Interest Rate, which is re-set on the first business day of each January, April, July and October.

The Base Rate is calculated by using 90 percent of the average 20-year AAA-rated, general obligation bond Municipal Market Data (“MMD”) composite index for the most recent calendar month. The Base Rate is then discounted further based upon a borrower’s Median Household Income (MHI) from the most recent Census data and projected user rates. This Census data is posted at http://factfinder.census.gov/faces/nav/jsf/pages/community_facts.xhtml.

Below are the current SRF Program interest rates effective October 1, 2015 through December 31, 2015. The interest rates vary based on three ranges of average monthly user rates for an equivalent dwelling unit (User Rates) within each of the three existing MHI tiers, creating nine possible interest rates.

<i>Wastewater SRF</i> Interest Rates	User Rates (Over \$50)	User Rates (\$30 to \$50)	User Rates (Under \$30)
Tier III (MHI*: under \$38,598)	2.00%	2.00%	2.11%
Tier II (MHI: \$38,599 to \$48,247)	2.00%	2.00%	2.36%
Tier I (MHI: over \$48,248)	2.00%	2.11%	2.61%

** MHI reflected in 2009-2013 Census data
Note: Up to an additional .50% reduction may be permitted if a non-point-source project is financed along with a point source project or a project that includes green/sustainable, including climate resiliency, components.*

<i>Drinking Water SRF</i> Interest Rates	User Rates (Over \$45)	User Rates (\$25 to \$45)	User Rates (Under \$25)
Tier III (MHI*: under \$38,598)	2.00%	2.00%	2.11%
Tier II (MHI: \$38,599 to \$48,247)	2.00%	2.00%	2.36%
Tier I (MHI: over \$48,248)	2.00%	2.11%	2.61%

** MHI reflected in 2009-2013 Census data
Note: Up to an additional .50% reduction may be permitted if a project is financed that includes green/sustainable, including climate resiliency, components.*
