STOLEN VEHICLE

Inspector General Staff Attorney Kristi Shute, after investigation by Special Agent Charles Coffin, reports as follows:

While attempting to locate a person wanted on a warrant in a separate Office of the Inspector General case, Special Agent Coffin ran a registration inquiry on an older model gray Pontiac which was parked outside the wanted person's apartment. The National Crime Information Center computerized index advised that the license plate and vehicle were stolen. Special Agent Coffin notified the Indianapolis Metropolitan Police Department ("IMPD") Vehicle Crimes Unit which recovered the vehicle and assumed control of the vehicle investigation.

Since the investigation has been referred to IMPD for disposition, this case is closed.

Dated this 26th day of May, 2010.
