

Indiana Gaming Commission
Charity Gaming Division

Every organization that holds a charity gaming license is required to file a financial report for each license. The statistics are based on financial reports which were submitted by licensed qualified organizations during the state's FY09 (July 1, 2008 through June 30, 2009). An organization cannot receive successive gaming licenses until it has filed a financial report for its previous event.

The following information was obtained from Form CG-8 (Annual License Financial Report) and Form CG-9 (Single Event License Financial Report) received during FY09. The number of licenses issued during the fiscal year may differ from the number of financial reports actually received during the fiscal year due to licenses being issued prior to the event.

Some organizations may appear more than once in the following listings for any of the following reasons:

- More than one type of charity gaming license may be held at a time
- An unlimited number of door-prize, raffle and special-bingo licenses may be issued to organizations during the same year, as long as all required applications and fees have been received and approved by the Indiana Gaming Commission; and
- The organizations were late filing or filed amended financial reports for the previous year.
