

ASSISTANT PROFESSOR OF GEOGRAPHY, University of Washington The Department of Geography invites applications for a tenure track faculty position at the rank of Assistant Professor with a specialty in geographic information science (GIScience) and geographic information systems (GIS). We seek candidates who will further strengthen the teaching, research, and service programs of the Department. The ideal candidate would have a substantive emphasis on human-environmental interaction/change or a related field such as population and/or health.

Applicants should submit: 1) a cover letter for the application, 2) a complete curriculum vitae, 3) reprints of published works, and 4) the names and addresses (including e-mail and fax) of three to five referees.

Candidates are encouraged to explore the background and interests of faculty within the Department as well as relevant programs around campus (See <http://depts.washington.edu/geog>). In the cover letter for the application, candidates should describe how they can make a contribution to the teaching, research, and service missions of the Department specifically and to the University more generally. The University is committed to building a culturally diverse educational environment.

Applicants should include in their application letter information about how they will further this diversity goal.

Ph.D. is required by date of appointment.

Priority will be given to applications received before December 15, 2005.

The University of Washington is an affirmative action, equal opportunity employer. The University is building a culturally diverse faculty and staff and strongly encourages applications from women, minorities, individuals with disabilities and covered veterans.

Apply to: Dr. Timothy L. Nyerges, Chair, Search Committee, Department of Geography, University of Washington, Box 353550, Seattle, WA, 98195. Questions to Dr. Nyerges at phone: (206) 543-5296, fax: (206) 543-3313, e-mail: [nyerges@u.washington.edu](mailto:nyerges@u.washington.edu).
