

Upcoming Events

As noted earlier, our newsletter is going to be released on a quarterly basis. The recent DBE needs survey indicated to us that our DBE community wanted more networking opportunities and to be informed when EOD was made aware of both networking and educational opportunities. To accomplish this, we will be including events in our newsletter, and also publishing them on our division Facebook page and via email through GovDelivery. If you see us at an event, feel free to stop by and say hello!

Please Note: These are not INDOT events. Times and locations may be subject to change. For the most current information, please contact the event sponsor directly.
