When the RFP items are formally advertised on an RFP, firms interested in submitting a Letter of Interest (LOI) to provide the services must, without any exceptions, submit their LOI and any other

required .pdf documents online through INDOT's Professional Services Contract System (PSCS) Portal. Access to the PSCS Portal is available at: <http://www.in.gov/indot/2730.htm> under the "ITAP (INDOT Technical Applications Pathway)" link.

Once a firm's enrollment is complete and registration is completed and approved, a link to the LOIS appears under the Business Registration/Prequalification Application section. The LOIS link allows firms to view currently advertised RFPs and submit LOIs for RFP items.
