

ALTERNATIVES 11 & 12

Alternative 11 – Northern Bypass

- \$23.2 million, \$29.1 million including extension
- Construct 2-lane bypass around northern edge of Town
- Diverts through traffic away from Morgan Street businesses
- Requires major right-of-way acquisition, potentially disrupting residential areas, farmland, or natural resources
- 3rd-highest cost of all alternatives

Alternative 12 – Southern Bypass

- \$29.2 million, \$36.9 million including extension
- Construct 2-lane bypass around southern edge of Town
- Diverts through traffic away from Morgan Street businesses
- Requires major right-of-way acquisition, impacting farmland and waterways
- 2nd-highest cost of all alternatives

- Alternative 11 Northern Bypass
 - Alternative 12 Southern Bypass
 - 100 Year Floodplain
- Historic District**
- Hillside
 - Spencer Courthouse Square

*Note: The 100 year floodplain and karst topography layers are displayed @ 50% transparency
