Draft Environmental Impact Statement

US 31 Plymouth to South Bend Project

Draft Environmental Impact Statement

Table of Contents

Executive Summary

ES.1	Proposed Action.....	ES-1
ES.2	Project Description.....	ES-1
ES.3	Purpose and Need.....	ES-1
ES.4	Alternatives.....	ES-3
ES.5	Identification of Alternatives Studied in Detail & Comparison of Impacts.....	ES-15

Chapter 1 - Project Introduction

1.1	Project Description	1-1
1.2	Transportation Planning History.....	1-4
1.3	Project History	1-5

Chapter 2 - Purpose and Need

2.1	Traffic Congestion.....	2-1
2.2	Safety	2-4
2.3	Consistency with Transportation Plans	2-4
2.4	Project Purpose and Need Statement	2-7

Chapter 3 - Alternatives

3.1	Preliminary Alternatives Analysis and Screening.....	3-1
3.2	Modifications of the Alternatives Recommended For Further Analysis.....	3-53
3.3	Description of the Alternatives Selected for Detailed Study	3-78
3.4	Identification of Alternatives Studied Further	3-89
3.5	Local Road Improvements.....	3-95

Chapter 4 - Affected Environment

4.1	Traffic and Transportation	4-1
4.2	Pedestrian and Bicyclist Access.....	4-14
4.3	Socio-economic Environment.....	4-14
4.5	Community Facilities and Services	4-31
4.5	Farmland	4-34
4.6	Historic and Archaeological Resources	4-39
4.7	Air Quality	4-44
4.8	Highway Noise	4-46
4.9	Natural Resources	4-51

Table of Contents, Continued

4.10	Water Resources.....	4-67
4.11	Floodplains.....	4-68
4.12	Wetlands.....	4-69
4.13	Visual and Aesthetic Resources.....	4-71
4.14	Hazardous Material Sites	4-73

Chapter 5 - Environmental Consequences

5.1	Traffic and Transportation	5-1
5.2	Pedestrian and Bicyclist Access.....	5-12
5.3	Social/Economic Impacts	5-13
5.4	Community Facilities and Services	5-25
5.5	Farmland	5-28
5.6	Historic and Archaeological Resources	5-35
5.7	Air Quality Impacts	5-47
5.8	Highway Noise.....	5-51
5.9	Natural Resources	5-54
5.10	Water Resources.....	5-81
5.11	Floodplains.....	5-88
5.12	Wetlands.....	5-90
5.13	Visual and Aesthetic Resources.....	5-92
5.14	Hazardous Materials Sites.....	5-99
5.15	Energy Impacts	5-103
5.16	Construction Impacts	5-105
5.17	Permits	5-107
5.18	Short Term Uses of Environment Versus Long Term Productivity	5-108
5.19	Irreversible and Irretrievable Commitment of Resources.....	5-109
5.20	Indirect and Cumulative Impacts.....	5-110

Chapter 6 - Mitigation

6.1	Relocation Assistance	6-1
6.2	Historic and Archaeological Resources Mitigation	6-2
6.3	Air Quality	6-3
6.4	Noise Impacts.....	6-3
6.5	Farmland	6-5
6.6	Wetland Mitigation.....	6-5
6.7	Mitigation of Visual Impacts and Aesthetics	6-6
6.8	Construction.....	6-6
6.9	Design	6-8
6.10	Ecosystem Impacts	6-8

Table of Contents, Continued

Chapter 7 - Draft Section 4(f) Evaluation

7.1	Introduction.....	7-1
7.2	Section 4(f) Resources – Parks, Recreation Areas, and Wildlife Refuges	7-1
7.3	Section 4(f) Resources – Historic and Archaeological Resources.....	7-4
7.4	Section 6(f) Resources	7-11
7.5	Conclusion.....	7-12

Chapter 8 - Public Outreach, Comments and Coordination

8.1	Public Involvement.....	8-1
8.2	Agency Coordination	8-5

Chapter 9 - List of Preparers

Chapter 10 - List of Acronyms

10.1	Terms	10-1
10.2	Agencies.....	10-2

Chapter 11 - Glossary

Chapter 12 - Index

Chapter 13 - Literature Cited

Table of Contents, Continued

Appendices

- A Alternative Route Maps (2002 Aerial Photographs)
- B Distribution of the DEIS
- C Agency Correspondence
 - Early Coordination
 - Purpose and Need
 - Preliminary Alternatives
 - Section 106
 - General
- D Soils Information
- E Plants Identified Along US 31 Alternatives
- F Plants, Fishes, Reptiles, Amphibians, Mammals, Birds, Reported in St. Joseph and Marshall Counties
- G Wetland, Habitat, & Trophic Response Guilds for Vertebrates in Indiana
- H Wetland Memorandum of Understanding
- I Archaeological Records Check
- J Traffic Noise Analysis
- K AD 1006 Farmland Conversion Impact Rating Forms

Table of Contents, Continued

List of Tables

Executive Summary

ES.4.1	Phase 1: Purpose and Need Evaluation.....	ES-6
ES.4.2	Potential Socio-Economic and Environmental Impact Evaluation for Alternatives Advanced to Phase 2 of Screening Process.....	ES-7
ES.5.1	Comparison of Alternatives Studied in Detail.....	ES-16

Chapter 2 - Purpose and Need

2.1.1	Base and Future Years' Levels-of-Service of US 31 Segments	2-1
2.1.2	Base and Future Years' Levels-of-Service for US 31 Intersections	2-2
2.2.3	Crash Rate Comparison of US 31 from US 30 to US 20	2-4
2.2.4	Crash Rate Comparison of US 31 Segments.....	2-5

Chapter 3 - Alternatives

3.1.1	Base and Future Daily Traffic Volumes on Existing US 31	3-13
3.1.2	Maximum Daily Traffic Volumes for Divided Multi-Lane Rural Arterials	3-13
3.1.3	Freeway Alternative Future Traffic and Level-of-Service on Existing US 31 (Daily Traffic Volumes (LOS) in Year 2030 – Unacceptable LOS shaded)	3-21
3.1.4	US 31 Residual Vehicle-Miles of Travel and Vehicle-Hours of Travel by Freeway Alternative (in Year 2030 – poorest performers shaded).....	3-22
3.1.5	South Bend Metro Area Congested Vehicle-Miles of Travel and Vehicle-Hours of Travel by Freeway Alternative (in Year 2030 – poorest performers shaded)	3-22
3.1.6	Existing US 31 and South Bend Metro Area Reduction in Total Accidents by Freeway Alternative (in Year 2030, poorest performance shaded).....	3-23
3.1.7	Total Crash Rate by Alternative for Existing US 31 Segments (in year 2030) (Total crash rate exceeding statewide rural principal arterial of 186.57 shaded)	3-24
3.1.8	Phase 1: Purpose and Need Evaluation.....	3-25
3.1.9	Potential Socio-Economic and Environmental Impact Evaluation for Alternatives Advanced to Phase 2 of Screening Process.....	3-26
3.2.10	Socio-economic and Environmental Impacts to the Freeway Alternatives	3-54
3.2.11	Comparison of Alternatives C, E, Cs & Es from West 4A Road to South side of Lakeville	3-61
3.2.12	Comparison of Alternatives C, E, Cs, & Es from SR 4 to just north of Osborne Road.....	3-63
3.2.13	Comparison of Alternatives C & Cs from New Road to US 20	3-63
3.2.14	Comparison of Alternatives E & Es from New Road to US 20.....	3-66

Table of Contents, Continued

List of Tables

3.2.15	Modified Freeway Alternative Future Traffic and Level-of-Service on Existing US 31 (Daily Traffic Volumes (LOS) in Year 2030 – Unacceptable LOS shaded).....	3-70
3.2.16	US 31 Residual Vehicle-Miles of Travel and Vehicle-Hours of Travel by Modified Freeway Alternative (in Year 2030)	3-70
3.2.17	South Bend Metro Area Congested Vehicle-Miles of Travel and Vehicle-Hours of Travel by Modified Freeway Alternative (in Year 2030).....	3-71
3.2.18	Existing US 31 and South Bend Metro Area Reduction in Total Accidents by Modified Freeway Alternative (in Year 2030)	3-71
3.2.19	Total Crash Rate by Modified Alternative for Existing US 31 Segments (in year 2030) (total crash rate exceeding statewide rural principal arterial of 186.57 shaded).....	3-71
3.2.20	Comparison of Alternatives G, Gs & G-C.....	3-72
3.2.21	Modified Freeway Alternative Future Traffic and Level-of-Service on Existing US 31 (Daily Traffic Volumes (LOS) in Year 2030 – Unacceptable LOS shaded).....	3-75
3.2.22	US 31 Residual Vehicle-Miles of Travel and Vehicle-Hours of Travel by Modified Freeway Alternative (in Year 2030)	3-75
3.2.23	South Bend Metro Area Congested Vehicle-Miles of Travel and Vehicle-Hours of Travel by Modified Freeway Alternative (in Year 2030).....	3-75
3.2.24	Existing US 31 and South Bend Metro Area Reduction in Total Accidents by Modified Freeway Alternative (in Year 2030)	3-76
3.2.25	Total Crash Rate by Modified Alternative for Existing US 31 Segments (in year 2030)(total crash rate exceeding statewide rural principal arterial of 186.57 shaded).....	3-76
3.3.26	Summary of Modified Freeway Alternatives (Recommended Alternative Recommended Alternative Segment Identified with and “X”).....	3-78
3.4.27	Comparison of Alternatives Studied in Detail.....	3-90
3.5.28	Summary of Socio-Economic and Environmental Impacts of Local Road Improvement Projects	3-98

Chapter 4 - Affected Environment

4.1.1	Present and Future Levels-of-Service of US 31 Segments.....	4-2
4.1.2	Present and Future Levels-of-Service for US 31 Intersections	4-2
4.3.3	Regional Population Growth.....	4-15
4.3.4	Summary of Demographic Control Totals for St. Joseph County	4-16
4.3.5	Summary of Demographic Control Totals for Marshall County	4-16
4.3.6	Regional Employment Growth (wage and salary)	4-17
4.3.7	Summary of Employment Control Totals for St. Joseph County.....	4-18
4.3.8	Summary of Forecast Control Totals for Marshall County.....	4-19
4.3.9	Demographic Profile of Marshall and St. Joseph Counties.....	4-31

Table of Contents, Continued

List of Tables

4.8.10	Federal Highway Administration (FHWA) Noise Abatement Criteria (NAC).....	4-47
4.8.11	Ambient Field Noise Measurements for US 31 Study Area.....	4-49
4.9.12	Summary of Threatened and Endangered Species Possibly Present in US 31 Study Area	4-61
4.9.13	Ranking Scores for Response Guilds of Wildlife Communities	4-64
4.9.14	Response Guilds for Threatened, Endangered, and Special Concern Species	4-65

Chapter 5 - Environmental Consequences

5.1.1	Comparison of Alternatives	5-1
5.1.2	Future Traffic and Level-of-Service on Existing US 31 for the Alternatives (Daily Traffic Volumes (LOS) in Year 2030 – Unacceptable LOS shaded)	5-5
5.1.3	Future Traffic and Level-of-Service for the Alternatives (Daily Traffic Volumes (LOS) in Year 2030 – Unacceptable LOS shaded)	5-6
5.1.4	Possible Access for the Alternatives	5-7
5.1.5	Interchange Ramp Volumes in Year 2030 for the Alternatives.....	5-9
5.3.6	Right-of-way and Relocation Costs by Alternative.....	5-13
5.3.7	Residential Displacements by Alternative	5-14
5.3.8	Commercial Displacements by Alternative	5-14
5.3.9	Potential Tax Revenue Loss – Marshall County	5-15
5.3.10	Potential Tax Revenue Loss – St. Joseph County	5-15
5.3.11	Nearby Business Sales Impacts by Alternative (total estimated sales shown, a comparison to the No Build reveals the impact)	5-18
5.3.12	Highway User Benefits Over No-Build Alternative.....	5-19
5.3.13	Land Use by Alternatives.....	5-19
5.5.14	Agricultural Harvest and Production Statistics for US 31 Counties	5-29
5.5.15	Average Crop Sales Prices for Indiana.....	5-29
5.5.16	Agricultural Crop Cash Receipt Loss Estimates for US 31 Alternatives.....	5-30
5.5.17	Average Crop Cash Receipts for US 31 Counties	5-31
5.5.18	Percent of Annual Crop Cash Receipt Loss for US 31 Alternatives	5-31
5.5.19	Summary of Farmland Impacts for US 31 Alternatives	5-31
5.7.20	Air Quality Emissions Year 2025	5-48
5.7.21	Predicted Micro-Scale Carbon Monoxide One-Hour Concentrations for Year 2025 (in parts per million) (nearest receptor within 15 feet of the edge of pavement)	5-50
5.9.22	Summary of Forest Impacts.....	5-56
5.9.23	Designated/Managed Wildlife Habitat Areas Directly Impacted.....	5-60
5.10.24	Alternative Cs (Estimated Stream Impacts)	5-81
5.10.25	Alternative Es (Estimated Stream Impacts).....	5-82
5.10.26	Alternative G-S (Estimated Stream Impacts)	5-82
5.10.27	Comparison of Alternatives for Potential Water Resource Impacts	5-87
5.11.28	Potential Floodplain Impacts	5-88

Table of Contents, Continued

List of Tables

5.12.29	US 31 NWI Wetland Acres Impacted by Alternatives.....	5-91
5.14.30	Hazardous Material Sites	5-102
5.15.31	Energy Consumption in the Year 2030 by Alternative	5-104
5.20.32	Area of Land by County and Major Land-Use by Class (acres).....	5-118
5.20.33	Area of Timberland by County and Strand Size Class (acres).....	5-119
5.20.34	Cumulative Impacts by Resource	5-121

Chapter 6 - Mitigation

6.1.1	Available Residential Housing Units.....	6-1
6.1.2	Availability of Commercial Property.....	6-2
6.4.3	Noise Barrier Evaluations for US 31 Alternatives	6-4

Chapter 8 - Public Outreach, Comments and Coordination

8.1.1	Stakeholder Meetings.....	8-4
8.2.2	Agency names and dates of correspondence	8-9

Table of Contents, Continued

List of Figures

Executive Summary

ES.4.1	Preliminary Freeway Alternatives (A-K).....	ES-5
ES.4.2	Alternatives Studied Further in the DEIS.....	ES-12

Chapter 1 - Project Introduction

1.1.1	US 31 Regional Map	1-2
1.1.2	US 31 State Map.....	1-3
1.1.3	US National Map.....	1-4
1.1.4	Indiana Statewide Corridor Hierarchy	1-6
1.2.5	Indiana Commerce Corridors	1-7

Chapter 2 - Purpose and Need

2.1.1	US 31 Segments and Intersections Failing to Meet INDOT Minimum Design Standards for Level-of-Service (LOS) (assuming no improvements to US 31).....	2-3
2.2.2	US 31 Segments with Crash Rates Exceeding Statewide Rates (Assuming no improvements to US 31).....	2-6
3.1.1	Preliminary Freeway Alternatives (A-K).....	3-16
3.1.2	Rural Typical Section.....	3-18
3.1.3	Possible Urban Typical Section.....	3-19
3.1.4	Alternative A.....	3-27
3.1.5	Alternative B.....	3-28
3.1.6	Alternative C.....	3-29
3.1.7	Alternative D.....	3-31
3.1.8	Alternative E.....	3-33
3.1.9	Alternative F.....	3-35
3.1.10	Alternative G.....	3-37
3.1.11	Alternative H.....	3-39
3.1.12	Alternative I.....	3-41
3.1.13	Alternative J.....	3-43
3.1.14	Alternative K.....	3-45
3.1.15	Options 1 & 2 for Alternatives B-F	3-47
3.1.16	US 31 Plymouth to South Bend Preliminary Freeway Alternatives Eliminated From Further Consideration (Alternatives A, B, D, H, I, J and K).....	3-50
3.1.17	US 31 Plymouth to South Bend Preliminary Freeway Alternatives Recommended for Further Analysis in the DEIS (Alternatives C, E, F, and G)..	3-51
3.2.18	Potential Impacts to Ullery/Farneman House and Southlawn Cemetery	3-55
3.2.19	Alternative F Modifications	3-57
3.2.20	Alternatives C and E Modifications	3-58

Table of Contents, Continued

List of Figures

3.2.21	Alternatives C & E Modifications from West 4A Road to the South Edge of Lakeville	3-60
3.2.22	Alternatives C & E Modifications from SR 4 (Pierce Road) to Just North of Osborne Road.....	3-62
3.2.23	Alternative C Modifications form New Road to US 20	3-64
3.2.24	Alternative E Modifications from New Road to US 20	3-65
3.2.25	Alternatives G Modifications	3-68
3.2.26	Alternative G – Ironwood Road connection	3-74
3.3.27	Alternatives Studies Further in the DEIS	3-80
3.4.28	Alternatives Studied in Detail – Alternatives Cs, Es and G-C	3-89
3.5.29	5A Road From Michigan Road to US 31.....	3-96
3.5.30	SR 4 (Pierce Road) Extension From Existing US 31 to New US 31	3-97

Chapter 4 - Affected Environment

4.1.1	US 31 at US 30 Interchange Turning Movements (2000).....	4-4
4.1.2	US 31 at US 20 Bypass Interchange Turning Movements (2000).....	4-5
4.1.3	Northern Corridor Intercept Origin-Destination Daily Traffic Volumes (2030)	4-6
4.1.4	North Corridor Intercept Origin-Destination Percent Daily Traffic Volumes (2030)	4-7
4.1.5	Southern Corridor Intercept Origin-Destination Daily Traffic Volumes (2030)	4-8
4.1.6	Southern Corridor Intercept Origin-Destination Percent Daily Traffic Volumes (2030)	4-9
4.1.7	Lakeville Intercept Origin-Destination Daily Traffic Volumes (2020).....	4-10
4.1.8	Lakeville Intercept Origin-Destination Percent Daily Traffic Volumes (2020) ...	4-11
4.1.9	Entire US 31 Corridor Origin-Destination Daily Traffic Volumes (2030).....	4-12
4.1.10	Entire US 31 Corridor Origin-Destination Percent Daily Traffic Volumes	4-13
4.3.11	Marshall County Zoning Map	4-21
4.3.12	Plymouth Current Land Use Map	4-22
4.3.13	Plymouth Future Land Use Map.....	4-23
4.3.14	LaPaz Future Land Use Map	4-24
4.3.15	Marshall County Future Land Use Map	4-25
4.3.16	St. Joseph County Zoning Map.....	4-26
4.3.17	Lakeville Zoning Map.....	4-27
4.3.18	St. Joseph/South Bend Future Land Use Map	4-29
4.3.19	Historical Aerials US 31.....	4-30
4.5.20	Farm Land Use History for Marshall County, Indiana	4-36
4.5.21	Farm Land Use History for St. Joseph County, Indiana	4-37
4.5.22	1997 Average Value of Farmland Per Acre for Marshall and St. Joseph Counties and North Central Agricultural District	4-38

Table of Contents, Continued

List of Figures

4.5.23	2002 Crop Production for Marshall and St. Joseph Counties and North Central Agricultural District.....	4-38
4.5.24	1997 Crop cash Receipts Per Acre Harvested for Marshall and St. Joseph Counties and North Central Agricultural Statistics District Counties.....	4-39
4.6.25	Lakeville School.....	4-42
4.6.26	Evergreen Hill.....	4-42
4.6.27	Cover House.....	4-42
4.6.28	Johnson House.....	4-42
4.6.29	Ullery/Farneman House.....	4-43
4.6.30	Francis Donaghue Farmstead.....	4-43
4.6.31	W.O. Bunch Farm.....	4-43
4.6.32	Number of Sensitive Receivers with Leq Noise Levels Above 66 dBA for Base Year 2002.....	4-49
4.9.33	US 31 Study Area and Natural Regions.....	4-52
4.9.34	Wetlands by Catfish Lake in Northern Lakes Natural Region.....	4-51
4.9.35	General Soil Associations.....	4-55
4.9.36	Forested land in study area.....	4-56
4.9.37	Yellow River Riparian Corridor.....	4-57
4.9.38	Left: Forest Prior to Fragmentation. Right: Forest After Fragmentation.....	4-57
4.9.39	Diagram of Core Forest Habitat.....	4-57
4.9.40	Field of Goldenrod in the Study Area.....	4-58
4.9.41	Soybean field in Study Area.....	4-58
4.11.42	Floodplain Diagram.....	4-68
4.12.43	Emergent.....	4-70
4.12.44	Scrub/Shrub.....	4-70
4.12.45	Forested.....	4-70
4.13.46	View from the Corridor.....	4-71
4.13.47	View of the Corridor.....	4-72

Chapter 5 - Environmental Consequences

5.3.1	Low-income Households in Relation to the Proposed Alternatives.....	5-23
5.3.2	Proposed Alternatives in Relation to Areas with Concentrations of Minorities..	5-24
5.5.3	Total Farmland for US 31 Alternatives.....	5-32
5.5.4	Total Prime Farmland Area for US 31 Alternatives.....	5-32
5.5.5	Annual Crop Cash Receipts Loss for Marshall and St. Joseph Counties for US 31 Alternatives.....	5-33
5.6.6	Evergreen Hill National Register Property.....	5-36
5.6.7	Lakeville High School National Register Property.....	5-38
5.6.8	Cover House Property.....	5-39
5.6.9	Emil Johnson House Property.....	5-41
5.6.10	Ullery/Farneman House Property.....	5-42

Table of Contents, Continued

List of Figures

5.6.11	Francis Donaghue House Property	5-44
5.6.12	W.O. Bunch Farm Property	5-45
5.8.13	Comparison of Number of Sensitive Receivers Along Existing US 31 with L_{eq} Noise Levels Above 66 dBA Between Base Year 2002 and Design Year 2030 TNM.....	5-51
5.8.14	Comparison of Build Alternative Predicted Noise Impacts for 2030	5-52
5.9.15	Complex Glacial Drift in the US 31 Study Area.....	5-55
5.9.16	Diagram Showing: Working Alignment Right-of-Way and Core Forest Directly Impacted	5-57
5.9.17	Shrub/Scrub Land Directly Impacted (acres)	5-58
5.9.18	Pasture/Crop/Fallow Land Directly Impacted (acres)	5-59
5.9.19	Designated/Managed Habitat Areas within the Study Area.....	5-61
5.9.20	Recent (1980+) TES Records in the US 31 Study Area	5-64
5.9.21	Northern Copperbelly Water Snake	5-65
5.9.22	Eastern Massasauga Rattlesnake	5-66
5.9.23	Bald Eagle	5-67
5.9.24	Indiana Bat.....	5-68
5.9.25	Pointed Campelorna.....	5-69
5.9.26	Swamp Lymnaea.....	5-69
5.9.27	Blanchard's Cricket Frog.....	5-70
5.9.28	Blue-Spotted Salamander.....	5-70
5.9.29	Spotted Turtle.....	5-71
5.9.30	Kirtland's Snake.....	5-72
5.9.31	Blanding's Turtle.....	5-72
5.9.32	Butler's Garter Snake	5-73
5.9.33	Great Egret.....	5-73
5.9.34	American Bittern	5-74
5.9.35	Brown Creeper	5-74
5.9.36	Black Tern	5-75
5.9.37	Adult Male Northern Harrier	5-76
5.9.38	Sandhill Crane	5-76
5.9.39	Black-and-White Warbler	5-77
5.9.40	Virginia Rail	5-77
5.9.41	Yellow Headed Blackbird.....	5-78
5.9.42	Star-nosed Mole	5-78
5.9.43	Bobcat	5-79
5.9.44	American Badger	5-79
5.9.45	Herb Robert.....	5-80
5.10.46	St. Joseph Aquifer System	5-85
5.11.47	Floodplain Map.....	5-89
5.13.48	(Before) Proposed Interchange Location for Alternatives Es at Kern Road.....	5-93
5.13.49:	After) Proposed Interchange Location for Alternatives Es at Kern Road	5-93

Table of Contents, Continued

List of Figures

5.13.50	(Before) Proposed Interchange Location for Alternative Cs and G-C at US 20.....	5-95
5.13.51	(After) Proposed Interchange Location for Alternative Cs and G-C at US 2	5-95
5.13.52	(Before) Proposed Interchange Location for Alternative Cs at Kern Road	5-96
5.13.53	(After) Proposed Interchange Location for Alternative Cs at Kern Road.....	5-96
5.13.54	(Before) Proposed Interchange Location for Alternative G-C at SR 4 (Pierce Road).....	5-98
5.13.55	(After) Proposed Interchange Location for Alternative G-C at SR 4 (Pierce Road).....	5-98
5.20.56	Recent, Proposed and Potential Future Development along US 31.....	5-112
5.20.57	Area of Forest Land by County.....	5-118
5.20.58	Area of Timberland by Strand Size.....	5-119

Chapter 7 - Draft Section 4(f) Evaluation

7.2.1	Potential Section 4(f) Resources.....	7-2
7.2.2	Pleasant Lake Public Access Site and the US 31 Alternatives.....	7-3
7.2.3	Newton Park and the US 31 Alternatives.....	7-4
7.3.4	Evergreen Hill National Register Property	7-5
7.3.5	Lakeville High School National Register Property.....	7-6
7.3.6	Cover House Property.....	7-7
7.3.7	Emil Johnson House Property	7-8
7.3.8	Ullery/Farneman House Property.....	7-9
7.3.9	Francis Donaghue Farmstead Property.....	7-10
7.3.10	W.O. Bunch Farm Property.....	7-11
