Dear Mr. Gustin:

We have completed our review of Amendment FY 08-39 to the FY 2008-2011 Indiana Statewide Transportation Improvement Program (INSTIP), transmitted by INDOT's letter dated via e-mail August 20, 2008. The amendment is approved for inclusion into the INSTIP with the following clarification.

The I-70 Corridors of the Future planning study project will involve the Indianapolis and Terre Haute metropolitan areas. Therefore, INDOT has worked with those MPOs to concurrently process TIP amendments for the study. The amendments are expected to be approved in September.

The total amount currently indicated is the full amount of TCSP provided by FHWA, but matching funds will come from the other partnering States. The actual amount authorized however will vary, as only the first portion of the study is expected to be ready for authorization prior to October 1, 2008. The Indianapolis and Terre Haute MPOs have been contacted and have agreed that changes can be made as more information about the study becomes known.
