

INDIANA DEPARTMENT OF TRANSPORTATION

"Proudly Moving Indiana Into the 21st Century"

Indiana 46204

STATE OF INDIANA
OFFICE OF THE GOVERNOR
Sec. House, Second Floor
Indianapolis, Indiana 46204

Eric J. Holcomb
Governor

Indiana's aviation mission is to encourage, foster, and assist in the development of transportation infrastructure and its vital role for business, agriculture, and tourism. Indiana's aviation mission is to encourage, foster, and assist in the development of transportation infrastructure and its vital role for business, agriculture, and tourism. Indiana's aviation mission is to encourage, foster, and assist in the development of transportation infrastructure and its vital role for business, agriculture, and tourism.

Whether flying for business or pleasure, I encourage you to visit these top-notch facilities and witness first-hand the dedication of thousands of Hoosier aviation professionals as we take off on our mission to bring Indiana to the world and bring the world back to Indiana.

Enjoy the flight.

Eric J. Holcomb Governor of Indiana

PERSONS INVOLVED IN OPERATING, SERVICING OR RENTING SMALL AIRCRAFT SHOULD BE ON THE LOOKOUT FOR:

- Aircraft with unusual or unauthorized modifications.
- Persons loitering for extended periods in the vicinity of parked aircraft or in operations areas.
- Pilots who appear to be under the control of other persons.
- Persons wishing to obtain a license without presenting proper credentials or corresponding level of aviation knowledge.
- Anything that doesn't look right (i.e., events or circumstances which do not fit the pattern of normal activity at your airport).

IF YOU ARE THE OWNER OR OPERATOR OF AN AIRFIELD PLEASE:

- Distribute this information to all organizations which have a regular presence on the airfield.
- Contact your local law enforcement agency and verify the procedures you would use to report suspicious activity at your airfield.
- Promptly report information indicating possible criminal activity to your local law enforcement agency.

REMEMBER: If you see something highly dangerous, such as weapons or explosives, being loaded on an aircraft, or if you have other reason to believe that a serious sort of attack is about to occur, immediately call the Federal Bureau of Investigation (FBI) at 1-800-368-5848.

VFR.....	1200 unless otherwise assigned by ATC.
IFR.....	As assigned by ATC.
Hijack.....	7500
Radio Failure.....	7600
Emergency.....	7700

SPECIAL EQUIPMENT SUFFIX	
/X.....	No transponder.
/T.....	Transponder with no altitude encoding capability.
/U.....	Transponder with altitude encoding capability.
/D.....	DME, no transponder.
/A.....	DME, transponder with no altitude encoding capability.
/C.....	DME, transponder with altitude encoding capability.
/R.....	RNAV, transponder with no altitude encoding capability.
/Y.....	RNAV, no transponder.
/G.....	GPS/GNSS with enroute, terminal and GPS approach capability.

AIRPORT SITE INFORMATION

RIVER, STREAM OR DITCH

BODY OF WATER

UNDER CONSTRUCTION

2500' X 75' ASPH.

150'

Numbers on airport layout drawings adjacent to runways indicate the physical length and width of those runways. A landing length is determined by subtracting any displaced thresholds from the physical length depicted. The landing length of the above runway would be 2,350' for Runway 27 and 2,500' for Runway 9.

NOTE:
ESTABLISHMENT OF AVIATION FACILITY (i.e., airports, heliports, ultralight flightparks, or seaplane bases) WITHOUT STATE CERTIFICATE OF SITE APPROVAL IS UNLAWFUL. Any municipality or person desiring to acquire, establish, construct, activate, or lease any PUBLIC-USE or PRIVATE-USE facility must first be issued a CERTIFICATE OF SITE APPROVAL by the INDIANA DEPARTMENT OF TRANSPORTATION.

CRUISING ALTITUDES (MSL) FOR MAGNETIC COURSES	
VFR Even thousands plus 500 feet (4,500; 5,500; etc.) IFR Even thousands (4,000; 5,000; etc.)	359° 180° 0° 179° VFR Odd thousands plus 500 feet (3,500; 4,500; 5,500; etc.) IFR Odd thousands (3,000; 4,000; etc.)
VFR rule applies above 3,000 AGL and below 18,000 MSL. ATC may assign different IFR altitudes	

FAR 91.155 (a) BASIC VFR WEATHER MINIMUMS			91.155
Altitude	Flight Visibility	Distance from Clouds	
Class A	Not Applicable	Not Applicable	
Class B	3 Statute Miles	Clear of Clouds	
Class C	3 Statute Miles	500 feet below 1,000 feet above 2,000 feet horizontal	
Class D	3 Statute Miles	500 feet below 1,000 feet above 2,000 feet horizontal	
Class E: Less than 10,000 feet M.S.L.	3 Statute Miles	500 feet below 1,000 feet above 2,000 feet horizontal	
At or above 10,000 feet M.S.L.	5 Statute Miles	1,000 feet below 1,000 feet above 1 Statute mile horizontal	
Class G: 1200 feet or less above the surface (regardless of M.S.L. altitude).	Day: except as provided in 91.155(b) Night, except as provided in 91.155(b)	1 Statute Mile 3 Statute Miles	Clear of Clouds 500 feet below 1,000 feet above 2,000 feet horizontal
More than 1,200 feet above the surface but less than 10,000 feet M.S.L.	Day Night	1 Statute Mile 3 Statute Miles	500 feet below 1,000 feet above 2,000 feet horizontal 500 feet below 1,000 feet above 2,000 feet horizontal
More than 1,200 feet above the surface and at or above 10,000 feet M.S.L.		5 Statute Miles	1,000 feet below 1,000 feet above 1 Statute mile horizontal

- (b) Class G airspace. Notwithstanding the provisions of paragraph (a) of this section, the following operations may be conducted in Class G airspace below 1,200 feet above the surface:
- Helicopter. A helicopter may be operated clear of clouds if operated at a speed that allows the pilot adequate opportunity to see any air traffic or obstruction in time to avoid a collision.
 - Airplane. When the visibility is less than 3 statute miles but not less than 1 statute mile during night hours, an airplane may be operated clear of clouds if operated in an airport traffic pattern within one half mile of the runway.
 - Except as provided in 91.157, no person may operate an aircraft beneath the ceiling under VFR within the lateral boundaries of controlled airspace designated to the surface for an airport when the ceiling is less than 1,000 feet.
 - Except as provided in 91.157 of this part, no person may take off or land an aircraft, or enter the traffic pattern of an airport, under VFR, within the lateral boundaries of the surface areas of Class B, Class C, Class D, or Class E airspace designated for an airport:
 - Unless ground visibility at that airport is at least 3 statute miles; or
 - If ground visibility is not reported at that airport, unless flight visibility during landing or takeoff, or while operating in the traffic pattern is at least 3 statute miles.
 - For the purpose of this section, an aircraft operating at the base altitude of a Class E airspace area is considered to be within the airspace directly below that area.

ATCT LIGHT GUN SIGNALS		
COLOR AND TYPE	ON THE GROUND	IN FLIGHT
Steady Green	Cleared for taxi	Cleared to land
Flashing Green	Cleared for taxi	Return for landing to be followed by steady green as provided
Steady Red	Stop	Give way to other aircraft and continue circling
Flashing Red	Taxi clear of the land	Airport unsafe, do not land
Flashing White	Return to starting point on airport	Not Applicable
Alternating Red and Green	Exercise extreme caution	Exercise extreme caution

RESTRICTED AREAS
Restricted Areas are designated areas within which the flight of aircraft, while not wholly prohibited, is subject to restrictions. These areas denote the existence of unusual, often invisible hazards to aircraft. AUTHORIZATION IS REQUIRED FROM INDIANAPOLIS ARTCC to penetrate restricted areas. FSS cannot clear aircraft through these areas.

MILITARY OPERATING AREAS
MOA's are established for the purpose of separating military training activities from IFR traffic. VFR aircraft DO NOT REQUIRE clearance to enter a MOA.

WARNING
Aeronautical information on this chart is up to date as of March 2018. The Indiana Department of Transportation, Office of Aviation has not confirmed the accuracy of all aeronautical data on this chart. The Indiana Department of Transportation, Office of Aviation and the printer make no warranty expressed or implied, as to the accuracy thereof. Consult the appropriate NOTAMS and Flight Information Publications for supplemental data and current information.
