RE: FY2008 - FY2001 Indiana State Transportation Improvement Program (INSTIP) Transit Amendment #24

Dear Administrators;

Please find attached Metropolitan Planning Organization TIP amendments which need to be approved and included into the FY 2008 Indiana Transportation Improvement Program. We will reflect by reference the 2009-2013 federal aid projects covered by this approval in our 2008-2011 INSTIP. The amendment resolution numbers is listed below:

- West Central Indiana Economic Development District, Inc (Terre Haute MPO) – Resolution 033109-04

We have determined that the proposed amendments are: 1) consistent with the transportation plan; 2) the TIP remains fiscally constrained in that federal funding resources are sufficient to support the new or modified projects and 3) conform to state and national air quality standards as required by the Federal Clean Air Act Amendments of 1990.

We request your review and approval of the subject amendment. Please contact me at (317) 232-5292 if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Larry Buckel".
