Prequalification Engineer  
Indiana Department of Transportation

Re: New Bidder's List Registration Statement

The Economic Opportunity Division has created a new Bidder's List Registration Statement. This form replaces the form on the second page of the Contractor's Statement of Experience and Financial Condition (prequalification application). Please note that this form does not replace the Bidder's and Planholder's Registration Form that is submitted with each letting. That form can be found on the individual letting webpages.

Effective immediately, please submit the attached form when submitting your prequalification application. We will post this new form to our webpage and the form will be replaced in the prequalification application sometime in the near future.

If you have any questions, please contact Karen Macdonald at 317-232-5094 or at [kmacdonald@indot.in.gov](mailto:kmacdonald@indot.in.gov).
