## News Release

FOR IMMEDIATE RELEASE

July 24, 2015

### **Added Ramp Lane Project on I-69 at Exit 315 Scheduled to Begin Wednesday, July 29**

*Right shoulder of northbound I-69 ramp to eastbound I-469 will be closed*

**ALLEN COUNTY** – The Indiana Department of Transportation announces that the added ramp lane project on northbound I-69 at exit 315 to eastbound I-469 is scheduled to begin at 8 a.m. Wednesday, July 29, weather permitting. To facilitate the added ramp lane, contractors will close the right shoulder of the northbound I-69 ramp to I-469.

Additionally, both the northbound and southbound I-69 ramps to I-469 at exit 315 will be restricted to 11-foot wide lanes throughout the project.

The speed limit in the construction zone is 50 mph when flashing and will be enforced. INDOT reminds drivers to use caution and consider worker safety when driving through an active work zone.

If possible, motorists may wish to seek alternate routes. The work is expected to be completed by late September, weather permitting.

This project was awarded to Brooks Construction Company for \$554,000.
