

Earn a Scholarship and Get A Job! Indiana Department of Transportation Engineering Scholarship Program

**This brochure highlights the benefits of the program.
See the application form and scholarship program
contract for complete details.**

**Available online at: INDOTScholarship.IN.gov
or call 317-234-8096**

General Information

Scholarship amounts are \$3,125 per semester or \$2,083 per trimester. Scholarships can be applied toward an undergraduate or graduate degree in Civil Engineering, or any combination thereof, not to exceed five years total with a maximum of two years toward a graduate program.

Eligibility

- Students who are accepted into or currently enrolled in the School of Engineering at an Indiana ABET accredited college or university and have completed at least one year of college level education.
- Students must attend school full-time.
- Students must possess and maintain a cumulative grade point average of 2.8 out of a scale of 4.0 or equivalent.

Conditions of Scholarship

The recipient must agree to work full-time for INDOT during summer breaks while in school. Summer employment pay is highly competitive compared to other similar positions. After graduation, the recipient must work one six month period for each academic semester for which the recipient has received the scholarship.

Scholarship funds must be used for qualified educational expenses including tuition, fees, and books. The scholarship payments will be sent to the recipients after INDOT receives proof of eligibility. The recipient is responsible for payment of all expenses.

Repayment Obligation

A recipient will be required to repay all amounts actually received under the scholarship program under certain circumstances including failure to (a) maintain eligibility; (b) successfully complete summer work requirements; (c) accept employment with INDOT immediately after graduation; or (d) fulfill the required duration of employment after graduation.

Selection of Scholarship Recipients

Following are some of the criteria reviewed by the Scholarship Committee to help determine scholarship recipients:

- High school ranking and grade point average
- Collegiate grade point average
- SAT and/or ACT scores
- Community or scholastic leadership activities
- Work experience
- Major accomplishments and achievements

Interested?

Applications are available on the web at INDOTScholarship.IN.gov, or contact INDOT at 317-234-8096 for more information.

Eligible Civil Engineering students accepted into or currently enrolled in the School of Engineering at an ABET accredited Indiana college or university may apply. Scholarship recipients also benefit by working for INDOT during summer breaks and after graduation. A limited number of scholarships are available. Apply Now!

INDOT Civil Engineering Scholarship Program Application

Instructions to Applicant:

1. Write N/A if an item is not applicable
2. Attach additional sheets if necessary
3. Attach a Resume
4. Include a Minimum of One Letter of Recommendation
5. Carefully review this application
6. Scholarship Application must be received by the deadline of April 30th

I. PERSONAL INFORMATION – Please complete (type or print legibly)

Name (Last, First, MI)		SSN:	
Home Address		Home and Cell Phone	
College Address		College Phone	
Email Address		College Email Address	
Are you a US citizen?			

II. ACADEMIC INFORMATION

ACT score _____

SAT score _____

Please indicate the school in which you are enrolled:

Are you enrolled in a Cooperative Education Program?

How many hours will you have after this semester toward an engineering degree?

Name of high school:

What program and year do you expect to earn your degree?

Specify your college cumulative grade point average and attach your official transcripts from all schools attended.

III. FINANCIAL INFORMATION

How much are you receiving from other forms of financial aid or tuition reimbursement? _____

Estimate your total need for one semester

Tuition Fee: \$ _____

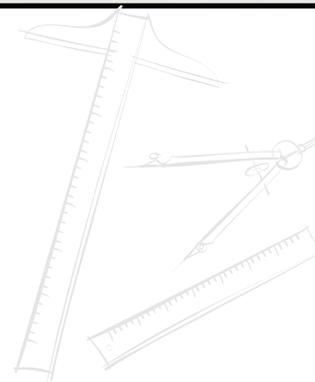

Additional fees: \$ _____

Total Estimate: \$ _____

(See Opposite Side)

IV. SHORT ANSWER QUESTIONS

Give a brief statement explaining your interest in working for INDOT after college.
What are your specific civil engineering goals?

List extracurricular activities. Describe your most significant accomplishment in your extracurricular activities.

Describe how you have demonstrated leadership ability both in and out of school.

Send application to:
