RE: FY2014 - FY2017 State Transportation Improvement Program (STIP) Administrative Modification #20

Dear Ms. Simon;

Please find attached a Metropolitan Planning Organization TIP administrative modification **from the Northwestern Indiana Regional Planning Commission**. The Administrative Modification was requested on June 12, 2014. We concur with this administrative modification and it will be reflected by reference in the 2014-2017 STIP.

We have determined that the administrative **modification** is: 1) consistent with the transportation plan; 2) the TIP remains fiscally constrained in that federal funding resources are sufficient to support the new or modified projects and 3) conform to state and national air quality standards as required by the Federal Clean Air Act Amendments of 1990.

Please contact me at (317) 232-5292 if you have any questions.

Sincerely,

Larry,

NIRPC is requesting an administrative amendment to the FY 2014-2017 TIP for northwest Indiana. Amendment No. 14 adjusts federal amounts for the listed projects. The adjustments for the three demand response providers are to reduce costs to reflect the final actual amounts for the projects. GPTC is reducing their FY 2014 preventive maintenance to shift funds to the FY 2014 operating project to take advantage of the full operating cap.

Please let me know if you have any questions.

Thanks,
Belinda
