SMART GROWTH FOR INDIANA
SAVING FARMS AND FORESTS WHILE MAKING CITIES LIVABLE

HEC Hoosier Environmental Council ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the HECAF's efforts to convince Governor O'Bannon to choose the Interstate 70/US 41 alternative to the new-terrain I-69 highway and an Indiana Smart Growth Policy that limits suburban sprawl and redirects tax subsidies to areas that are already developed.

HECAF Rep: PHIL BRINKMAN City: BROWNSBURG Date: 4/21/99

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

SMART GROWTH FOR INDIANA
SAVING FARMS AND FORESTS WHILE MAKING CITIES LIVABLE

HEC Hoosier Environmental Council ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the HECAF's efforts to convince Governor O'Bannon to choose the Interstate 70/US 41 alternative to the new-terrain I-69 highway and an Indiana Smart Growth Policy that limits suburban sprawl and redirects tax subsidies to areas that are already developed.

SMART GROWTH FOR INDIANA
SAVING FARMS AND FORESTS WHILE MAKING CITIES LIVABLE

Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the HECAF's efforts to convince Governor O'Bannon to choose the Interstate 70/US 41 alternative to the new-terrain I-69 highway and an Indiana Smart Growth Policy that limits suburban sprawl and redirects tax subsidies to areas that are already developed.

STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the HECAF's efforts to convince Governor O'Bannon to choose the Interstate 70/US 41 alternative to the new-terrain I-69 highway and an Indiana Smart Growth Policy that limits suburban sprawl and redirects tax subsidies to areas that are already developed.

SMART GROWTH FOR INDIANA
SAVING FARMS AND FORESTS WHILE MAKING CITIES LIVABLE

HEC Hoosier Environmental Council ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the HECAF's efforts to convince Governor O'Bannon to choose the Interstate 70/US 41 alternative to the new-terrain I-69 highway and an Indiana Smart Growth Policy that limits suburban sprawl and redirects tax subsidies to areas that are already developed.

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

HECAF Rep: Steve Jackson City: Terre Haute Date: April 15th, 1998

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

HECAF Rep: Steve Jackson City: Terre Haute Date: April 22, 1998

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

With my signature and donation, I support the HECAF's efforts to convince Governor O'Bannon to oppose new interstate roads, to advocate alternatives to the new Ten Mile Highway, and to support Indiana Smart Growth initiatives that limit suburban sprawl and redirect tax subsidies to areas that are already developed.

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund in their effort to preserve thousands of acres of prime farmland and forests and save taxpayers hundreds of millions of dollars by using existing I-70 and upgrading US 41 to interstate standards as the **Conservationist Alternative** to the controversial I-69 proposal.

We oppose the porkbarrel new-terrain I-69 and strongly urge our elected officials to support the **Conservationist Alternative** which saves natural resources and tax dollars that should be spent on fixing the roads we have and bringing rail transit back to Indiana.

and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund in their effort to preserve thousands of acres of prime farmland and forests and save taxpayers hundreds of millions of dollars by using existing I-70 and upgrading US 41 to interstate standards as the **Conservationist Alternative** to the controversial I-69 proposal.

We oppose the porkbarrel new-terrain I-69 and strongly urge our elected officials to support the **Conservationist Alternative** which saves natural resources and tax dollars that should be spent on fixing the roads we have and bringing rail transit back to Indiana.

ACTION FUND

TO: GOVERNOR FRANK O'BANNON AND THE INDIANA GENERAL ASSEMBLY

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the **Hoosier Environmental Council Action Fund's** work to establish groundwater standards and strengthen surface water standards. Our state policy makers should ensure that Indiana has the highest possible water quality standards and protect water supplies by prohibiting disposal of waste including Coal Combustion Waste without protective barriers, long-term water monitoring, and cleanup requirements.

PETITION TO
PORTER COUNTY PLAN COMMISSION

We are opposed to the zoning amendment for the Sandy Ridge Development from its current RURAL RESIDENTIAL to PLANNED UNIT DEVELOPMENT. We request that <u>YOU DO NOT VOTE FOR THE PLANNED UNIT DEVELOPMENT.</u>

We, the undersigned, are of the opinion that because of its size of 860 units in less than 300 acres it will have an adverse impact on <u>ALL PORTER COUNTY RESIDENTS.</u> Taxes will have to be increased; the possibility of a county option tax and the infrastructure is not capable of handling the size of this project. Property values will decrease and traffic problems will be unbearable. The compatibility of the Planned Unit Development does not fit the surrounding land uses. <u>IT IS IN VIOLATION OF THE PORTER COUNTY MASTER PLAN!</u>

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

HECAF Rep: Steve Jackson City: Muncie Date: May 20th 1998

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

SMART GROWTH FOR INDIANA
SAVING FARMS AND FORESTS WHILE MAKING CITIES LIVABLE

HEC Hoosier Environmental Council ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the HECAF's efforts to convince Governor O'Bannon to choose the Interstate 70/US 41 alternative to the new-terrain I-69 highway and an Indiana Smart Growth Policy that limits suburban sprawl and redirects tax subsidies to areas that are already developed.

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

SMART GROWTH FOR INDIANA
SAVING FARMS AND FORESTS WHILE MAKING CITIES LIVABLE

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the HECAF's efforts to convince Governor O'Bannon to choose the Interstate 70/US 41 alternative to the new-terrain I-69 highway and an Indiana Smart Growth Policy that limits suburban sprawl and redirects tax subsidies to areas that are already developed.

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the HECAF's efforts to convince Governor O'Bannon to choose the Interstate 70/US 41 alternative to the new-terrain I-69 highway and an Indiana Smart Growth Policy that limits suburban sprawl and redirects tax subsidies to areas that are already developed.

HECAF Rep: PHIL BRINKMAN City: INDPLS Date: 8/10/98

SMART GROWTH FOR INDIANA
SAVING FARMS AND FORESTS WHILE MAKING CITIES LIVABLE

HEC Hoosier Environmental Council ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the HECAF's efforts to convince Governor O'Bannon to choose the Interstate 70/US 41 alternative to the new-terrain I-69 highway and an Indiana Smart Growth Policy that limits suburban sprawl and redirects tax subsidies to areas that are already developed.

STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the HECAF's efforts to convince Governor O'Bannon to choose the Interstate 70/US 41 alternative to the new-terrain I-69 highway and an Indiana Smart Growth Policy that limits suburban sprawl and redirects tax subsidies to areas that are already developed.

HEC Hoosier Environmental Council ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the HECAF's efforts to convince Governor O'Bannon to choose the Interstate 70/US 41 alternative to the new-terrain I-69 highway and an Indiana Smart Growth Policy that limits suburban sprawl and redirects tax subsidies to areas that are already developed.

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

SMART GROWTH FOR INDIANA
SAVING FARMS AND FORESTS WHILE MAKING CITIES LIVABLE

HEC Hoosier Environmental Council ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the HECAF's efforts to convince Governor O'Bannon to choose the Interstate 70/US 41 alternative to the new-terrain I-69 highway and an Indiana Smart Growth Policy that limits suburban sprawl and redirects tax subsidies to areas that are already developed.

SMART GROWTH FOR INDIANA
SAVING FARMS AND FORESTS WHILE MAKING CITIES LIVABLE

HEC Hoosier Environmental Council ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the HECAF's efforts to convince Governor O'Bannon to choose the Interstate 70/US 41 alternative to the new-terrain I-69 highway and an Indiana Smart Growth Policy that limits suburban sprawl and redirects tax subsidies to areas that are already developed.

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

SMART GROWTH FOR INDIANA
SAVING FARMS AND FORESTS WHILE MAKING CITIES LIVABLE

HEC Hoosier Environmental Council ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the HECAF's efforts to convince Governor O'Bannon to choose the Interstate 70/US 41 alternative to the new-terrain I-69 highway and an Indiana Smart Growth Policy that limits suburban sprawl and redirects tax subsidies to areas that are already developed.

SMART GROWTH FOR INDIANA
SAVING FARMS AND FORESTS WHILE MAKING CITIES LIVABLE

HEC Hoosier Environmental Council ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the HECAF's efforts to convince Governor O'Bannon to choose the Interstate 70/US 41 alternative to the new-terrain I-69 highway and an Indiana Smart Growth Policy that limits suburban sprawl and redirects tax subsidies to areas that are already developed.

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the HECAF's efforts to convince Governor O'Bannon to choose the Interstate 70/US 41 alternative to the new-terrain I-69 highway and an Indiana Smart Growth Policy that limits suburban sprawl and redirects tax subsidies to areas that are already developed.

SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund in their effort to replace the proposed porkbarrel new-terrain I-69 extension by using existing I-70 and upgrading US 41 to interstate standards. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes.

We oppose the new-terrain I-69 and strongly urge our elected officials to support the **US 41/I-70 Conservationist Alternative** which saves natural resources and tax dollars that should be spent on fixing the roads we have and bringing rail transit back to Indiana.

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

With my signature and donation, I support the Hoosier Environmental Council Action Fund in their effort to preserve thousands of acres of prime farmland and forests and save taxpayers hundreds of millions of dollars by using existing I-70 and upgrading US 41 to interstate standards as the **Conservationist Alternative** to the controversial I-69 proposal.

We oppose the porkbarrel new-terrain I-69 and strongly urge our elected officials to support the **Conservationist Alternative** which saves natural resources and tax dollars that should be spent on fixing the roads we have and bringing rail transit back to Indiana.

HEC Hoosier Environmental Council ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the HECAF's efforts to convince Governor O'Bannon to choose the Interstate 70/US 41 alternative to the new-terrain I-69 highway and an Indiana Smart Growth Policy that limits suburban sprawl and redirects tax subsidies to areas that are already developed.

HECAF Rep: Kirk Stermit City: Richmond Date: 11/8/99

SMART GROWTH FOR INDIANA
SAVING FARMS AND FORESTS WHILE MAKING CITIES LIVABLE

HEC Hoosier Environmental Council ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the HECAF's efforts to convince Governor O'Bannon to choose the Interstate 70/US 41 alternative to the new-terrain I-69 highway and an Indiana Smart Growth Policy that limits suburban sprawl and redirects tax subsidies to areas that are already developed.

HECAF Rep: PHIL BRINKMAN City: BATESVILLE Date: 11/22/99

SMART GROWTH FOR INDIANA
SAVING FARMS AND FORESTS WHILE MAKING CITIES LIVABLE

HEC Hoosier Environmental Council ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the HECAF's efforts to convince Governor O'Bannon to choose the Interstate 70/US 41 alternative to the new-terrain I-69 highway and an Indiana Smart Growth Policy that limits suburban sprawl and redirects tax subsidies to areas that are already developed.

HECAF Rep: Greg Stuckey City: Indpls. Date: 12-13-99

SMART GROWTH FOR INDIANA
SAVING FARMS AND FORESTS WHILE MAKING CITIES LIVABLE

HEC Hoosier Environmental Council ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the HECAF's efforts to convince Governor O'Bannon to choose the Interstate 70/US 41 alternative to the new-terrain I-69 highway and an Indiana Smart Growth Policy that limits suburban sprawl and redirects tax subsidies to areas that are already developed.

HEC Hoosier Environmental Council ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the HECAF's efforts to convince Governor O'Bannon to choose the Interstate 70/US 41 alternative to the new-terrain I-69 highway and an Indiana Smart Growth Policy that limits suburban sprawl and redirects tax subsidies to areas that are already developed.

HEC
Hoosier Environmental Council
ACTION FUND

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund in their effort to replace the proposed porkbarrel new-terrain I-69 extension by using existing I-70 and upgrading US 41 to interstate standards. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes.

We oppose the new-terrain I-69 and strongly urge our elected officials to support the **US 41/I-70 Conservationist Alternative** which saves natural resources and tax dollars that should be spent on fixing the roads we have and bringing rail transit back to Indiana.

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.
