PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

HECAF Rep: Gretchen Benning City: Indpls Date 2/99

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

HECAF Rep: _____ City: Fishers Date: 1-99

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

HECAF Rep: Steve Jackson City: Indianapolis Date: June 24, 1996

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund in their effort to preserve thousands of acres of prime farmland and forests and save taxpayers hundreds of millions of dollars by using existing I-70 and upgrading US 41 to interstate standards as the **Conservationist Alternative** to the controversial I-69 proposal.

We oppose the porkbarrel new-terrain I-69 and strongly urge our elected officials to support the **Conservationist Alternative** which saves natural resources and tax dollars that should be spent on fixing the roads we have and bringing rail transit back to Indiana.

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to Interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC
Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC
Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund in their effort to replace the proposed porkbarrel new-terrain I-69 extension by using existing I-70 and upgrading US 41 to interstate standards. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes.

We oppose the new-terrain I-69 and strongly urge our elected officials to support the **US 41/I-70 Conservationist Alternative** which saves natural resources and tax dollars that should be spent on fixing the roads we have and bringing rail transit back to Indiana.

and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

HECAF Rep: Gretchen Banning City: Lafayette Date: 09

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

SMART GROWTH FOR INDIANA
SAVING FARMS AND FORESTS WHILE MAKING CITIES LIVABLE

HEC Hoosier Environmental Council ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the HECAF's efforts to convince Governor O'Bannon to choose the Interstate 70/US 41 alternative to the new-terrain I-69 highway and an Indiana Smart Growth Policy that limits suburban sprawl and redirects tax subsidies to areas that are already developed.

SMART GROWTH FOR INDIANA
SAVING FARMS AND FORESTS WHILE MAKING CITIES LIVABLE

HEC Hoosier Environmental Council ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the HECAF's efforts to convince Governor O'Bannon to choose the Interstate 70/US 41 alternative to the new-terrain I-69 highway and an Indiana Smart Growth Policy that limits suburban sprawl and redirects tax subsidies to areas that are already developed.

SMART GROWTH FOR INDIANA
SAVING FARMS AND FORESTS WHILE MAKING CITIES LIVABLE

HEC Hoosier Environmental Council ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the HECAF's efforts to convince Governor O'Bannon to choose the Interstate 70/US 41 alternative to the new-terrain I-69 highway and an Indiana Smart Growth Policy that limits suburban sprawl and redirects tax subsidies to areas that are already developed.

HECAF Rep: Steven Jackson City: Irvington - Indianapolis Date: March 30th, 1999

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

→ CONT. FROM PREVIOUS PG: SMART GROWTH + I-69 ALTERN.

SAVING FARMS AND FORESTS WHILE MAKING CITIES LIVABLE

Hoosier Environmental Council ACTION FUND

O: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the HECAF's efforts to convince Governor O'Bannon to choose the Interstate 70/US 41 alternative to the new-terrain I-69 highway and an Indiana Smart Growth Policy that limits suburban sprawl and redirects tax subsidies to areas that are already developed.

ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

HEC Hoosier Environmental Council ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

HECAF Rep: _____ City: _____ Date: _____

TO: GOVERNOR EVAN BAYH AND OTHER ELECTED OFFICIALS

FROM: THE CITIZENS OF INDIANA

HECAF Hoosier Environmental Council ACTION FUND

With my signature and donation I support the Hoosier Environmental Council Action Fund and my fellow citizens in supporting the wise use of our limited tax dollars for transportation. Accordingly I reject the proposed I-69 Draft Environmental Impact Statement which fails to consider reasonable alternatives which will save taxpayers money and preserve rural communities as well as natural areas.

I support the study and selection of more efficient, less damaging alternatives to the proposed I-69 extension from Indianapolis to Evansville, such as upgrading US 41 to interstate standards, and emphasizing maintaining and upgrading our existing roads, revitalizing energy efficient rail service, and improving other modes of transportation.

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

SAVING FARMS AND FORESTS WHILE MAKING CITIES LIVABLE

HEC Hoosier Environmental Council ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the HECAF's efforts to convince Governor O'Bannon to choose the Interstate 70/US 41 alternative to the new-terrain I-69 highway and an Indiana Smart Growth Policy that limits suburban sprawl and redirects tax subsidies to areas that are already developed.

SMART GROWTH FOR INDIANA
SAVING FARMS AND FORESTS WHILE MAKING CITIES LIVABLE

HEC Hoosier Environmental Council ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the HECAF's efforts to convince Governor O'Bannon to choose the Interstate 70/US 41 alternative to the new-terrain I-69 highway and an Indiana Smart Growth Policy that limits suburban sprawl and redirects tax subsidies to areas that are already developed.

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

HECAF Rep: [illegible] City: Terre Haute Date: 06/98

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

HEC
Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

HEC Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.

HECAF Rep: Brian Wright City: Fishers Date: 12/2/98

PRESERVE PRECIOUS FARMLAND
and
SAVE HUNDREDS OF MILLIONS OF TAXPAYER DOLLARS

Hoosier Environmental Council
ACTION FUND

TO: GOVERNOR FRANK O'BANNON and
STATE AND FEDERAL SENATORS AND REPRESENTATIVES

FROM: THE CITIZENS OF INDIANA

With my signature and donation, I support the Hoosier Environmental Council Action Fund's efforts to replace the proposed new-terrain I-69 extension by upgrading US 41 to interstate standards and using existing I-70. The US 41/I-70 alternative will save hundreds of millions of taxpayer dollars that can be used to upgrade and repair existing highways and to bring rail transit back to Indiana, save thousands of acres of prime farmland and forest, and protect existing jobs in Terre Haute and Vincennes and the property rights of farmers.
