With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

Total contributions this sheet: ____

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and U.S. 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

Total contributions this sheet: ____

With my signature and donation, I support a stronger groundwater rule that takes action before water is unsafe to drink. Waiting until water sources are contaminated beyond safe levels puts public health at risk.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

Total Tribs this Sheet: 7
Total Raised this Sheet: $ 125

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- Protect and conserve our drinking water, surface water, and groundwater.
- Promote clean, renewable energy through public policy.
- Restore and protect natural lands through conservation programs.
- Enforce pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

...e and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in ... and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

Total Tribs this Sheet: 6
Total Raised this Sheet: $ 184

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

...nation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in ...dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:
- [redacted] our drinking water, surface water, and groundwater.
- [redacted] clean, renewable energy through public policy.
- [redacted] natural lands through conservation programs.
- [redacted] pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

Total Tribs this Sheet: 6
Total Raised this Sheet: $ 78

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

Total contributions this sheet: 75

With my signature and donation, I support the alternative route for Interstate 69 by upgrading Interstate 70 and US 41 to interstate standards. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69 by upgrading Interstate 70 and US 41 to interstate standards. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69 by upgrading Interstate 70 and US 41 to interstate standards. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

Total contributions this sheet: 1

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

Issue: I-69 Page 1 of 2
Total contributions this sheet: 1

With my signature and donation, I support the alternative route for Interstate 69 by upgrading Interstate 70 and US 41 to interstate standards. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.
