Total Raised this Sheet: $ 36.00

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

Total Raised this Sheet: $ 60.00

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

Total Raised this Sheet: $ 10

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

DOING WELL!

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

Total Raised this Sheet: $ 25.00

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

Thanks!

[redacted] This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution to support Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- Protect and improve our drinking water, surface water, and groundwater.
- Promote clean, renewable energy through public policy.
- Preserve and protect natural lands through conservation programs.
- Enforce pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

Thanks!!

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With your contribution, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and U.S. 41. This alternative will save millions of dollars, reduce traffic congestion, and protect forests, streams, and farmland.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

Thanks!

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the Alternative Package of Indiana's 2021 Budget regarding Interstate 69 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

I-69 SAMPLE RAP

This sample rap is meant to be a guide. Do not memorize this. Be creative.
Remember to talk ***with*** people not at them.

INTRO: Hi! My name is _____. I'm an organizer with HEC. We're working on the I-69 boondoggle. Here take a look at our goals…

(Level of Agreement) **HAND OVER THE CLIPBOARD**

Of course, We're Fundraising, to win…

PROBLEM: I'm sure you know what's going on…the state wants to extend I-69 to Evansville (and eventually to Mexico—as a part of NAFTA). Each route the state wants to build will tear through 5,000 acres of forests and productive farmland; and each would cost over $BILLION of our tax dollars. Pretty stupid when we've lost $3 billion in the last 4 years, right?

Wait for your level of agreement

SOLUTION: Yeah, so we're advocating upgrading US 41. Turn that into an interstate and connect it to I-70. This avoids destroying the forests and family farms and saves us over $600 MILLION ($½ BILLION). By the way, it's only 10 minutes longer. THAT MAKES MORE SENSE, RIGHT!?

Wait for your level of agreement

ACTION: #1 Great! Sign on and chip in a contribution.
We prefer check or charge.
Make a political statement with your check…do $70.41
I'll start your receipt. You can do that amount, right?
Great, Thanks!

ACTION: #2 Write a letter!

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I ~~support the alternative route for Interstate 69~~. I support ~~upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmlands, forests, and wildlife areas.~~

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and ~~US 41.~~ This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my donation and donations I request the attached form to be sent to my representatives in Congress. This alternative will save millions of dollars and will protect citizens, families, communities and public lands.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- Protect and conserve our drinking water, surface water, and groundwater.
- Promote clean, renewable energy through public policy.
- Restore and protect natural lands through conservation programs.
- Enforce pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69, I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- Protect and conserve our drinking water, surface water, and groundwater.
- Promote clean, renewable energy through public policy.
- Restore and protect natural lands through conservation programs.
- Enforce pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and U.S. 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- Protect and conserve our drinking water, surface water, and groundwater.
- Promote clean, renewable energy through public policy.
- Restore and protect natural lands through conservation programs.
- Enforce pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

Total Raised this Sheet: $ 176

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and U.S. 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- Protect and conserve our drinking water, surface water, and groundwater.
- Promote clean, renewable energy through public policy.
- Restore and protect natural lands through conservation programs.
- Enforce pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.
