Total Raised this Sheet: $ 154.00

With my support and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support a 90% reduction in mercury emissions from coal combustion facilities by 2008, in order to protect the health of all Indiana residents, ecosystems, and our future generations.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my support and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my support and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my support and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that: .

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

Total Raised this Sheet: $ 45.00

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

Total Tribs this Sheet: 3
Total Raised this Sheet: $ 124

With my support and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

Total Raised this Sheet: $ 36.00

With my support and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

Total contributions this sheet: 7 $135

With my signature and donation, I support a 90% reduction in mercury emissions from coal combustion facilities by 2008, in order to protect the health of all Indiana residents, ecosystems, and our future generations.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support a 90% reduction in mercury emissions from coal combustion facilities by 2008, in order to protect the health of all Indiana residents, ecosystems, and our future generations.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my support and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support a 90% reduction in mercury emissions from coal combustion facilities by 2008, in order to protect the health of all Indiana residents, ecosystems, and our future generations.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. [redacted] This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- [redacted] our drinking water, surface water, and groundwater.
- [redacted] clean, renewable energy through public policy.
- [redacted] natural lands through conservation programs.
- [redacted] pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my support and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my support and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

Total Raised this Sheet: $ 80

With my support and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

Total Tribs this Sheet: 8
Total Raised this Sheet: $ 105.50

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

Total Raised this Sheet: $ 100

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- Protect and conserve our drinking water, surface water, and groundwater.
- Promote clean, renewable energy through public policy.
- Restore and protect natural lands through conservation programs.
- Enforce pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

Total Raised this Sheet: $ 210

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. [redacted] This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my support and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their poilution costs, and require tough penalties for polluters.
