With my support and donation, I support the alternative route for Interstate 69. ~~I support upgrading Interstate 70 and US 41.~~ This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- ~~Protect and conserve~~ our drinking water, surface water, and groundwater.
- ~~Promote clean,~~ renewable energy through public policy.
- ~~Restore and protect~~ natural lands through conservation programs.
- ~~Enforce pollution~~ laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

Total Raised this Sheet: $ 36.50

With my support and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my support and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my support and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my support and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

Total Raised this Sheet: $ 46.70

With my support and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my support and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my support and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my support and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my support and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my support and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my support and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my support and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

Congressional District: _____
State Rep (House District): _____
State Senator (District): _____

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my support and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my support and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

Total Raised this Sheet: $ 20.00

With my support and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my support and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

Total Raised this Sheet: $ 312.11

With my support and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my support and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

[redacted] I support the alternative route for Interstate 69. [redacted]. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

[redacted] Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- [redacted], surface water, and groundwater.
- [redacted] through public policy.
- [redacted] through conservation programs.
- [redacted] for their pollution costs, and require tough penalties for polluters.

With my support and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my support and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

✱With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

Total Raised this Sheet: $ 140.70

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

[redacted]. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- [redacted] our drinking water, surface water, and groundwater.
- [redacted] clean, renewable energy through public policy.
- [redacted] natural lands through conservation programs.
- [redacted] pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.

With my signature and donation, I support the alternative route for Interstate 69. I support upgrading Interstate 70 and US 41. This alternative will save millions in tax dollars and will protect precious farmland, forests, and wildlife areas.

My contribution also supports Hoosier Environmental Council and the Action Fund's campaigns for programs and laws that:

- **Protect and conserve** our drinking water, surface water, and groundwater.
- **Promote** clean, renewable energy through public policy.
- **Restore and protect** natural lands through conservation programs.
- **Enforce** pollution laws that make polluters pay for their pollution costs, and require tough penalties for polluters.
