

Employer Reporting and Maintenance (ERM) Webinars

Webinars provide users scheduled interactive, educational sessions on how to complete various functions in ERM. Attendees remain at their workstations to watch the presentation but have the ability to pose questions to a live moderator. Webinars will cover the Member Management and Wage and Contribution Management sections of the ERM application. Employers should take at least one Computer-Based Training (CBT) before registering for a webinar. System requirements are available [here](#).

Registration links will be available beginning in July.
