## Report on the Schedules

We have audited the accompanying Schedule of Non-Employer Allocation of the Indiana Public Retirement System Teachers' Pre-1996 Defined Benefit Account (Plan) as of and for the years ended June 30, 2021 and 2020 and the related notes. We have also audited the total for all entities of the columns titled beginning net pension liability, ending net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total pension expense (specified non-employer column totals) included in the accompanying Schedule of Non-Employer Pension Amounts of the Plan as of and for the year ended June 30, 2021 and the related notes. We have also audited the Schedule of Employer Allocation of Special Funding Situation Pension Amounts of the Plan, including the weighted proportionate share factor and the total for all entities of the columns titled employer's share of non-employer contributing entity contributions, employer's share of pension expense, and net pension liability associated with employer (specified special funding situation column totals) included in the Schedule of Employer Allocation of Special Funding Situation Pension Amounts as of and for the year ended June 30, 2021, and the related notes, collectively the Schedules (Schedules).

## Management's Responsibility for the Schedules

Management is responsible for the preparation and fair presentation of these Schedules in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the Schedules that are free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility

Our responsibility is to express opinions on the Schedule of Non-Employer Allocation, the specified nonemployer column totals included in the Schedule of Non-Employer Pension Amounts and the Schedule of Employer Allocation of Special Funding Situation Pension Amounts, including the weighted proportionate share factor and the specified special funding situation column totals included in the Schedule of Employer Allocation of Special Funding Situation Pension Amounts based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Schedule of Non-Employer Allocation, the specified non-employer column totals included in the Schedule of Nonemployer Pension Amounts and the Schedule of Employer Allocation of Special Funding Situation Pension Amounts, including the weighted proportionate share factor and the specified special funding situation column totals included in the Schedule of Employer Allocation of Special Funding Situation Pension Amounts are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Schedule of Non-Employer Allocation, the specified non-employer column totals included in the Schedule of Non-Employer Pension Amounts and the Schedule of Employer Allocation of Special Funding Situation Pension Amounts, including the weighted proportionate share factor and the specified special funding situation column totals included in the Schedule of Employer Allocation of Special Funding Situation Pension Amounts. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Schedule of Non-Employer Allocation, the specified nonemployer column totals included in the Schedule of Non-Employer Pension amounts and the Schedule of

Employer Allocation of Special Funding Situation Pension Amounts, including the weighted proportionate share factor and the specified special funding situation column totals included in the Schedule of Employer Allocation of Special Funding Situation Pension Amounts, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the Schedule of Non-Employer Allocation, the specified non-employer column totals included in the Schedule of Non-employer Pension Amounts and the Schedule of Employer Allocation of Special Funding Situation Pension Amounts, including the weighted proportionate share factor and the specified special funding situation column totals included in the Schedule of Employer Allocation of Special Funding Situation Pension Amounts in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the Schedule of Non-Employer Allocation, the specified non-employer column totals included in the Schedule of Non-Employer Pension Amounts and the Schedule of Employer Allocation of Special Funding Situation Pension Amounts, including the weighted proportionate share factor and the specified special funding situation column totals included in the Schedule of Employer Allocation of Special Funding Situation Pension Amounts.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Opinions

In our opinion, the Schedules referred to above present fairly, in all material respects, the non-employer allocation as of and for the years ended June 30, 2021 and 2020, and the total for the non-employer entity of the columns titled beginning net pension liability, ending net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total pension expense included in the accompanying Schedule of Non-Employer Pension Amounts as of and for the year ended June 30, 2021 and the employer allocation, by weighted proportionate share factor as of and for the year ended June 30, 2021 and the total for the employer entities of the columns titled employer's share of the total non-employer contributing entity contributions, total employer's share of pension expense, and total net pension liability associated with employer included in the accompanying Schedule of Employer Allocation of Special Funding Situation Pension Amounts as of and for the year ended June 30, 2021, in accordance with accounting principles generally accepted in the United States of America.

## Other Matters

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of the Indiana Public Retirement System as of and for the year ended June 30, 2021, and our report thereon, dated December 16, 2021, expressed an unmodified opinion on those financial statements.

## Restriction on Use

Our report is intended solely for the information and use of the management and the Board of Trustees of Indiana Public Retirement System, and System employers and their auditors and is not intended to be, and should not be, used by anyone other than these specified parties.

Teachers' Pre-1996 Defined Benefit Account<br>Notes to the Schedules of Non-Employer Allocation and Non-Employer Pension Amounts and Employer Allocation of Special Funding Situation Pension Amounts<br>Year Ended June 30, 2021

#### Abstract

Summary The purpose of these schedules is to provide the non-employer contributing entity and the Plan's participating employers the information needed for their financial statements as it relates to reporting for Governmental Accounting Standards Board (GASB) Statement No. 68. As of the measurement date, the Schedule of Non-Employer Allocation and Non-Employer Pension Amounts provide the non-employer contributing entity with its proportionate share of thecollective net pension liability, collective deferred outflows and inflows of resources, and collective pensionexpense. The collective net pension liability as of the previous measurement date is provided as a beginning balance. Collective deferred outflows and inflows of resources, and collective pension expense include the non-employer contributing entity's proportionate share of plan level amounts such as differences betweenexpected and actual experience, the net difference between projected and actual investment earnings on pension plan investments and changes in assumptions. Additionally, the Schedule of Allocation of SpecialFunding Situation Pension Amounts provide the participating employers with the amount of the non- employer contributing entity's net pension liability, collective pension expense and non-employer contributions associated with each participating employer.

## Plan Description

The Teachers' Pre-1996 Defined Benefit Account is a pay-as-you-go, cost-sharing, multiple-employer defined benefit pension plan administered by the Indiana Public Retirement System (INPRS). Membership is closed to new entrants. For additional details about this plan, refer to Note 1 - Descriptions of System and Funds in the Annual Comprehensive Financial Report (ACFR) located on the System's webpage.

## Special Funding Situation

GASB Statement No. 68 states that special funding situations are defined as circumstances in which a nonemployer entity is legally responsible for making contributions directly to a pension plan that is used to provide pensions to the employees of another entity or entities and the amount of contribution is not dependent upon one or more events unrelated to pensions. Non-employer contributing entity contributions are appropriated to cover the state's actuarial liability for each member covered by the Teachers' Pre-1996 Defined Benefit Account by the State of Indiana in accordance with IC 5-10.4-2-4. Contributions from a participating employer may occur in specific cases when an active member is paid from federal funds. These contributions are based on a rate which was estimated to be the normal cost for the period covered and all future contributions toward pension benefits are the responsibility of the non-employer contributing entity.

Since participating employers do not contribute directly to the Plan, there is no pension liability or deferred outflows or inflows to report in their respective financial statements. However, the notes to the financial statements must disclose the portion of the non-employer contributing entities' total proportionate share of the collective net pension liability that is associated with each employer in the Plan. In addition, each employer must recognize the pension expense as well as revenue in an amount equal to the non-employer contributing entities' total proportionate share of the collective pension expense associated with the employer.

## Indiana Public Retirement System

## Teachers' Pre-1996 Defined Benefit Account <br> Notes to the Schedules of Non-Employer Allocation and Non-Employer Pension Amounts and Employer Allocation of Special Funding Situation Pension Amounts Year Ended June 30, 2021

## Basis of Allocation

In determining the proportionate share of the net pension liability and corresponding pension amounts for a cost-sharing plan, the basis should be consistent with the manner in which contributions to the Plan are determined, excluding those to separately finance specific liabilities of an individual employer. INPRS has determined that the actual contributions made to the Plan during the fiscal year are appropriate as theyare representative of future contributions.

The basis to determine participating employer's proportionate share of the various pension related amounts associated with the Special Funding Situation is a weighted calculation using a combination of wages reported by employers relative to the collective wages of the plan, and benefits paid to retirees of employers relative to total benefits paid by the plan. The weighted calculation is determined by the non-retirees and retirees respective of net pension liabilities as reported by the actuary based on the Plan's census data as of 2021. This method is utilized as it provides a more equitable distribution so that employers with no active employees continue to report a proportionate share of the pension amounts associated with it. For 2021, the weighted calculation is 30.3 percent for wages and 69.7 percent for benefits paid.

## Collective Net Pension Liability

The components of the collective net pension liability of the non-employer contributing entity as of June 30, 2021 are as follows:

| Total pension liability | $\$ \quad 14,338,188,132$ |
| :--- | ---: | ---: |
| Plan fiduciary net position | $5,074,750,956$ |
| Net pension liability | $\$ \quad 9,263,437,176$ |

## Actuarial Assumptions

The collective total pension liability for the June 30, 2021 measurement date was determined by an actuarial valuation as of June 30, 2020 using member census data as of June 30, 2020. Standard actuarial roll-forward techniques were used to project the total pension liability computed as of June 30, 2020 to the June 30, 2021 measurement date. The valuation was performed using the assumptions in place at the time of the valuation as reported within the System's Annual Comprehensive Financial Report as of June 30, 2021.
For details, please refer to Note 8 of the System's June 30, 2021 ACFR, which can be found on the INPRS website at:
https://www.in.gov/inprs/annualreports.htm

As a result of the Asset Liability Study completed in May 2021, there were changes to many assumptions from the June 30, 2021 and June 30, 2020 reports. For further information reference Appendix $C$ in the TRF '96 Actuarial Valuation report located at:
https://www.in.gov/inprs/files/2020ActuarialReport TRF96.pdf

## Indiana Public Retirement System

## Teachers' Pre-1996 Defined Benefit Account <br> Notes to the Schedules of Non-Employer Allocation and Non-Employer Pension Amounts and Employer Allocation of Special Funding Situation Pension Amounts Year Ended June 30, 2021

Actuarial assumptions that changed which impact the liability are:

- Price inflation was lowered from 2.25 percent per year to 2.00 percent per year.
- The investment return assumption was lowered from 6.75 percent to 6.25 percent.
- The future salary increase assumption changed from 2.75 percent per year to 2.65 percent per year. Future salary increase rates are now in a service-based table ranging from 2.65 percent to 11.90 percent per year.

The following major assumptions remain the same after the experience study:

- Rates of mortality, disability, termination, and retirement.
- Cost of Living adjustment - As a result of legislation, a 1.0 percent cost-of-living adjustment will be paid as of January 1, 2022. Thereafter, the following COLAs, compounded annually, are assumed: 0.4 percent beginning on January 1, 2024, 0.5 percent beginning on January 1, 2034, and 0.6 percent on January 1, 2039.

The change in the collective net pension liability (asset) for fiscal year 2021 is calculated as set forth in the following table:

| Net pension liability - beginning | $\$ 10,307,551,857$ |
| :--- | ---: |
| Total pension expense (income) | $1,131,518,923$ |
| Change in deferred outflows of resources | $(27,810,221)$ |
| Change in deferred inflows of resources | $(2,254,282)$ |
| Employer contributions | $(1,598,375,000)$ |
| Nonemployer contributions | $\$ \quad 9,263,437,176$ |
| Net pension liability (asset) - ending |  |

## Amortization of Collective Deferred Outflows and Inflows of Resources

Annual changes to the net pension liability (asset) resulting from differences between expected and actual experience with regard to economic and demographic factors, and from changes of assumptions about future economic or demographic factors or other inputs are deferred and amortized over the average of the expected service lives of all plan participants.

The average expected remaining service lives of the members of the pension plan are determined by taking the calculated total future service years of the plan divided by the number of people in the plan including retirees. The total future service years of the plan are determined using the mortality, termination, retirement and disability assumptions associated with the plan.

$$

## Indiana Public Retirement System

## Teachers' Pre-1996 Defined Benefit Account <br> Notes to the Schedules of Non-Employer Allocation and Non-Employer Pension Amounts and Employer Allocation of Special Funding Situation Pension Amounts Year Ended June 30, 2021

The average expected remaining service lives is used to amortize all deferred outflows and inflows of resources, except for the difference between expected and actual investment earnings, which is amortized over five years.

## Collective Pension Expense

The components of the collective pension expense, for the year ended June 30, 2021, comprises the following:

| Service cost | 31,512,568 |
| :--- | ---: |
| Interest on the total pension liability | $905,231,673$ |
| Pension plan administrative expenses | $5,039,517$ |
| Projected earnings on plan investments | $(261,195,995)$ |
| Plan amendments | $22,604,566$ |
| Recognition of outflow (inflow) of resources due to amortization | $428,327,069$ |
| Miscellaneous (income)/expense | $(475)$ |
| $\quad$ Total pension expense | $\$ 1,131,518,923$ |

## Additional Actuarial Information

Additional financial and actuarial information required for GASB Statement No. 68 disclosures are available in the INPRS ACFR and the Plan's actuarial valuation report, located on the INPRS website:
https://www.in.gov/inprs/annualreports.htm
https://www.in.gov/inprs/actuarialvaluation.htm
