Fresh ingredients for a healthy retirement

## What is the final date for making election changes to my current Annuity Savings Account (ASA)? When do the changes become effective?

It's your retirement. Take control!

**C**urrently, investment election changes may be made once per quarter and must be received 30 days prior to the start of the next quarter. The cut-off date for TRF to receive investment election changes

for the *current* lineup of ASA investment funds is June 1, 2010. These changes will be effective July 1, 2010, through July 21, 2010.

Open enrollment to select from TRF's *new* investment

options begins July 7, 2010. At this time, you should log in to TRF Interactive to update your elections and select from the new investment options. Detailed information on each of the investment funds available can be found on our Web site.
