

# Understanding Your Quarterly Member Statement

**Y**ou may have noticed the different look of the TRF Member

Statement when you received it in the mail last quarter.

The updated design reflects recent changes to the Annuity Savings Account (ASA) investment funds.

A summary of contributions and account balance information is listed at the top of the statement. Fund activity, asset allocation details, contribution information, beneficiary information and annual interest crediting rates are listed next. The statement also shows current fund selections and asset allocation percentages illustrated in pie-chart form.

The descriptions on the following pages will help you to better understand all of the enhancements that have been made. **Please keep this information for future reference.**

## 1 Total Account Summary

**Beginning Balance:** Shows your ASA balance as of the end of the *previous* quarterly contributions.

**Contributions:** Shows all contributions applied to your ASA as of the reporting period on the statement.

**Earnings/(Loss):** Shows the total amount of earnings and/ or loss applied to your ASA as of the reporting period on the statement.

**Withdrawals/Distributions:** Shows the amount of ASA dollars withdrawn or taken as a distribution, if any.

**Ending Balance:** Shows your total account balance (sum of the lines above) for the reporting period on the statement.

## 2 IRS Notification

This section describes the IRS regulation about withdrawing your ASA, and RSA if applicable, before age 70 1/2.

**Member Statement**  
For the period of Month day, year - Month day, year

**2 IRS Notification**

You are currently receiving your TRF monthly pension benefit; however, you opted to leave your Annuity Savings Account (ASA) and Rollover Savings Account (RSA) money at TRF. The next section of this statement describes your Annuity Savings Account and Rollover Savings Account. You have until age 70.5 to remove this money or you may incur IRS penalties.

## 3 Fund Activity

This section begins with an explanation of the information in the corresponding table that shows your ASA investment activity for the reporting period on the statement. Members who have TRF ASAs and Rollover Savings Accounts (RSAs) will receive statements showing the *combined* fund activity for both accounts.

### Fund Allocation column:

If you have chosen to allocate future contributions separately from your current ASA balance, this column will show where those future contributions are allocated. Funds with a 0.00% indicate you have money in that fund; however, you have chosen not to have any additional monies added (i.e. future contributions from you, your employer or a combination of both) to that fund except natural gains and losses as occurring in the stock market.

**Fund column:** Lists the investment funds to which you have allocated your monies.

**Beginning Balance column:** Shows your account balance, per investment fund, as of the end of the *previous* quarter in this column.

**Contributions column:** Shows the contributions applied to your account, per investment fund, during the reporting period on the statement.

**Transfers/Reallocations column:** Portions of your ASA and RSA that you have transferred or reallocated from one or more investment funds into another during

the reporting period on the statement are shown here, by fund.

**Earnings/(Loss) column:** Shows the earnings or loss, per investment fund, applied to your account during the reporting period on the statement.

**Withdrawals/Distributions column:** If you have taken a distribution of your ASA or RSA, the amount of the withdrawal, per investment fund, will be shown here.

**Ending Balance column:** Shows your ASA balance, per investment fund, after the contributions and earnings/loss have been applied.

## Fund Activity

Your Annuity Savings Account (ASA) consists of a mandatory 3% contribution (which may be paid by your employer), voluntary contributions, and gains/losses on the investments. This balance is yours to keep should you decide to leave your TRF-covered position. If you created a Rollover Savings Account (RSA) by rolling funds from an IRA, 457(b) Deferred Compensation Plan, a 403(b) Annuity or another qualified retirement plan into TRF, this information is also reflected in the balance information below. To view your ASA or RSA balance(s) individually, login to your TRF Interactive account and select My Account, Account Details, Account Balance and then View Balance By Type. The following pie chart shows your allocation by percentage. Information on this statement is for the reporting period of mm/dd/yyyy - mm/dd/yyyy.

\* A Fund Allocation of 0.00% indicates that you have ASA monies allocated to the designated fund, but you have not allocated any further contributions to be directed to this fund. The money currently in that fund will continue to gain/lose, but no additional contributions will be added to this amount. Fund allocations that show a percentage other than 0.00% indicate the percentage increment you have directed to the specific fund for incoming contributions to your ASA.

\*\* You may have a transition account if you have retired or requested a distribution.
