1. A "HAND ON" BREAKDOWN OF DATAMASTER USAGE ...

BRING A DATAMASTER TO THE LECTURE... LET US USE AND SEE HOW ITS SUPPOSED TO BE PROPERLY OPERATED. ~~SEEK~~

Additional Comments: The lectures are too abstract.

There should be corresponding material as the instructor gives the lecture.

There was ^{much} material covered verbally with no corresponding written material in the handouts, (Hennessy)

HARD TO FOLLOW WITHOUT SOME TYPE OF STRUCTURE ... AND

I spent half of the time trying to figure out where the lecture was in corresponding ~~to~~ the written material, (Hennessy) seemed DISORGANIZED *

Comments: Excellent speaker. PP could use more work, but superior to much of what I have seen today.

Topics to Consider for Training Programs

What two (2) topics/subjects/ would you like to see addressed in future IPDC seminars?

1. Comparison of Various Interrogation Techniques - in Great Britain the Reid Technique is not used
2. How to work with HIPAA to get documents.
- 3 Online Resources - Maybe call in someone from School of Informatics in Birmingham.

Additional Comments:

The poorer speakers ~~too~~ here seem not to have spent much time on preparation.
